<p>5A and T9 instalment amount on activity statement adjusted</p> <p>Issue is affecting Online services for agents, PLS and SBR.</p> <p>Added 24/03/2020</p>	<p>This occurs when the varied amount at label T9 does not equal the system calculated value that is based on the amount you have provided at Label T8.</p> <p>You may be required to report an amount at label T9 that is greater than 25%, 50% or 75% of the estimated tax for the income year. To ensure</p>

accurate reporting of PAYG, review the instalment amount before lodging or resubmitting the form.

To work out the correct **T8** amount to use in each quarter:

- For the first quarter in the income year that you are liable to pay an instalment, multiply **T9** by 4.
- For the second quarter in the income year, add quarter 1 and 2 instalment amounts then multiply by 2.
- For the third quarter in the income year, add quarter 1, 2 and 3 instalment amounts, divide by 3 then multiply by 4.
- For the fourth quarter in the income year add quarter 1, 2, 3 and 4 instalment amounts.

This does not take into account any **5B** credits that may have been claimed in previous quarters.

CMN.ATO.IITR.000224 – Tax withheld from Australian Government pensions and allowances incorrect.

Tax withheld amounts from Australian Government pensions or allowances are greater than or equal to the amount of Australian Government pensions. Both amounts must be correct.

Updated 16/08/2024

There are circumstances where Centrelink clients may have payment summaries that include a tax withheld amount greater than the taxable amount. This can be the result of changing payment types during the year or repaying payments that had tax withheld.

If you experience this issue, phone **13 72 86** Fast Key Code **3 1** for further support.

Online services with minimum system requirements

For the best experience when using our online services, your device should meet our minimum system requirements.

These minimum system requirements apply to our online services for:

- individuals and sole traders (accessed through myGov)
- foreign investors
- business
- tax and BAS agents
- non-resident businesses using our simplified online GST registration system.

Check your system

You can quickly check your system and settings using our online services minimum requirements system check.

When accessing our online services using [Digital ID and Relationship Authorisation Manager \(RAM\)](#) or [AUSid](#), additional requirements may apply.

[Check your system](#)

Supported browsers

For the best experience and improved online security, we recommend using one of the supported browsers:

- [Table 1 – for supported desktop browsers](#)
- [Table 2 – for supported mobile browsers.](#)

Table 1: Online services – supported desktop browsers

Browser	Version
Google Chrome 	Current stable version and current Extended Stable Release (ESR) version.
Firefox 	Current stable version and current Extended Stable Release (ESR) version.
Safari (macOS)	Current public version and prior 2 versions.
Microsoft Edge	Current stable version and current Extended Stable Release (ESR) version.

Table 2: Online services – supported mobile browsers

Browser	Version
Mobile Safari (iOS)	Current public version and prior 2 versions.
Chrome for Android	Current public version and prior 2 versions.

Other system requirements

You may also need to check the following settings on your device when accessing our online services.

Table 3: Online services – other system requirements

Setting	Requirement	Notes
JavaScript	Enabled	Update this in your browser settings.
Cookies	Enabled	Update this in your browser settings.
Internet speed	Download > 0.5Mbps	Slow internet speeds may result

		in services running slowly or timing out.
Ad-blocker software	You may need to adjust the settings of your software or browser add-ons to allow our online services to load correctly.	This may involve whitelisting or adding an exception for the ato.gov.au domain.
Anti-virus software		
Browser add-ons		
Network settings (for example, firewalls)	Ensure the ato.gov.au domain is not blocked.	If you don't have access to update these settings (for example, you're using a public computer or wi-fi network), try a different device or a different network.

For help or support meeting these minimum requirements, see [Troubleshooting common errors and issues](#).

Using browser add-ons

Browser add-ons that block ads or trackers may have an unintentional impact on our online services.

For example, some ad-blockers block content based on certain key words (such as 'ad' or 'advertising'). MyTax references occupation types that contain these words, for example, 'advertising manager'. This means that the ad-blocker may misinterpret 'advertising manager' as advertising content and prevent myTax from loading.

Your browser add-on may also identify components of our online services as trackers. Common components we use include:

- **Google analytics/Google tag manager** – we use Google analytics to understand how our online services are being used so we can make improvements as needed. No identifying information is collected (see [Web browsing records – ATO privacy policy](#)).

- **Qualtrics Site Intercept** – we use this to ask you to complete surveys and submit feedback about our online services.
- **Atoonlinecdnstream.azurenet.net** – this isn't a tracker and is required for our online services. You won't be able to use our online services if this is blocked.
- **Omnichannel.atg.gov.au** – this is used to support the webchat feature in myTax.
