## What you can do with this calculator

The demergers calculator helps you to:

Only use the demergers calculator if you meet all of the following criteria:

- you are an Australian resident for tax purposes
- you own shares in a company that undertook an eligible demerger
- you have only one class of shares in the head entity and the demerged entity (for example, all ordinary shares or all partly paid shares)
- your shares are not held in an employee share scheme
- any gain or loss you made on the shares is a capital gain or loss – this means that you held your shares as an investment asset rather than
  - as trading stock
  - as part of carrying on a business, or
  - to make a short-term or one-off commercial gain.

## AMP Ltd demerger

For the AMP Ltd – demerger of HHG PLC, the demergers calculator helps AMP shareholders – who held shares at the time of the AMP Ltd

demerger in October 2003 – to calculate and display the cost-base report for the AMP shares owned after the demerger of HHG PLC and AMP Ltd on 23 December 2003.

The calculator takes into account shares acquired from the:

- demutualisation of AMP on 20 November 1997
- pre-listing purchase on 22 June 1998 for shareholders who participated in the above demutualisation
- dividend reinvestment plans (various from 28 October 1999 to 28 October 2003)
- share purchase plans (various from 15 June 1999 to 18 July 2003)
- AMP rights issue in October 2003.

Other events have happened to AMP shares since this time that will affect the cost-base of these shares.

The calculator only calculates the cost base as it was just after the HHG PLC demerger.
