

Schedule 2 – Tax table for individuals working in the horticultural or shearing industry

This schedule applies to payments made from 1 July 2026.

Using this schedule

This withholding schedule is made by the Commissioner of Taxation in accordance with sections 15–25 and 15–30 of Schedule 1 to the *Taxation Administration Act 1953* (TAA). It applies to withholding payments covered by section 12–35 of Schedule 1 to the TAA.

Use this schedule if you make payments to individuals in the horticultural industry who:

- work in any process associated with the production, cultivation or harvest of a horticultural crop
- perform the process on the grower's property
- do not work for the same grower for a continuous period exceeding 6 months
- have given you a valid *Tax file number declaration* and have claimed the tax-free threshold.

This schedule is also used if you make payments to individuals in the shearing industry who:

- work as shearers, crutchers, wool classers, cooks, shed hands or pressers
- do not work for the same woolgrower for a continuous period exceeding 6 months
- have given you a valid *Tax file number declaration* (NAT 3092) and have claimed the tax-free threshold.

For all other circumstances, use the relevant PAYG withholding weekly or fortnightly tax table.

For a full list of tax tables, visit our website at ato.gov.au/taxtables

If you employ individuals under a working holiday makers visa, you must use *Schedule 15 – Tax table for working holiday makers* (NAT 75331).

If you employ individuals under a Seasonal Worker Programme, Pacific Labour Scheme or Pacific Australia Labour Mobility (PALM) scheme, this schedule does not apply. Go to:

- *Seasonal Worker Programme and Pacific Labour Scheme* (QC 25161) for withholding rates for individuals employed under those schemes
- *Employers of PALM scheme workers* (QC 69195) for withholding rates for individuals employed in that scheme.

Working out the withholding amount

To work out the amount you need to withhold:

1. Find your worker's total earnings in column 1 (ignoring any cents).
2. Use the appropriate column to find the correct amount to withhold
 - **column 2** if the resident worker has given you a TFN
 - **column 3** if the resident worker has not given you a TFN
 - **column 4** if the foreign resident worker has given you a TFN
 - **column 5** if the foreign resident worker has not given you a TFN.

When using this schedule **do not**:

- withhold an amount for study and training support loans
- adjust the withholding amount for a worker who is claiming a Medicare levy exemption or reduction, or a tax offset.

These adjustments do not apply to this schedule.

Example: working out the withholding amount

A worker has earnings of \$231.50.

To work out the correct amount to withhold, ignore cents, use column 1, and find \$231.

If the worker is a:

- resident and has given you a TFN, use column 2 to find the correct amount to withhold (\$30)
- resident and has not given you a TFN, use column 3 to find the correct amount to withhold (\$108)
- foreign resident and has given you a TFN, use column 4 to find the correct amount to withhold (\$69)
- foreign resident and has not given you a TFN, use column 5 to find the correct amount to withhold (\$103).

Resident workers

The standard rate of withholding of 13% applies if a worker has given you a valid TFN and you withhold amounts using the figures shown in column 2 of this schedule.

If the worker has not given you a valid TFN, you must withhold amounts using the figures shown in column 3 of this schedule.

When your worker is a foreign resident

If your worker has answered that they are a foreign resident for tax purposes on their *Tax file number declaration*, you will need to use the foreign resident tax rates.

There are 2 ways you can withhold from a foreign resident's earnings:

- If they have given you a valid TFN, you must withhold amounts using the figures shown in column 4 of this schedule.
- If they have not given you a valid TFN, you must withhold at 45% using the figures in column 5 of this schedule.

Pay period

The withholding rates in this schedule apply irrespective of the pay period.

Using a formula

The withholding amounts shown in this schedule can be expressed in mathematical form.

If you have developed your own payroll or accounting software package, use the formulas and coefficients outlined below.

The formulas comprise linear equations of the form $y = ax$, where:

- **y** is the amount to be withheld expressed in dollars
- **x** is earnings for the pay period, ignoring any cents
- **a** is the value of the coefficient as shown in Table A.

Table A: Withholding rates

Has the worker provided their TFN?	Resident (a)	Foreign resident (a)
TFN provided	0.13	0.30
TFN not provided	0.47	0.45

Rounding of withholding amounts

The withholding amounts calculated as a result of applying the formulas should be rounded to the nearest dollar. Results ending in 50 cents are rounded up to the next dollar. Do this rounding directly – that is, do not make a preliminary rounding to the nearest cent. Where a worker has not provided a TFN, ignore any cents in the result.

Software

Payroll or accounting software written in accordance with the formulas in this schedule should be tested for accuracy. The results obtained when using the coefficients in this schedule may differ slightly from the amounts shown in the PAYG tax tables. The differences result from the rounding of components. Withholding calculated using either method is accepted.

Tax file number (TFN) declarations

The answers your workers provide on their *Tax file number declaration* (NAT 3092) help determine the amount you need to withhold from their payments. A *Tax file number declaration* applies to any payments made after you receive the declaration. If you receive an updated declaration from a worker, it will override the previous one.

If a worker does not give you a valid *Tax file number declaration* within 14 days of starting a payer/payee relationship, you must tell us by:

- providing employment and tax information about your payee in your STP Phase 2 reporting (ato.gov.au/tp2guide) and including the applicable tax treatment code beginning in 'N', or
- completing a *Tax file number declaration* form with all available details of the payee and sending it to us.

When a TFN has not been provided

You must withhold 47% from any payment you make to a resident worker and 45% from a foreign resident worker (ignoring any cents), if all of the following apply:

- they have not quoted their TFN
- they have not claimed an exemption from quoting their TFN
- they have not advised you that they have applied for a TFN or have made an enquiry with us.

If a worker states at question 1 of the *Tax file number declaration* that they have lodged a *Tax file number – application or enquiry for individuals* (NAT 1432) with us, they have 28 days to provide you with their TFN.

If a worker has not given you their TFN within 28 days, you must withhold 47% from any payment you make to a resident worker and 45% from a foreign resident worker (ignoring any cents) unless we tell you not to.

Do not allow for any tax offsets or Medicare levy adjustment. Do not withhold any amount for study and training support loans.

Varying PAYG withholding

If your worker believes that, for their circumstances, the amount you withhold will be too much, they may apply to us for a variation to reduce the amount of withholding.

For more information, your worker can refer to *Varying your PAYG withholding* (QC 19428).
