

Low income superannuation tax offset calculator

Tool to help individuals estimate their entitlement and eligibility for the low income superannuation tax offset.

Last updated 30 June 2020

The low income superannuation tax offset (LISTO) calculator is a tool to help you estimate your eligibility and entitlement for the LISTO.

The calculator estimates your eligibility and entitlement based on the information you provide about your:

- income
- super contributions.

The LISTO calculator contains more detail on the income and super information you will need to provide.

Our commitment to you

We are committed to providing you with accurate, consistent and clear information to help you understand your rights and entitlements and meet your obligations.

If you follow our information and it turns out to be incorrect, or it is misleading and you make a mistake as a result, we will take that into account when determining what action, if any, we should take.

Some of the information on this website applies to a specific financial year. This is clearly marked. Make sure you have the information for the right year before making decisions based on that information.

If you feel that our information does not fully cover your circumstances, or you are unsure how it applies to you, contact us or seek professional advice.
