

# Application for a single movement permission (non-export)

## WHEN TO USE THIS APPLICATION

Use this application to apply for a single movement of goods from one licensed site to another if both of the following apply:

- they are excisable or excise equivalent goods (EEGs)
- no excise or customs duty has been paid on the goods.

You should also use this application to move other customizable goods underbond if the owner deals with EEGs. If the owner doesn't deal with EEGs, you will need to apply to the Australian Customs and Border Protection Service.

## DEFINITIONS

**Excisable** (Australian-manufactured) or **excise equivalent** (imported) goods are the following goods on which excise or customs duty has not been paid:

- alcohol or alcoholic products (excluding domestic wine)
- fuel and petroleum products
- tobacco products.

By **fuel and petroleum products**, we mean goods such as:

- crude oil and condensate
- petroleum fuels – such as petrol, diesel
- bio-fuels – such as biodiesel, ethanol
- solvents – such as white spirits, mineral turpentine
- lubricants – such as oils and greases
- gaseous fuels – such as liquefied petroleum gas (LPG), liquefied natural gas (LNG) and compressed natural gas (CNG).

**Other customizable goods** are all other imported goods that are subject to customs duties, including customizable wine products.

**Underbond goods** are goods on which excise or customs duty has not been paid.

The owner **deals with EEGs** for movement permission purposes if they own the underbond goods to be moved and any one of the following applies:

- the goods to be moved are EEGs
- the goods to be moved are stored in a customs warehouse licensed by us
- they have a customs periodic settlement permission
- they hold a customs warehouse licence to store EEGs.

We will only grant permission to move underbond goods to the owner of the goods or to an agent acting on behalf of the owner. It is a condition of approving the movement that ownership of the goods is not transferred during the movement.

The permission holder is responsible for any unaccounted losses and liable for an amount equivalent to the duty on those goods until the goods are accepted by the receiving premises. In the case of customizable goods, the permission holder will also be liable for any goods and services tax (GST), luxury car tax (LCT) and wine equalisation tax (WET) applicable to goods that cannot be properly accounted for.
