## **SCHEDULE 19** **PAY AS YOU GO (PAYG) WITHHOLDING**

# **Student Financial Supplement Scheme (SFSS) monthly tax table**

Including statement of formulas.

**FOR PAYMENTS MADE ON  
OR AFTER 1 JULY 2007.**

This document is a withholding schedule made by the Commissioner of Taxation in accordance with sections 15–25 and 15–30 of Schedule 1 to the *Taxation Administration Act 1953*. It applies to withholding payments covered by Subdivisions 12–B (except sections 12–50 and 12–55), 12–C (except sections 12–85 and 12–90) and 12–D of Schedule 1.

For more information visit [www.ato.gov.au](http://www.ato.gov.au)

## WHO SHOULD USE THIS TABLE?

Use this table if you make payments to a payee monthly, and the payee has provided you with a *Tax file number declaration* or *Withholding declaration* and has:

- answered 'Yes' to the question 'Do you have an accumulated Financial Supplement debt?'
- not applied, due to low family income, for an exemption or reduction of the Medicare levy on a *Medicare levy variation declaration*, and
- claimed the tax-free threshold with monthly earnings of \$3,315 or more, or
- not claimed the tax-free threshold with monthly earnings of \$1,941.33 or more.

The SFSS component is to be withheld from all earnings, including taxable allowances, bonuses and commissions. Do not withhold any amount for SFSS from lump sum termination payments.

## HOW TO WORK OUT WITHHOLDING AMOUNTS

- 1 Use the appropriate monthly tax table to calculate the monthly withholding amount for the payee's earnings, allowing for any tax offsets or family tax benefit claimed.
- 2 Use this SFSS monthly tax table to calculate the SFSS component to be withheld.
- 3 Add the SFSS component to the withholding amount. Withhold the result from the payee's earnings.
- 4 If the payee also has a Higher Education Loan Programme (HELP) debt, add the HELP component (calculated using the HELP tax tables) as well as the SFSS component to the amounts to be withheld. Withhold the result from the payee's earnings.

## HOW TO FIND THE SFSS COMPONENT IN THE FOLLOWING TABLE

Find the payee's monthly earnings in **column 1** (ignoring any cents) and use the appropriate column to find the SFSS component. If the exact amount is not shown, use the nearest lower figure.

If the payee is claiming the tax-free threshold, use **column 2**. If the payee is not claiming the tax-free threshold, use **column 3**.

### EXAMPLE

The payee has claimed the tax-free threshold and has monthly earnings of \$3,722.12. Ignoring cents, use the nearest lower figure and find \$3,718.00 in column 1. The SFSS component in column 2 is \$74.00.

## USING FORMULAS

Withholding amounts shown in this table can be expressed in a mathematical form. If you have developed your own payroll software package, you can use the formulas and coefficients outlined below.

To calculate the monthly SFSS component, you must first calculate the rounded weekly SFSS component.

The formulas comprise linear equations of the form  $y = ax$ , where:

- **y** is the weekly SFSS component
- **x** is the weekly earnings rounded down to whole dollars plus 99 cents, and
- the value of the coefficient **a** is as shown in the following tables.

## Tax-free threshold claimed

Weekly earnings — x \$	Component rate — a %
0 – 764.99	0
765.00 – 939.99	2
940.00 – 1,333.99	3
1,334.00 & over	4

## No tax-free threshold claimed

Weekly earnings — x \$	Component rate — a %
0 – 447.99	0
448.00 – 622.99	2
623.00 – 1,016.99	3
1,017.00 & over	4

## CALCULATING THE MONTHLY COMPONENT

First calculate the weekly equivalent of monthly earnings by obtaining the sum of the monthly earnings subject to withholding – if the result is an amount ending in 33 cents, add 1 cent – and multiply this amount by 3/13. Ignore any cents in the result and add 99 cents.

Determine the rounded weekly SFSS component applicable to the weekly equivalent of earnings by applying the above formulas. Then multiply the result by 13/3 and round to the nearest dollar to determine the monthly SFSS component.

## ROUNDING OF COMPONENT AMOUNTS

Component amounts calculated as a result of applying the above formulas should be rounded to the nearest dollar. Values ending in exactly 50 cents are rounded to the next higher dollar. Do this rounding directly – that is, do not make a preliminary rounding to the nearest cent.

### EXAMPLE

Payee has claimed the tax-free threshold and has monthly earnings of \$4,397.20.

Weekly equivalent of \$4,397.20 = \$1,014.99 (\$4,397.20 × 3/13, ignoring cents in the result and then adding 99 cents).

Weekly SFSS component = \$1,014.99 × 3% = \$30.00 rounded to the nearest dollar.

Monthly SFSS component = \$130.00 (\$30.00 × 13/3, rounded to the nearest dollar).

## ACCOUNTING SOFTWARE

Software written in accordance with the formulas in this schedule should be tested for accuracy against the table in the following pages. You should only use such software if it produces the exact amounts shown in the table.
