250-C	Denial of, or reduction in, capital allowance deductions

250-F	Treatment of asset when Division ceases to apply to the asset
250-G	Objections against determinations and decisions by the Commissioner

Guide to Division 250

250-1 What this Division is about

This Division denies or reduces certain capital allowance deductions that would otherwise be available to you in relation to an asset if the asset is put to a tax preferred use in certain circumstances.

If the capital allowance deductions are denied or reduced, certain financial benefits in relation to the tax preferred use of the asset are

assessed only to the extent of a notional gain component. This component is worked out on the basis of treating the arrangements under which the asset is put to a tax preferred use, and financial benefits are provided in relation to that tax preferred use, as a loan. Subdivision 250-E then applies to determine the amounts that are to be assessed.

Subdivision 250-A—Objects

- (b) if your capital allowance deductions are denied or reduced, to treat the *arrangement for the tax preferred use of the asset as a loan that is taxed as a financial arrangement (on a compounding accruals basis).

250-15 General test

This Division applies to you and an asset at a particular time if:

- (a) the asset is being *put to a tax preferred use; and

- (b) the *arrangement period for the *tax preferred use of the asset is greater than 12 months; and
- (c) *financial benefits in relation to the tax preferred use of the asset have been, will be or can reasonably be expected to be, *provided to you (or a *connected entity) by:
 - (i) a *tax preferred end user (or a connected entity); or
 - (ii) any *tax preferred entity (or a connected entity); or
 - (iii) any entity that is not an Australian resident; and
- (d) disregarding this Division, you would be entitled to a *capital allowance in relation to:
 - (i) a decline in the value of the asset; or
 - (ii) expenditure in relation to the asset; and
- (e) you lack a *predominant economic interest in the asset at that time.

250-20 First exclusion—small business entities

This Division does not apply to you and an asset if:

- (a) you are a *small business entity for the income year in which the *arrangement period for the *tax preferred use of the asset starts; and
- (b) you choose to deduct amounts under Subdivision 328-D for the asset for that income year.

250-25 Second exclusion—financial benefits under minimum value limit

- (1) This Division does not apply to you and an asset that is being *put to a tax preferred use under a particular *arrangement if, at the start of the *arrangement period, the total of the nominal values of all the *financial benefits that have been, or will be or can reasonably be expected to be, provided to you (or a *connected entity):
 - (a) by *members of the tax preferred sector; and
 - (b) in relation to the *tax preferred use of the asset or any other asset that is being, or is to be, put to a tax preferred use under the arrangement;does not exceed \$5 million.
- (2) The amount referred to in subsection (1) is indexed annually.

Note: Subdivision 960-M shows you how to index amounts.

250-30 Third exclusion—certain short term or low value arrangements

Certain short term or low value arrangements generally excluded

- (1) This Division does not apply to you and an asset that is being *put to a tax preferred use under a particular *arrangement if:
- (a) the *arrangement period for the *tax preferred use of the asset does not exceed:
 - (i) 5 years if the asset is real property and the tax preferred use of the asset is a lease; or
 - (ii) 3 years in any other case; or
 - (b) at the start of the arrangement period, the total of the nominal values of all the *financial benefits that have been, will be or can reasonably be expected to be, provided to you (or a *connected entity):
 - (i) by *members of the tax preferred sector; and
 - (ii) in relation to the tax preferred use of the asset or any other asset that is being, or is to be, put to a tax preferred use under the arrangement;does not exceed:
 - (iii) \$50 million if the asset is real property and the tax preferred use of the asset is a lease; or
 - (iv) \$30 million in any other case; or
 - (c) at the start of the arrangement period, the total of the values of all the assets that are put to a tax preferred use under the arrangement does not exceed:
 - (i) \$40 million if the asset is real property and the tax preferred use of the asset is a lease; or
 - (ii) \$20 million in any other case.

This subsection has effect subject to section 250-35.

- (2) The amounts referred to in paragraphs (1)(b) and (c) are indexed annually.

Note: Subdivision 960-M shows you how to index amounts.

250-35 Exceptions to section 250-30

Debt interests

- (1) Section 250-30 does not apply if the *arrangement (either alone or together with any arrangement in relation to the *tax preferred use of the asset or the provision of *financial benefits in relation to the tax preferred use of the asset) is a *debt interest.
- (2) In applying subsection (1), disregard subsection 974-130(4).

Member of tax preferred sector having certain rights in relation to the asset

- (3) Section 250-30 does not apply if:
 - (a) a *member of the tax preferred sector has:
 - (i) a right, obligation or contingent obligation to purchase or acquire the asset or a legal or equitable interest in the asset; or
 - (ii) a right to require the transfer of the asset or a legal or equitable interest in the asset; or
 - (iii) a residual or reversionary interest in the asset that will arise or become exercisable at or after the end of the *arrangement period; and
 - (b) the consideration for the purchase, acquisition or transfer of the right, obligation or interest is not fixed as the *market value of the asset at the time of the purchase, acquisition or transfer.

To avoid doubt, this subsection does not apply to the asset merely because your interest in the asset is one that ceases to exist after the passage of a particular period of time.

Member of tax preferred sector providing financing

- (4) Section 250-30 does not apply if a *member of the tax preferred sector provides financing, or support for financing, in relation to your interest in the asset (including by way of a loan, a guarantee, an indemnity, a security, hedging or undertaking to provide *financial benefits in the event of the termination of an *arrangement).

Finance leases, non-cancellable operating leases, service concessions and similar arrangements

- (5) Section 250-30 does not apply if an *arrangement in relation to the *tax preferred use of the asset, or the provision of *financial benefits in relation to the tax preferred use of the asset, is or involves:
- (a) a finance lease; or
 - (b) a non-cancellable operating lease; or
 - (c) a service concession or similar arrangement;
- that generally accepted accounting principles, as in force at the start of the *arrangement period, require to be included as an asset or a liability in your balance sheet.

Financial benefits irregular, not based on comparable market-based rates or not reflecting value of tax preferred use of asset

- (6) Section 250-30 does not apply if the *financial benefits that have been, or are to be provided, to you (or a *connected entity) by *members of the tax preferred sector in relation to the *tax preferred use of the asset:
- (a) are not provided on a regular periodic basis (and at least annually); or
 - (b) are not based on comparable market-based rates; or
 - (c) do not reflect the value of the tax preferred use of the asset.

Special rules if tax preferred use is a lease or hire of the asset

- (7) If the *tax preferred use of the asset is a lease or hire of the asset (or the use of the asset under a lease or hire arrangement), section 250-30 does not apply if:
- (a) the asset is so specialised that the *end user could not carry out one or more of its functions effectively without the asset; and
 - (b) you would be unlikely to be able to re-lease, re-hire or resell the asset to another person who is not a *member of the tax preferred end user group.

Note: For particular arrangements that are treated as leases, see section 250-80.

Special rules if tax preferred use is not a lease or hire of the asset

- (8) If the *tax preferred use of the asset is not the lease or hire of the asset (or the use of the asset under a lease or hire arrangement), section 250-30 does not apply if:
- (a) a *member of the tax preferred sector has a right, if particular circumstances occur, to manage, or to assume control over, the asset (other than temporarily for the purpose of ensuring public health or safety, protecting the environment or continuing the supply of an essential service); or
 - (b) the asset is so specialised that it is unlikely that it could effectively be put to any use other than the tax preferred use; or
 - (c) neither you (nor a *connected entity) has effective day to day control and physical possession of the asset.

Note: For particular arrangements that are treated as leases, see section 250-80.

250-40 Fourth exclusion—sum of present values of financial benefits less than amount otherwise assessable

- (1) This Division does not apply to you and an asset that is being *put to a tax preferred use under a particular *arrangement if, when that *tax preferred use of the asset starts, the Division 250 assessable amount is less than the alternative assessable amount.
- (2) For the purposes of subsection (1), the ***Division 250 assessable amount*** is the sum of the present values of all the amounts that would be likely to be included in your assessable income under this Division in relation to the *tax preferred use of the asset if this Division applied to you and the asset.
- (3) This is how to work out the ***alternative assessable amount*** for the purposes of subsection (1):

Method statement

Step 1. Add up the present values of the amounts that would be included in your assessable income in relation to the *financial benefits *provided in relation to the tax preferred use of the asset during the *arrangement period if this Division did not apply to you and the asset.

Step 2. Add up the present values of the amounts that you would be able to deduct in relation to the asset, or expenditure in relation to the asset, under Division 40 or Division 43 in relation to the *arrangement period if this Division did not apply to you and the asset.

Step 3. Deduct the amount obtained in Step 2 from the amount obtained in Step 1. The result is the ***alternative assessable amount***.

- (4) To avoid doubt, the amounts referred to in subsections (2) and (3) are all the amounts that would be likely to be included in your assessable income, or deducted, for all the income years during the whole, or a part, of which the asset is *put to the tax preferred use.
- (5) The point in time to be used in determining, for the purposes of this section:
- (a) the present value of an amount that is included in your assessable income for an income year; or
 - (b) the present value of an amount that you would be able to deduct for an income year;
- is the end of the income year.

250-45 Fifth exclusion—Commissioner determination

This Division does not apply to you and an asset at a particular time if:

- (a) you request the Commissioner to make a determination under this subsection; and
- (b) the Commissioner determines that it is unreasonable that the Division should apply to you and the asset at that time, having regard to:
 - (i) the circumstances because of which this Division would apply to you and the asset; and
 - (ii) any other relevant circumstances.

Tax preferred use of asset

250-50 End user of an asset

- (1) An entity (other than you) is an **end user** of an asset if the entity (or a *connected entity):
 - (a) uses, or effectively controls the use of, the asset; or
 - (b) will use, or effectively control the use of, the asset; or
 - (c) is able to use, or effectively control the use of, the asset; or
 - (d) will be able to use, or effectively control the use of, the asset.
- (2) The control referred to in subsection (1) may be direct or indirect.
- (3) For the purposes of subsection (1), disregard any temporary control of the asset that is for the purpose of ensuring public health or safety, protecting the environment or continuing the supply of an essential service.
- (4) To avoid doubt, an entity is taken to be an **end user** of an asset if the entity (or a *connected entity) holds rights as a lessee under a lease of the asset.

Note: For particular arrangements that are treated as leases, see section 250-80.

250-55 Tax preferred end user

An *end user of an asset is a **tax preferred end user** if:

- (a) the end user (or a *connected entity) is a *tax preferred entity; or
- (b) the end user is an entity that is not an Australian resident.

250-60 Tax preferred use of an asset

- (1) An asset is **put to a tax preferred use** at a particular time if:
 - (a) an *end user (or a *connected entity) holds, at that time, rights as lessee under a lease of the asset; and
 - (b) either or both of the following subparagraphs is satisfied at that time:
 - (i) the asset is, or is to be, used by or on behalf of an end user who is a *tax preferred end user because of paragraph 250-55(a) (tax preferred entity);

Schedule 1 Tax preferred entities (asset financing)
Part 1 Main amendments

- (ii) the asset is, or is to be, used wholly or principally outside Australia and an end user of the asset is a tax preferred end user because of paragraph 250-55(b) (non-resident).

If this subsection applies, the *tax preferred use* of the asset is the lease referred to in paragraph (a).

Note: For particular arrangements that are treated as leases, see section 250-80.

- (2) An asset is also *put to a tax preferred use* at a particular time if:
 - (a) at that time the asset is, or is to be, used (whether or not by you) wholly or partly in connection with:
 - (i) the production, supply, carriage, transmission or delivery of goods; or
 - (ii) the provision of services or facilities; and
 - (b) either or both of the following subparagraphs is satisfied at that time:
 - (i) some or all of the goods, services or facilities are, or are to be, produced for or supplied, carried, transmitted or delivered to or for an *end user who is a *tax preferred end user because of paragraph 250-55(a) (tax preferred entity) but is not an *exempt foreign government agency;
 - (ii) the asset is, or is to be, used wholly or principally outside Australia and an end user of the asset is a tax preferred end user because of paragraph 250-55(b) (non-resident).

If this subsection applies, the *tax preferred use* of the asset is the production, supply, carriage, transmission, delivery or provision referred to in paragraph (a).

- (3) To avoid doubt, the *facilities* referred to in subsection (2) include:
 - (a) hospital or medical facilities; or
 - (b) prison facilities; or
 - (c) educational facilities; or
 - (d) *land transport facilities; or
 - (e) other transport facilities; or
 - (f) the supply of water, gas or electricity; or
 - (g) housing or accommodation; or

- (h) premises from which to operate a *business or other undertaking.
- (4) If the asset is being *put to a tax preferred use:
 - (a) the **members of the tax preferred end user group** are:
 - (i) the *tax preferred end user; and
 - (ii) the *connected entities of the tax preferred end user; and
 - (b) the **members of the tax preferred sector** are:
 - (i) the tax preferred end user (and connected entities); and
 - (ii) any *tax preferred entity (or a connected entity); and
 - (iii) any entity that is not an Australian resident.

250-65 Arrangement period for tax preferred use

Start of the arrangement period

- (1) The **arrangement period** for a particular *tax preferred use of an asset starts when that tax preferred use of the asset starts.

End of the arrangement period

- (2) Subject to subsection (3), the **arrangement period** for a particular *tax preferred use of an asset is taken to end on the day that is the date on which the tax preferred use of the asset may reasonably be expected, or is likely, to end.
- (3) The **arrangement period** for the *tax preferred use of the asset ends when this Division ceases to apply to you and the asset if that happens before the day referred to in subsection (2).
- (4) In determining when a particular *tax preferred use of an asset is likely to end:
 - (a) regard must be had to:
 - (i) the terms of, and any other circumstances relating to, any *arrangement dealing with that tax preferred use of the asset; and
 - (ii) the terms of, and any other circumstances relating to, any arrangement dealing with the *provision of *financial benefits in relation to that tax preferred use of the asset; and

- (b) it must be assumed that any right that an entity has to renew or extend such an arrangement will not be exercised (unless it is reasonable to assume that the right will be exercised because of the commercial consequences for the entity (or a *connected entity) of not exercising the right).

Tax preferred uses of asset by entity and connected entity

- (5) For the purposes of this section:
- (a) the *tax preferred use of an asset by an entity; and
 - (b) the tax preferred use of the asset by a *connected entity of that entity;
- are taken to constitute a single tax preferred use of the asset.

250-70 New tax preferred use at end of arrangement period if tax preferred use continues

If:

- (a) this Division applies to you and an asset because the asset is *put to a tax preferred use; and
- (b) the *arrangement period for the *tax preferred use of the asset ends on a particular date (the *termination date*); and
- (c) the asset continues to be put to the tax preferred use after the termination date;

the tax preferred use of the asset after the termination date is taken to be a separate and distinct tax preferred use of the asset from the tax preferred use of the asset before the termination date.

Note: This means, among other things, that there is a new arrangement period for the tax preferred use after the termination date and that the arrangement is retested under section 250-15 against circumstances as they stand immediately after the termination date.

250-75 What constitutes a separate asset for the purposes of this Division

- (1) This Division applies to:
- (a) an improvement to land; or
 - (b) a fixture on land;
- whether the improvement or fixture is removable or not, as if it were an asset separate from the land.

- (2) Whether a particular composite item is itself an asset or whether its components are separate assets is a question of fact and degree which can only be determined in the light of all the circumstances of the particular case.

Example 1: A car is made up of many separate components, but usually the car is an asset rather than each component.

Example 2: A floating restaurant consists of many separate components (like the ship itself, stoves, fridges, furniture, crockery and cutlery), but usually these components are treated as separate assets.

- (3) This Division applies to a renewal or extension of an asset that is a right as if the renewal or extension were a continuation of the original right.
- (4) This Division applies to an asset (the *underlying asset*) in which:
- (a) you have an interest; and
 - (b) one or more other entities also have an interest;
- as if your interest in the underlying asset were itself the underlying asset.

250-80 Treatment of particular arrangements in the same way as leases

This Division applies to an *arrangement that:

- (a) in substance or effect, depends on the use of a specific asset that is:
 - (i) real property; or
 - (ii) goods or a personal chattel (other than money or a money equivalent); and
- (b) gives a right to control the use of the asset (other than temporarily for the purpose of ensuring public health or safety, protecting the environment or continuing the supply of an essential service); and
- (c) is not a lease;

in the same way as it applies to a lease.

Note: Even if this section applies to treat an arrangement in relation to an asset as a lease, the requirements in section 250-50 still need to be satisfied before an entity can be an end user of the asset.

Financial benefits in relation to tax preferred use

250-85 Financial benefits in relation to tax preferred use of an asset

- (1) For the purposes of this Division, the **financial benefits provided in relation to a tax preferred use of an asset* include (but are not limited to):
 - (a) a financial benefit provided in relation to:
 - (i) bringing the asset into a state, condition or location in which it can be **put* to the tax preferred use; or
 - (ii) the start of the **tax preferred use* of the asset; and
 - (b) a financial benefit provided in relation to the end of the tax preferred use of the asset; and
 - (c) a financial benefit provided in relation to the termination or expiration of an **arrangement* that deals with:
 - (i) the tax preferred use of the asset; or
 - (ii) the provision of financial benefits in relation to the tax preferred use of the asset; and
 - (d) a financial benefit provided in relation to the purchase or acquisition of the asset by, or transfer of the asset to, the **tax preferred end user* (or a **connected entity*).
- (2) Without limiting paragraph (1)(b), if the asset has a **guaranteed residual value*:
 - (a) the amount of the guaranteed residual value is taken to be a **financial benefit provided in relation to the tax preferred use of the asset*; and
 - (b) that financial benefit is taken to be provided when the relevant payment is made in relation to the guaranteed residual value.
- (3) The asset has a *guaranteed residual value* if there is an **arrangement* that provides to the effect that if:
 - (a) on or after the end of the **arrangement period*, you (or a **connected entity*) sell or otherwise dispose of the asset to any person; and
 - (b) you (or a connected entity) receives in respect of the sale or disposal:
 - (i) no consideration; or

- (ii) consideration that is less than an amount (the ***guaranteed amount***) specified in, or ascertainable under, the provision;
- a *member of the tax preferred sector will pay to you (or a connected entity), or to someone else for your benefit (or for the benefit of a connected entity), an amount equal to:
- (c) the guaranteed amount if subparagraph (b)(i) applies; or
 - (d) the amount by which the guaranteed amount exceeds the consideration if subparagraph (b)(ii) applies.
- The amount of the guaranteed residual value is taken to be the guaranteed amount.
- (4) If:
- (a) an asset is *put to a tax preferred use; and
 - (b) an entity is an *end user of the asset because the entity manages the asset or the use to which the asset is put;
- any *financial benefit that the entity (or a *connected entity) provides that is calculated by reference to the receipts, revenue or income generated by the use of the asset is also taken to be a financial benefit ***provided in relation to the tax preferred use of the asset***.
- (5) For the purposes of this Division (other than this subsection), a *financial benefit provided by a *member of the tax preferred sector is taken not to be ***provided in relation to the tax preferred use of an asset*** to the extent to which the financial benefit merely passes on, or represents:
- (a) financial benefits provided in relation to the use of the asset;
 - or
 - (b) something derived from the use of the asset;
- by someone who is not a member of the tax preferred sector.
- (6) For the purposes of this Division, disregard a *financial benefit *provided in relation to the tax preferred use of the asset to the extent to which it consists solely of routine maintenance of the asset.
- (7) For the purposes of this Division, if a *financial benefit is provided in relation to the use of a number of assets, a separate financial benefit of an amount or value that is reasonably attributable to each asset is taken to be provided in relation to each asset.

- (8) To avoid doubt, a *financial benefit may be *provided in relation to a tax preferred use of an asset* even though it is provided before the *tax preferred use of the asset starts.
- (9) For the purposes of this Division:
- (a) a *financial benefit that is not an amount:
 - (i) is taken to become due and payable when the entity providing the financial benefit becomes liable to provide the financial benefit; and
 - (ii) is taken to be paid when it is provided; and
 - (b) a financial benefit that is paid without becoming due and payable is taken to have become due and payable on the day on which it was paid.

250-90 Financial benefit provided directly or indirectly

For the purposes of this Division, a person (the *provider*) is taken to provide a *financial benefit to a person (the *recipient*) in relation to a *tax preferred use of an asset whether the financial benefit is provided to the recipient:

- (a) directly; or
- (b) indirectly (including indirectly through an entity that is not a *connected entity of the recipient and is not a connected entity of the provider).

250-95 Expected financial benefits in relation to an asset put to tax preferred use

For the purposes this Division, the *expected financial benefits* at a particular time in relation to an asset that is *put to a tax preferred use are the *financial benefits that, at that time:

- (a) have been; or
- (b) will, assuming normal operating conditions, be; or
- (c) can, assuming normal operating conditions, reasonably be expected to be;

*provided in relation to the tax preferred use of the asset by a *member of the tax preferred sector to someone who is not a member of the tax preferred sector.

Note: Paragraphs 250-85(1)(b), (c) and (d) provide for certain benefits provided in relation to the end of the tax preferred use of the asset or in relation to the purchase, disposal or transfer of the asset to be

treated as financial benefits provided in relation to the tax preferred use of the asset.

250-100 Present value of financial benefit that has already been provided

For the purposes of this Division, the *present value* of a *financial benefit at a particular time is the nominal amount or value of the financial benefit if the financial benefit has been provided before that time.

Discount rate to be used in working out present values

250-105 Discount rate to be used in working out present values

- (1) For the purposes of section 250-40, the discount rate to be used in working out the present value of a future amount is:
 - (a) the average, expressed as a decimal fraction, of the assessed secondary market yields in respect of 10-year non-rebate Treasury bonds published by the Reserve Bank during the *financial year in which the relevant *arrangement period starts; or
 - (b) if no assessed secondary market yield in respect of bonds of that kind was published by the Reserve Bank during the year—the decimal fraction determined by the Treasurer for the purposes of the definition of long-term bond rate in section 2 of the *Petroleum Resource Rent Tax Assessment Act 1987* in relation to the financial year in which the relevant arrangement period starts.
- (2) For the purposes of section 250-135 and Subdivisions 250-C and 250-D, the discount rate to be used in working out the present value of a future amount is a rate that reflects a constant periodic rate of return (worked out on a compounding basis) on the investment in:
 - (a) the asset referred to in subparagraph 250-15(d)(i) if that subparagraph applies; or
 - (b) the expenditure referred to in paragraph 250-15(d)(ii) if that subparagraph applies;that is implicit in the *arrangements under which the asset is *put to a tax preferred use and *financial benefits are *provided in relation to that tax preferred use.

Predominant economic interest

250-110 Predominant economic interest

You lack a *predominant economic interest* in an asset at a particular time only if one or more of the following sections apply to you and the asset at that time:

- (a) section 250-115 (limited recourse debt test);
- (b) section 250-120 (right to acquire asset test);
- (c) section 250-125 (effectively non-cancellable, long term arrangement test);
- (d) section 250-135 (level of expected financial benefits test).

250-115 Limited recourse debt test

- (1) You lack a *predominant economic interest* in an asset at a particular time if more than the allowable percentage of the cost of your acquiring or constructing the asset is financed (directly or indirectly) by a *limited recourse debt or debts.
- (2) For the purposes of subsection (1):
 - (a) the amount of a *limited recourse debt is to be reduced by the value of any *debt property (other than the *financed property) that is provided as security for the debt; and
 - (b) if the limited recourse debt finances the acquisition or construction of 2 or more assets, only the amount of the debt that is reasonably attributable to the asset referred to in subsection (1) is to be taken into account.
- (3) For the purposes of subsection (1), the allowable percentage is:
 - (a) 80% if the asset is taken to be *put to a tax preferred use because of subparagraph 250-60(1)(b)(i) or (2)(b)(i) (end use by *tax preferred entities); or
 - (b) 55% if the asset is taken to be put to a tax preferred use because of subparagraph 250-60(1)(b)(ii) or (2)(b)(ii) (end use by non-residents).
- (4) This section does not apply to the asset if:
 - (a) you are a *corporate tax entity; and

- (b) the *tax preferred use of the asset is not the lease or hire of the asset (and is not the use of the asset under a lease or hire arrangement); and
 - (c) the asset is *put to the tax preferred use wholly or principally in Australia; and
 - (d) no *member of the tax preferred sector provides financing, or support for financing, in relation to your interest in the asset (including by way of a loan, a guarantee, an indemnity, a security, hedging or undertaking to provide *financial benefits in the event of the termination of an *arrangement).
- (5) Paragraph (4)(b) does not apply if:
- (a) the asset is real property (or an interest in real property); and
 - (b) the *tax preferred use of the asset is a lease; and
 - (c) the space within the property that is occupied by tenants who are *members of the tax preferred sector is less than half of the total space within the property that is either occupied by tenants or available to be occupied by tenants.
- (6) This section also does not apply to the asset if:
- (a) you hold the asset as a trustee; and
 - (b) the asset is real property (or an interest in real property); and
 - (c) the *tax preferred use of the asset is a lease; and
 - (d) the space within the property that is occupied by tenants who are *members of the tax preferred sector is less than half of the total space within the property that is either occupied by tenants or available to be occupied by tenants; and
 - (e) the asset is *put to the tax preferred use wholly or principally in Australia; and
 - (f) no member of the tax preferred sector provides financing, or support for financing, in relation to your interest in the asset (including by way of a loan, a guarantee, an indemnity, a security, hedging or undertaking to provide *financial benefits in the event of the termination of an *arrangement).

250-120 Right to acquire asset test

- (1) You lack a *predominant economic interest* in an asset at a particular time if, at that time:

- (a) the asset is to be transferred to a *member of the tax preferred sector after the end of the *arrangement period; and
 - (b) the consideration for the transfer is not fixed as the *market value of the asset at the time of the transfer.
- (2) You also lack a *predominant economic interest* in an asset at a particular time if, at that time:
- (a) a *member of the tax preferred end user group has, or will have:
 - (i) a right, obligation or contingent obligation to purchase or acquire the asset or a legal or equitable interest in the asset; or
 - (ii) a right to require the transfer of the asset or a legal or equitable interest in the asset; and
 - (b) the consideration for the purchase, acquisition or transfer is not fixed as the *market value of the asset at the time of the purchase, acquisition or transfer.

To avoid doubt, this section does not apply to the asset merely because your interest in the asset is one that ceases to exist after the passage of a particular period of time.

250-125 Effectively non-cancellable, long term arrangement test

- (1) You lack a *predominant economic interest* in an asset at a particular time if:
- (a) any *arrangement that relates to:
 - (i) the *tax preferred use of the asset; or
 - (ii) the *financial benefits to be *provided by the *members of the tax preferred sector in relation to the tax preferred use of the asset;
- is *effectively non-cancellable (see section 250-130); and
- (b) the *arrangement period for the tax preferred use of the asset is:
 - (i) greater than 30 years; or
 - (ii) if the arrangement period is less than or equal to 30 years—75% or more of that part of the asset's *effective life that remains when the tax preferred use of the asset starts.

- (2) Disregard section 40-102 in working out the asset's *effective life for the purposes of subparagraph (1)(b)(ii).

250-130 Meaning of *effectively non-cancellable* arrangement

- (1) An *arrangement that relates to *financial benefits to be *provided by a *member of the tax preferred sector in relation to the tax preferred use of an asset is ***effectively non-cancellable*** if:
- (a) the arrangement can be cancelled only with:
 - (i) your permission; or
 - (ii) the permission of a *connected entity of yours; or
 - (iii) an agent or entity acting on your behalf (or on behalf of a connected entity of yours); or
 - (b) the arrangement can be cancelled without the permission of an entity referred to in paragraph (a) but, if the arrangement were cancelled, the member of the tax preferred sector or another member of the tax preferred sector:
 - (i) would be required to enter into a new arrangement for the *provision of financial benefits in relation to the tax preferred use of the asset; or
 - (ii) would incur a penalty and the magnitude of the penalty would be such as to discourage cancellation.
- (2) For these purposes, if a *member of the tax preferred sector defaults under an *arrangement and the arrangement is cancelled, the arrangement is to be taken to have been cancelled without the permission of an entity referred to in paragraph (1)(a).

250-135 Level of expected financial benefits test

Effective guarantee or indemnity for value of asset

- (1) You lack a ***predominant economic interest*** in an asset at a particular time if the asset has a *guaranteed residual value at that time.

Likely financial benefits exceeding 70% limit

- (2) You also lack a ***predominant economic interest*** in an asset at a particular time if, at that time:

- (a) the *arrangement under which the asset is *put to the tax preferred use (either alone or together with any other arrangement in relation to the *tax preferred use of the asset or the *provision of *financial benefits in relation to the tax preferred use of the asset) is a *debt interest; or
- (b) the sum of the present values of the *expected financial benefits that *members of the tax preferred sector have provided, or are or are reasonably likely to provide, to you (or a *connected entity) in relation to the tax preferred use of the asset exceeds 70% of:
 - (i) the *market value of the asset if subparagraph 250-15(d)(i) applies; or
 - (ii) so much of the market value of the asset as is attributable to the expenditure referred to subparagraph 250-15(d)(ii) if that subparagraph applies.

250-140 When to retest predominant economic interest under section 250-135

Purpose for applying section

- (1) This section applies for the purposes of working out whether this Division applies to you and to an asset that is *put to a tax preferred use.

No need to keep retesting if section 250-135 does not apply at start of tax preferred use of asset

- (2) If section 250-135 does not apply to you and the asset at the time when the *tax preferred use of the asset starts, that section is taken, subject to subsection (4), to continue not to apply to you and the asset.

Note: This subsection means that if section 250-135 does not apply to the arrangement when the tax preferred use of the asset starts, the arrangement does not need to be retested against section 250-135 until a change of the kind referred to in subsection (4) occurs.

No need to keep retesting if section 250-135 does not apply when you do something to increase value of expected financial benefits

- (3) If:

(a) you (or a *connected entity), or a *member of the tax preferred sector, do something, or omit to do something, at a particular time that increases the value of the *expected financial benefits in relation to the *tax preferred use of the asset; and

(b) section 250-135 does not apply to the asset at that time; that section is taken, subject to subsection (4), to continue not to apply to you and the asset.

Note: This subsection means that if the arrangement is retested against section 250-135 at a particular time and section 250-135 does not apply to the arrangement on that retesting, the arrangement does not need to be again retested against section 250-135 until a change of the kind referred to in subsection (4) occurs.

Retesting when you do something to increase the value of expected financial benefits

(4) Subsection (2) or (3) ceases to apply to you and the asset if you (or a *connected entity), or a *member of the tax preferred sector, do something, or omit to do something, that increases the value of the *expected financial benefits in relation to the *tax preferred use of the asset.

Certain financial benefits ignored when retesting

(5) For the purposes of reapplying section 250-135 to the asset, disregard *financial benefits provided before subsection (2) or (3) of this section ceased to apply to the asset.

Note: If:

- (a) subsection (2) or (3) ceases to apply to the asset at a particular time under this subsection; and
- (b) the asset is retested at that time against section 250-135; and
- (c) on the retesting, that section is found to apply to the asset at that time;

subsection (3) will start to apply to the asset again from that time because paragraph (3)(b) will have been satisfied.

Clarification that retesting only required if you do something to increase value of expected benefits

(6) To avoid doubt, subsection (2) or (3) does not cease to apply merely because the value of the *expected financial benefits in

relation to the asset increase because of something other than action taken, or an omission made, by you (or a *connected entity) or a *member of the tax preferred sector.

Note: This subsection means that retesting under subsection (4) is not triggered by an increase in the value of expected financial benefits that happens because of external circumstances (circumstances external to activities and omissions of yours, your connected entities and members of the tax preferred sector).

Subdivision 250-C—Denial of, or reduction in, capital allowance deductions

Table of sections

250-145	Denial of capital allowance deductions
250-150	Apportionment rule

250-145 Denial of capital allowance deductions

- (1) If this Division applies to you and an asset at a particular time, any condition that needs to be satisfied for you to be able to deduct an amount under a *capital allowance provision in relation to:
 - (a) a decline in the value of the asset; or
 - (b) expenditure in relation to the asset;is taken not to be satisfied at that time.
- (2) This section has effect subject to section 250-150.

250-150 Apportionment rule

- (1) This section applies if:
 - (a) this Division applies to you and an asset that is *put to a tax preferred use; and
 - (b) it is reasonable to expect that, during the *arrangement period for the *tax preferred use of the asset, particular *financial benefits will be provided to you (or a *connected entity); and
 - (c) it is reasonable to expect that those financial benefits:
 - (i) will be provided in relation to a use of the asset that is not that tax preferred use and is not a private use; or
 - (ii) will be *provided in relation to that tax preferred use of the asset but will not be attributable, directly or

indirectly, to financial benefits that are provided by
*members of the tax preferred sector; and

- (d) the amount or value of those financial benefits is known or can reasonably be estimated; and
- (e) you choose to have this section apply to the asset.

In applying paragraph (c), disregard financial benefits that are provided under an *arrangement that is a *debt interest.

- (2) A choice under paragraph (1)(e) in relation to an asset:
 - (a) must be made before the due date for you to lodge your *income tax return for the income year in which the *arrangement period for the *tax preferred use of the asset starts; and
 - (b) must be made for the whole of the arrangement period for the tax preferred use of the asset; and
 - (c) must extend to all assets that are, or are to be, *put to a tax preferred use under the *arrangement under which the asset is put to that use; and
 - (d) is irrevocable.

The choice may extend to an asset referred to in paragraph (c) even if it is likely that paragraphs (1)(b) and (c) will not apply to that asset.

- (3) If this section applies, section 250-145 applies to you and the asset only to the extent of the *disallowed capital allowance percentage.
- (4) Subject to subsection (6), the ***disallowed capital allowance percentage*** is the following ratio (expressed as a percentage):

$$\frac{\text{Sum of present values of financial benefits that are subject to deemed loan treatment}}{\text{Market value of asset}}$$

- (5) The Commissioner may, before the due date for you to lodge your *income tax return for the income year to which the *arrangement period for the *tax preferred use of the asset starts, approve an alternative method for working out the *disallowed capital allowance percentage for you and the asset.
- (6) If the Commissioner approves an alternative method under subsection (5), the ***disallowed capital allowance percentage*** is the percentage worked out in accordance with that alternative method.

250-160	Financial benefits that are <i>subject to deemed loan treatment</i>
250-165	Financial arrangement
250-170	Financial arrangement (equity interest or right or obligation in relation to equity interest)

250-180	End value of asset
250-185	Financial benefits subject to deemed loan treatment not assessed

250-155 Arrangement treated as loan

Loan with characteristics provided for in this section taken to exist

- (1) If this Division applies to you and an asset at a particular time in an income year, a *financial arrangement in the form of a loan (with the characteristics provided for in this section) is taken to exist at that time for the purposes of working out your taxable income for that income year.

Note: See Subdivision 250-E for the taxation treatment of the financial arrangement.

Lender

- (2) You are taken to be the lender in relation to the loan.

Amount lent and unpaid at the start of the arrangement period

- (3) The amount worked out under subsection (4) is taken to be the amount that you have lent, and that the borrower has not repaid, at the start of the *arrangement period.
- (4) The amount is worked out by taking:
- (a) the amount that, at the start of the *arrangement period, is:
 - (i) the *adjustable value of the asset if subparagraph 250-15(d)(i) applies; or
 - (ii) the amount worked out under subsection (5) if subparagraph 250-15(d)(ii) applies; or

- (b) if section 250-150 applies—the amount that, at the start of the arrangement period, is the *disallowed capital allowance percentage of:
- (i) the adjustable value of the asset if subparagraph 250-15(d)(i) applies; or
 - (ii) the amount worked out under subsection (5) if subparagraph 250-15(d)(ii) applies;
- and deducting the sum of all *financial benefits that are *subject to deemed loan treatment and that have become due and payable before the start of the arrangement period.
- (5) If subparagraph 250-15(d)(ii) applies, the amount worked out under this subsection for the purposes of subsection (4) is:

Item	If the expenditure referred to in that subparagraph is ...	the amount is ...
1	capital expenditure under Division 40	the amount of the capital expenditure in respect of which a deduction has not been allowed (disregarding this Division) under the relevant Subdivision of Division 40
2	capital expenditure under Division 43	the *undeducted construction expenditure in relation to the capital expenditure

Amounts paid to you by borrower under the loan

- (6) Any *financial benefit that:
- (a) a person provides; and
 - (b) is *subject to deemed loan treatment;
- is taken to be an amount that the borrower pays you under the loan.
- Note 1: Section 250-160 tells you which financial benefits are subject to the deemed loan treatment.
- Note 2: These benefits may be ones that are provided either to you or to a connected entity.

Period of the loan

- (7) The *arrangement period is taken to be the period of the loan.

Applying Subdivision 250-E to the loan

- (8) For the purposes of applying Subdivision 250-E to the loan:
- (a) you are taken to have an overall gain from the loan and that overall gain is taken to be sufficiently certain at the time when you start to have the loan; and
 - (b) the amount of that overall gain is taken to be the sum of the *financial benefits that are *subject to the deemed loan treatment less the amount worked out under subsection (4); and
 - (c) you are taken:
 - (i) to start to have the loan at the start of the *arrangement period; and
 - (ii) to cease to have the loan at the end of the arrangement period; and
 - (d) any right that you (or a connected entity) have to a financial benefit that is subject to deemed loan treatment is taken to be a right that you have under the loan; and
 - (e) if a *connected entity transfers to another person a right to a financial benefit subject to deemed loan treatment:
 - (i) you are taken to transfer the right to that other person; and
 - (ii) any consideration that the connected entity receives in relation to the transfer is taken to be consideration that you receive in relation to the transfer; and
 - (f) if a right that a connected entity has to a financial benefit subject to deemed loan treatment ceases and the connected entity receives consideration in relation to that cessation— you are taken to receive that consideration in relation to the cessation; and
 - (g) you are taken to start to have the loan, or to cease to have the loan, as consideration for something if you start to have the rights to the financial benefits that are subject to deemed loan treatment, or cease to have those rights, as consideration for that thing; and
 - (h) in applying sections 250-265 to 250-275:
 - (i) the amount that you are taken, under subsections (3), (4) and (5), to have lent are the only financial benefits that you provide under the loan; and

- (ii) the financial benefits you have received under the loan are taken to include financial benefits that are subject to deemed loan treatment that a person is, at the end of the arrangement period, liable to provide to you.
- (9) If, under subsection 250-160(2), a particular percentage of a reasonable estimate of the *end value of the asset was taken to be a *financial benefit that is *subject to the deemed loan treatment, subsection 250-275(1) applies to the loan at the end of the *arrangement period as if you had received under the loan a financial benefit equal to the relevant percentage of the end value of the asset.

250-160 Financial benefits that are *subject to deemed loan treatment*

General rule

- (1) Subject to subsections (3) and (4), a *financial benefit is ***subject to deemed loan treatment*** if:
- (a) the financial benefit:
 - (i) has been; or
 - (ii) will, assuming normal operating conditions, be; or
 - (iii) can, assuming normal operating conditions, reasonably be expected to be;provided to you (or a *connected entity); and
 - (b) the financial benefit has been, will be or can reasonably be expected to be *provided directly or indirectly by a *member of the tax preferred sector in relation to the *tax preferred use of the asset; and
 - (c) the right to receive, or the obligation to provide, the financial benefit is *cash settleable; and
 - (d) the financial benefit has not been, will not be or can be expected not to be provided by one of your connected entities.

Note: Paragraph (d) stops a financial benefit passing between you and any of your connected entities from being counted twice.

End value also taken to be financial benefit subject to deemed loan treatment

- (2) The relevant percentage of a reasonable estimate of the *end value of the asset is also taken to be a *financial benefit that is ***subject to deemed loan treatment*** if:
- (a) the asset is not to be purchased or acquired by, or transferred to, a *member of the tax preferred sector at the end of the *arrangement period under a legally enforceable *arrangement; or
 - (b) the asset:
 - (i) is, or is to become, a *privatised asset; or
 - (ii) would be, or would become, a privatised asset if it were a *depreciating asset; or
 - (iii) would be a privatised asset if the asset were a depreciating asset and paragraphs 58-5(2)(a) and 58-5(4)(a) were not limited to acquisitions of depreciating assets that occurred on or after 1 July 2001.

The relevant percentage is the *disallowed capital allowance percentage if section 250-150 applies. Otherwise it is 100%.

Note: See section 250-180 for how to work out the end value of the asset.

Financial benefits only subject to deemed loan treatment to the extent to which they represent a return on investment

- (3) The *financial benefit is ***subject to deemed loan treatment*** only to the extent to which it reasonably represents a return of, or on, an investment in the asset (as distinct, for example, from representing consideration for the provision of services or the recovery of production costs), having regard to:
- (a) the *market value of the asset; and
 - (b) the discount rate applicable under subsection 250-105(2); and
 - (c) your costs in relation to funding your interest in the asset; and
 - (d) any other relevant matter.

The regulations may provide rules to be applied in determining the extent to which a financial benefit reasonably represents a return of or on an investment in the asset.

Only financial benefits provided after Division starts applying to you and the asset

- (4) If the *tax preferred use of the asset starts before this Division starts applying to you and the asset, only *financial benefits provided after this Division starts applying to you and the asset are **subject to deemed loan treatment**.

250-165 Financial arrangement

- (1) You have a **financial arrangement** if you have, under an *arrangement:
- (a) a *cash settlable legal or equitable right to receive a *financial benefit; or
 - (b) a cash settlable legal or equitable obligation to provide a financial benefit; or
 - (c) a combination of one or more such rights and/or one or more such obligations;
- unless:
- (d) you also have under the arrangement one or more legal or equitable rights to receive something and/or one or more legal or equitable obligations to provide something; and
 - (e) for one or more of the rights and/or obligations covered by paragraph (d):
 - (i) the thing that you have the right to receive, or the obligation to provide, is not a financial benefit; or
 - (ii) the right or obligation is not cash settlable; and
 - (f) the one or more rights and/or obligations covered by paragraph (e) are not insignificant in comparison with the right, obligation or combination covered by paragraph (a), (b) or (c).
- The right, obligation or combination covered by paragraph (a), (b) or (c) constitutes the financial arrangement.
- (2) A right you have to receive, or an obligation you have to provide, a *financial benefit is **cash settlable** if, and only if:
- (a) the benefit is money or a *money equivalent; or
 - (b) in the case of a right—you intend to satisfy or settle it by receiving money, or a money equivalent, or by starting to have, or ceasing to have, another *financial arrangement; or

Schedule 1 Tax preferred entities (asset financing)
Part 1 Main amendments

- (c) in the case of an obligation—you intend to satisfy or settle it by providing money, or a money equivalent, or by starting to have, or ceasing to have, another financial arrangement; or
- (d) you have a practice of satisfying or settling similar rights or obligations as mentioned in paragraph (b) or (c) (whether or not you intend to satisfy or settle the right or obligation in that way); or
- (e) you deal with the right or obligation, or with similar rights or obligations, in order to generate a profit from short-term fluctuations in price, from a dealer's margin, or from both; or
- (f) none of paragraphs (a) to (e) applies but:
 - (i) the financial benefit is readily convertible into money or a money equivalent or there is a market for the financial benefit that has a high degree of liquidity; and
 - (ii) you do not have, as your sole or dominant purpose for entering into the *arrangement under which you are to receive or provide the financial benefit, the purpose of receiving or delivering the benefit as part of your expected purchase, sale or usage requirements in the ordinary course of *business; or
- (g) you are able to settle the right or obligation as mentioned in paragraph (b) or (c) (whether or not you intend to satisfy or settle the right or obligation in that way) and you do not have, as your sole or dominant purpose for entering into the arrangement under which you are to receive or provide the financial benefit, the purpose of receiving or delivering the financial benefit as part of your expected purchase, sale or usage requirements in the ordinary course of business.

Note: The following are examples of dealing of the kind covered by paragraph (e):

- (a) dealing with the right or obligation, or similar rights or obligations, on a frequent basis, a short term basis or frequent and short term basis;
- (b) acquiring the right or obligation, or similar rights or obligations, and managing the resulting risk by entering into offsetting arrangements that provide a profit margin.

250-170 Financial arrangement (equity interest or right or obligation in relation to equity interest)

- (1) You also have a *financial arrangement* if you have an *equity interest. The equity interest constitutes the financial arrangement.
- (2) You also have a *financial arrangement* if:
 - (a) you have, under an *arrangement:
 - (i) a legal or equitable right to receive something that is a *financial arrangement under this section; or
 - (ii) a legal or equitable obligation to provide something that is a financial arrangement under this section; or
 - (iii) a combination of one or more such rights and/or obligations; and
 - (b) the right, obligation or combination does not constitute a financial arrangement under section 250-165.

The right, obligation or combination referred to in paragraph (a) constitutes the financial arrangement.

250-175 Rights, obligations and arrangements (grouping and disaggregation rules)

Single right or obligation or multiple rights or obligations?

- (1) If you have a right to receive 2 or more *financial benefits, you are taken, for the purposes of this Division, to have a separate right to receive each of those financial benefits.
- (2) If you have an obligation to provide 2 or more *financial benefits, you are taken, for the purposes of this Division, to have a separate obligation to provide each of those financial benefits.
- (3) Subsections (1) and (2) apply for the avoidance of doubt.

Matters relevant to determining what rights and/or obligations comprise particular arrangements

- (4) For the purposes of this Division, whether a number of rights and/or obligations are themselves an *arrangement or are 2 or more separate arrangements is a question of fact and degree that you determine having regard to the following:
 - (a) the nature of the rights and/or obligations;

- (b) their terms and conditions (including those relating to any payment or other consideration for them);
- (c) the circumstances surrounding their creation and their proposed exercise or performance (including what can reasonably be seen as the purposes of one or more of the persons involved);
- (d) whether they can be dealt with separately or must be dealt with together;
- (e) normal commercial understandings and practices in relation to them (including whether they are regarded commercially as separate things or as a group or series as whole);
- (f) the objects of this Division.

In applying this subsection, have regard to the matters referred to in paragraphs (a) to (f) both in relation to the rights and/or obligations separately and in relation to the rights and/or obligations in combination with each other.

Example 1: Your rights and obligations under a typical convertible note, including the right to convert the note into a share or shares, would comprise one arrangement.

Example 2: Your rights and obligations under a typical price-linked or index-linked bond with option or forward components would comprise one arrangement.

Note 1: If you raised funds by means of a contract that you would not have entered into without entering into another contract, and neither contract could be assigned to a third party without the other also being assigned, this would tend to indicate that your rights and obligations under the 2 contracts together comprise one arrangement.

Note 2: If the commercial effect of your individual rights and/or obligations in a group or series cannot be understood without reference to the group or series as a whole, this would tend to indicate that all of your rights and/or obligations in the group or series together comprise one arrangement.

250-180 *End value of asset*

- (1) The *end value* of an asset is worked out in accordance with this section.
- (2) If the asset has a *guaranteed residual value, the *end value* of the asset is:
 - (a) the amount of the guaranteed residual amount if subparagraph 250-15(d)(i) applies; or

- (b) so much of the amount referred to in paragraph (a) as is attributable to the expenditure referred to in subparagraph 250-15(d)(ii) if that subparagraph applies.
- (3) If the asset does not have a *guaranteed residual value and is a *depreciating asset, the **end value** of the asset is:
- (a) if subparagraph 250-15(d)(i) applies—the amount that would have been the *adjustable value of the asset at the end of the *arrangement period if:
 - (i) this Division had not applied to you and the asset; and
 - (ii) the decline in the asset's value were worked out on the basis of the asset's *effective life and using the *prime cost method; or
 - (b) if subparagraph 250-15(d)(ii) applies—so much of the amount referred to in paragraph (a) as is attributable to the expenditure referred to in that subparagraph.
- (4) Disregard section 40-102 in working out the asset's *effective life for the purposes of subparagraph (3)(a)(ii).
- (5) If neither subsection (2) nor subsection (3) applies and an estimate of the value of the asset is recognised for accounting purposes, the **end value** of the asset is:
- (a) the value of the relevant asset at the end of the *arrangement period that would be recognised for accounting purposes if subparagraph 250-15(d)(i) applies; or
 - (b) so much of the value of referred to in paragraph (a) as is attributable to the expenditure referred to subparagraph 250-15(d)(ii) if that subparagraph applies.
- The **end value** must not, however, exceed the amount worked out under subsections 250-15(4) and (5) (amount taken to have been lent).
- (6) If none of subsections (2), (3) and (5) apply to the asset, the **end value** of the asset is:
- (a) a reasonable estimate of the *market value of the asset at the end of the *arrangement period if subparagraph 250-15(d)(i) applies; or
 - (b) so much of the estimate referred to in paragraph (a) as is attributable to the expenditure referred to in subparagraph 250-15(d)(ii) if that subparagraph applies.
-

The *end value* must not, however, exceed the amount worked out under subsections 250-155(4) and (5) (amount taken to have been lent).

250-185 Financial benefits subject to deemed loan treatment not assessed

A *financial benefit is not included in your assessable income if the financial benefit:

- (a) is *provided to you in relation to the tax preferred use of the asset; and
- (b) is provided directly or indirectly by a *member of the tax preferred sector; and
- (c) is *subject to deemed loan treatment.

The financial benefit is not assessable income and is not *exempt income.

Guide to Subdivision 250-E

250-190 What this Subdivision is about

This Subdivision is about the tax treatment of gains and losses from the financial arrangement that you are taken to have under section 250-155.

You recognise gains and losses from the financial arrangement, as appropriate, over the life of the financial arrangement and ignore distinctions between income and capital. You use a compounding accruals method to recognise the gain or loss.

A change in circumstances may cause a re-estimation of gains and losses that the accruals method is being applied to.

A balancing adjustment is made if you transfer particular rights or obligations or particular rights or obligations cease.

Application and objects of Subdivision

250-195 Application of Subdivision

This Subdivision applies for the purposes of working out the amount of the gain or loss that is to be included in your assessable income or allowed as a deduction in relation to the *financial arrangement that is taken to exist under section 250-155.

250-200 Objects of this Subdivision

The objects of this Subdivision are:

- (a) to properly recognise gains and losses from the *financial arrangement by allocating them to appropriate periods of time; and
- (b) to minimise tax deferral.

Tax treatment of gains and losses from financial arrangements

250-205 Gains are assessable and losses deductible

Gains

- (1) Your assessable income includes a gain you make from the *financial arrangement.

Losses

- (2) You can deduct a loss you make from the *financial arrangement, but only to the extent that:
 - (a) you make it in gaining or producing your assessable income; or
 - (b) you necessarily make it in carrying on a *business for the purpose of gaining or producing your assessable income.

250-210 Gain or loss to be taken into account only once under this Act

Purpose of this section

- (1) The purpose of this section is to ensure that your gains that are assessable under this Subdivision, and your losses that are
-

deductible under this Subdivision, are taken into account only once under this Act in working out your taxable income.

Gain or loss

- (2) If a gain or loss is, or is to be, included in your assessable income or allowable as a deduction to you for an income year under this Subdivision, the gain or loss is not to be (to any extent):
- (a) included in your assessable income; or
 - (b) allowable as a deduction to you;
- under any other provisions of this Act for the same or any other income year.

Associated financial benefits

- (3) If the amount or value of a *financial benefit is taken into account in working out whether you make, or the amount of, a gain or loss that is, or is to be, included in your assessable income or allowable as a deduction for you for an income year under this Subdivision, the benefit is not to be (to any extent):
- (a) included in your assessable income; or
 - (b) allowable as a deduction to you;
- under any other provision of this Act for the same or any other income year.

Method to be applied to take account of gain or loss

250-215 Methods for taking gain or loss into account

The methods that can be applied to take account of a gain or loss you make from the *financial arrangement you have are:

- (a) the accruals method provided for in sections 250-235 to 250-255; or
- (b) a balancing adjustment provided for in sections 250-265 to 250-275.

A gain or loss is not taken into account under the method referred to in paragraph (a) to the extent to which the gain or loss is taken into account under sections 250-265 to 250-275.

General rules

250-220 Consistency in working out gains or losses (integrity measure)

Object of section

- (1) The object of this section is to stop you obtaining an inappropriate tax benefit from not working out your gains and losses in a consistent manner.

Consistent treatment for particular financial arrangement

- (2) If:
- (a) this Subdivision provides that a particular method applies to gains or losses you make from the *financial arrangement; and
 - (b) that method allows you to choose the particular manner in which you apply that method;
- you must use that manner consistently for the arrangement for all income years.

Consistent treatment for financial arrangements of essentially the same nature

- (3) If:
- (a) this Subdivision provides that a particular method applies to gains or losses you make from 2 or more *financial arrangements; and
 - (b) that method allows you to choose the particular manner in which you apply that method;
- you must use that same manner consistently for all of those financial arrangements that are essentially of the same nature.

250-225 Rights and obligations include contingent rights and obligations

To avoid doubt:

- (a) a right is treated as a right for the purposes of this Division even it is subject to a contingency; and

- (b) an obligation is treated as an obligation for the purpose of this Division even if it is subject to a contingency.

The accruals method

250-230 Application of accruals method

The accruals method provided for in sections 250-235 to 250-255 applies to a gain or loss you make from the *financial arrangement if:

- (a) the gain or loss is an overall gain or loss from the arrangement; and
- (b) the gain or loss is sufficiently certain at the time when you start to have the arrangement.

250-235 Overview of the accruals method

If the accruals method applies to a gain or loss you make from the *financial arrangement:

- (a) you use section 250-240 to work out the period over which the gain or loss is to be spread; and
- (b) you use section 250-245 to work out how to allocate the gain or loss to particular intervals within the period over which the gain or loss is to be spread; and
- (c) if an interval to which part of the gain or loss is allocated straddles 2 income years, you use section 250-250 to work out how to allocate that part of the gain or loss allocated between those 2 income years.

250-240 Applying accruals method to work out period over which gain or loss is to be spread

If you have a sufficiently certain overall gain or loss from the *financial arrangement, the period over which the gain or loss is to be spread is the period that:

- (a) starts when you start to have the arrangement; and
- (b) ends when you will cease to have the arrangement.

In applying paragraph (b), you must assume that you will continue to have the arrangement for the rest of its life.

250-245 How gain or loss is spread

How to spread gain or loss

- (1) This section tells you how to spread a gain or loss to which the accruals method applies.

Compounding accruals or approximation

- (2) The gain or loss is to be spread using:
- (a) compounding accruals (with the intervals to which parts of the gain or loss are allocated complying with subsection (3)); or
 - (b) a method whose results approximate those obtained using the method referred to in paragraph (a) (having regard to the length of the period over which the gain or loss is to be spread).

Intervals to which parts of gain or loss allocated

- (3) The intervals to which parts of the gain or loss are allocated must:
- (a) not exceed 12 months; and
 - (b) all be of the same length.

Paragraph (b) does not apply to the first and last intervals. These may be shorter than the other intervals.

Assumption of continuing hold arrangement for the rest of its life

- (4) The gain or loss is to be spread assuming that you will continue to have the *financial arrangement for the rest of its life.

250-250 Allocating gain or loss to income years

- (1) You are taken, for the purposes of section 250-205, to make, for an income year, a gain or loss equal to a part of a gain or loss if:
- (a) that part of the gain or loss is allocated to an interval under section 250-245; and
 - (b) that interval falls wholly within that income year.
- (2) If:
- (a) a part of a gain or loss is allocated to an interval under section 250-245; and

(b) that interval straddles 2 income years;
you are taken, for purposes of section 250-205, to make a gain or loss equal to so much of that part of the gain or loss as is allocated between those income years on a reasonable basis.

(3) If:

- (a) a *consolidated group or *MEC group has a *financial arrangement; and
- (b) a subsidiary member of the group ceases to be a member of the group at a particular time (the *exit time*); and
- (c) immediately after the exit time, the subsidiary member has the financial arrangement;

an income year of the group is taken, for the purposes of applying this section to the group and the financial arrangement, to end at the exit time.

250-255 When to re-estimate

When re-estimation necessary

(1) You re-estimate a gain or loss from the *financial arrangement under subsection (4) if circumstances arise that materially affect:

- (a) the amount or value; or
- (b) the timing;

of *financial benefits that were taken into account in working out the amount of the gain or loss. You must re-estimate the gain or loss as soon as reasonably practicable after you become aware of the circumstances referred to in paragraph (b).

(2) Without limiting subsection (1), the following are circumstances of the kind referred to in paragraph (1)(b):

- (a) a material change in market conditions that are relevant to the amount or value of the *financial benefits to be received or provided under the *financial arrangement;
- (b) cash flows that were previously estimated becoming known and the difference between the cash flows that become known and the cash flows that were previously estimated is not insignificant;
- (c) a right to, or a part of a right to, a financial benefit under the arrangement is written off as a bad debt.

- (3) You do not re-estimate a gain or loss from a *financial arrangement under subsection (4) merely because of any one or more of the following:
- (a) a change in the credit rating, or the creditworthiness, of a party or parties to the financial arrangement;
 - (b) the impairment (within the meaning of the *accounting standards) of the arrangement or a debt that forms part of the arrangement.

Nature of re-estimation

- (4) Making a re-estimation in relation to a gain or loss under this subsection involves:
- (a) a fresh determination of the amount of the gain or loss; and
 - (b) a reapplication of the accruals method to the redetermined gain or loss to make a fresh allocation of the part of the redetermined gain or loss that has not already been allocated to intervals ending before the re-estimation is made to intervals ending after the re-estimation is made.

Basis for re-estimation

- (5) You may make the fresh allocation of the gain or loss under subsection (4) on either of the following bases:
- (a) by maintaining the rate of return being used and adjusting the amount to which you apply the rate of return to the present value of the estimated future cash flows discounted at the maintained rate of return;
 - (b) adjusting the rate of return and maintaining the amount to which you apply the rate of return.

The object to be achieved by both bases is allow you to bring the remainder of the gain or loss based on the new estimates properly to account over the remainder of the period over which you spread the gain or loss.

- (6) If you adopt a particular basis under subsection (5) for a gain or loss from the *financial arrangement, you must use the same basis for all the re-estimations you make under this section in relation to your gains and losses from all your financial arrangements.

Balancing adjustment if rate of return maintained

- (7) If you make a fresh allocation of the gain or loss on the basis referred to in paragraph (5)(a), you must make the following balancing adjustment:
- (a) if you re-estimate a gain and the amount to which you apply the rate of return increases—you make a gain from the *financial arrangement, for the income year in which you make the re-estimation, equal to the amount of the increase;
 - (b) if you re-estimate a gain and the amount to which you apply the rate of return decreases—you make a loss from the arrangement, for the income year in which you make the re-estimation, equal to the amount of the decrease;
 - (c) if you re-estimate a loss and the amount to which you apply the rate of return increases—you make a loss from the arrangement, for the income year in which you make the re-estimation, equal to the amount of the increase;
 - (d) if you re-estimate a loss and the amount to which you apply the rate of return decreases—you make a gain from the arrangement, the income year in which you make the re-estimation, equal to the amount of the decrease.

250-260 Re-estimation if balancing adjustment on partial disposal

Re-estimation if balancing adjustment on partial disposal

- (1) You also re-estimate a gain or loss from a *financial arrangement under subsection (2) if a balancing adjustment is made in relation to the financial arrangement under sections 250-265 to 250-275 because you transfer to another person:
- (a) a proportionate share of all of your rights and/or obligations under a *financial arrangement; or
 - (b) a right or obligation that you have under a financial arrangement to a specifically identified *financial benefit; or
 - (c) a proportionate share of a right or obligation that you have under a financial arrangement to a specifically identified financial benefit.

You must re-estimate the gain or loss as soon as reasonably practicable after the transfer occurs.

Nature of re-estimation

- (2) Making a re-estimation in relation to a gain or loss under this subsection involves:
- (a) a fresh determination of the amount of the gain or loss disregarding:
 - (i) *financial benefits; and
 - (ii) amounts of the gain or loss that have already been allocated to intervals ending before the re-estimation is made;to the extent to which they are reasonably attributable to the proportionate share, or the right or obligation, referred to in paragraph (1)(b); and
 - (b) a reapplication of the accruals method to the redetermined gain or loss to make a fresh allocation of the part of that gain or loss that has not already been allocated to intervals ending before the re-estimation is made to intervals ending after the re-estimation is made.

Basis for re-estimation

- (3) You make the fresh allocation of the gain or loss under subsection (2) by maintaining the rate of return being used and adjusting the amount to which you apply the rate of return to the present value of the estimated future cash flows discounted at the maintained rate of return. The object to be achieved by the fresh allocation is allow you to bring the remainder of the redetermined gain or loss properly to account over the remainder of the period over which you spread the gain or loss.

Balancing adjustment

250-265 When balancing adjustment made

When balancing adjustment made

- (1) A balancing adjustment is made under section 250-275 if:
- (a) you transfer to another person all of your rights and/or obligations under the *financial arrangement; or
 - (b) all of your rights and/or obligations under the financial arrangement otherwise substantially cease; or

- (c) you transfer to another person:
 - (i) a proportionate share of all of your rights and/or obligations under the financial arrangement; or
 - (ii) a right or obligation that you have under the financial arrangement to a specifically identified *financial benefit; or
 - (iii) a proportionate share of a right or obligation that you have under the financial arrangement to a specifically identified financial benefit.

Modifications for arrangements that are assets

- (2) The following modifications are made if the *financial arrangement is an asset of yours at the time the event referred to in subsection (1) occurs:
 - (a) paragraphs (1)(a) and (c) do not apply unless the effect of the transfer is to transfer to the other person substantially all the risks and rewards of ownership of the interest transferred;
 - (b) for the purposes of applying section 250-275 to the arrangement, you are treated as transferring a right under the arrangement to another person if:
 - (i) you retain the right but assume a new obligation; and
 - (ii) your assumption of the new obligation has the same effect, in substance, as transferring the right to another person; and
 - (iii) the new obligation arises only to the extent to which the right to *financial benefits under the financial arrangement is satisfied; and
 - (iv) you cannot sell or pledge the right (other than as security in relation to the new obligation); and
 - (v) you must, under the new obligation, provide financial benefits you receive in relation to the right to the person to whom you owe the new obligation without delay.

250-270 Exception for subsidiary member leaving consolidated group

A balancing adjustment is not made under section 250-275 in relation to a subsidiary member of a *consolidated group or a *MEC group that has the *financial arrangement ceasing to be a member of the group.

250-275 Balancing adjustment

Complete cessation or transfer

- (1) Use the following method statement to make the balancing adjustment if paragraph 250-265(1)(a) or (b) applies:

Method statement for balancing adjustment

Step 1. Add up the following:

- (a) the total of all the *financial benefits provided to you under the *financial arrangement;
- (b) the amount or value of any other consideration you receive in relation to the transfer or cessation referred to in subsection 250-265(1);
- (c) the total of the amounts that have been allowed to you as deductions, because of circumstances that have occurred before the transfer or cessation, for losses from the arrangement;
- (d) the total of the other amounts that would have been allowed to you as deductions, because of circumstances that have occurred before the transfer or cessation, for losses from the arrangement if all your losses from the arrangement were allowable as deductions.

Step 2. Add up the following:

- (a) the total of all the *financial benefits you have provided under the *financial arrangement;
- (b) the amount or value of any other consideration you provide in relation to the transfer or cessation referred to in subsection 250-265(1);
- (c) the total of the amounts that have been included in your assessable income, because of circumstances

that have occurred before the transfer or cessation, as gains from the arrangement;

- (d) the total of the other amounts that would have been included in your assessable income, because of circumstances that have occurred before the transfer or cessation, as gains from the arrangement if all your gains from the arrangement were assessable.

Step 3. Compare the amount obtained under Step 1 (the **Step 1 amount**) with the amount obtained under Step 2 (the **Step 2 amount**). If the Step 1 amount exceeds the Step 2 amount, an amount equal to the excess is taken, as a balancing adjustment, to be a gain you make from the *financial arrangement for the purposes of this Subdivision. If the Step 2 amount exceeds the Step 1 amount, an amount equal to the excess is taken, as a balancing adjustment, to be a loss that you make from the arrangement. If the Step 1 amount and the Step 2 amount are equal, no balancing adjustment is made.

Proportionate transfer of all rights and/or obligations under financial arrangement

- (2) If subparagraph 250-265(1)(c)(i) applies, you make the balancing adjustment by applying the method statement in subsection (1) but reduce:
 - (a) the amounts referred to in paragraphs (a), (c) and (d) in step 1; and
 - (b) the amounts referred to in paragraphs (a), (c) and (d) in step 2;by applying the proportion referred to in subparagraph 250-265(1)(c)(i) to them.

Transfer of specifically identified right or obligation under financial arrangement

- (3) If subparagraph 250-265(1)(c)(ii) applies, you make the balancing adjustment by applying the method statement in subsection (1) as if the references to:

Schedule 1 Tax preferred entities (asset financing)
Part 1 Main amendments

- (a) the amounts referred to in paragraphs (a), (c) and (d) in step 1; and
- (b) the amounts referred to in paragraphs (a), (c) and (d) in step 2;

were references to those amounts to the extent to which they are reasonably attributable to the right or obligation referred to in subparagraph 250-265(1)(c)(ii).

Proportionate transfer of specifically identified right or obligation under financial arrangement

- (4) If subparagraph 250-265(1)(c)(iii) applies, you make the balancing adjustment by applying the method statement:
 - (a) as if the references to:
 - (i) the amounts referred to in paragraphs (a), (c) and (d) in step 1; and
 - (ii) the amounts referred to in paragraphs (a), (c) and (d) in step 2;were references to those amounts to the extent to which they are reasonably attributable to the right or obligation referred to in subparagraph 250-265(1)(c)(iii); and
 - (b) by reducing those amounts by applying the proportion referred to in subparagraph 250-265(1)(c)(iii) to them.

Attribution must reflect appropriate and commercially accepted valuation principles

- (5) Any attribution made under subsection (3) or paragraph (4)(a) must reflect appropriate and commercially accepted valuation principles that properly take into account:
 - (a) the nature of the rights and obligations under the *financial arrangement; and
 - (b) the risks associated with each *financial benefit, right and obligation under the arrangement; and
 - (c) the time value of money.

Income year for which gain or loss is made

- (6) The gain or loss you are taken to make under subsection (1), (2), (3) or (4) is a gain or loss for the income year in which the event referred to in subsection 250-265(1) occurs.

Other provisions

250-280 Financial arrangement received or provided as consideration

- (1) If:
- (a) this Subdivision applies in relation to your gains and losses from the *financial arrangement; and

 - (ii) something (the *thing acquired*) that someone else has provided, or is to provide, to you; and
 - (c) the thing provided or the thing acquired is not money; the amount of the benefit (or that part of the benefit) that you obtained for the thing provided, or gave for the thing acquired, is taken, for the purposes of applying this Act to you, to be the *market value of the financial arrangement (or that part of the financial arrangement) at the time when you start to have the financial arrangement.
- Note 1: This amount may be relevant, for example, for the purposes of applying the provisions of this Act dealing with capital gains, capital allowances or trading stock to the thing provided or the thing acquired.
- Note 2: The market value is to be used instead of the nominal value of the financial benefits to be provided under the financial arrangement.
- (2) If subsection (1) applies, you are taken to have received, or provided, as consideration for starting to have the *financial arrangement (or the part of the financial arrangement), *financial benefits whose value is equal to the market value of the financial arrangement (or that part of the financial arrangement) at the time when you started to have the financial arrangement.
- (3) If, but for this subsection:

Note 1: This amount may be relevant, for example, for the purposes of applying the provisions of this Act dealing with capital gains, capital allowances or trading stock to the thing acquired or the thing provided.

Note 2: The market value is to be used instead of the nominal value of the financial benefits to be provided under the financial arrangement.

Subdivision 250-F—Treatment of asset when Division ceases to apply to the asset

Table of sections

250-285	Treatment of asset after Division ceases to apply to the asset
250-290	Balancing adjustment under Subdivision 40-D in some circumstances

250-285 Treatment of asset after Division ceases to apply to the asset

- (1) For the purposes of Division 40, if:
- (a) this Division applies to you and an asset; and
 - (b) the *arrangement period for the *tax preferred use of the asset ends at a particular time; and
 - (c) the asset would have had an *adjustable value at that time, for the purposes of Division 40, if this Division had never applied to the asset;

the adjustable value of the asset, immediately after the end of the arrangement period, is taken to be equal to the amount worked out using the following method statement:

Method statement

Step 1. Work out whether section 250-150 applies.

Step 2. If section 250-150 does not apply, the amount is the *end value of the asset at the end of the arrangement period.

Step 3. If section 250-150 does apply, the amount is worked out by:

- (a) multiplying the *end value of the asset at the end of the *arrangement period by the *disallowed capital percentage; and

Schedule 1 Tax preferred entities (asset financing)
Part 1 Main amendments

- (b) then multiplying the adjustable value of the asset at the end of the arrangement period (worked out under section 40-85) by 100% minus the disallowed capital percentage); and
- (c) then adding the amount obtained under paragraph (a) and the amount obtained under paragraph (b).

(2) If:

- (a) this Division applies to you and an asset; and
- (b) the *arrangement period for the *tax preferred use of the asset ends; and
- (c) a net amount is included in your assessable income in relation to the *financial benefits that are *subject to the deemed loan treatment (taking into account the adjustments under Subdivision 250-E in relation to the financial benefits that are subject to the deemed loan treatment);

the *cost base, and the *reduced cost base, of the asset are each taken to be reduced at the end of the arrangement period by an amount equal to the difference between:

- (d) the total amounts or values of the financial benefits that were subject to deemed loan treatment; and
- (e) the net amount referred to in paragraph (c).

Note: See subsection (6) in relation to the application of paragraph (d).

(3) If:

- (a) this Division applies to you and an asset; and
- (b) the *arrangement period for the *tax preferred use of the asset ends; and
- (c) a net amount is allowed to you as a deduction in relation to the *financial benefits that are *subject to the deemed loan treatment (taking into account the adjustments under Subdivision 250-E in relation to the financial benefits that are subject to the deemed loan treatment);

the *cost base, and the *reduced cost base, of the asset are each taken to be reduced at the end of the arrangement period by an amount equal to the sum of:

- (d) the total amounts or values of the financial benefits that were subject to deemed loan treatment; and
- (e) the net amount referred to in paragraph (c).

Note: See subsection (6) in relation to the application of paragraph (d).

(4) If:

- (a) this Division applies to you and an asset; and
- (b) the *arrangement period for the *tax preferred use of the asset ends; and
- (c) a net amount is included in your assessable income in relation to the *financial benefits that are *subject to the deemed loan treatment (taking into account the adjustments under Subdivision 250-E in relation to the financial benefits that are subject to the deemed loan treatment);

then, in determining the profit or loss on the sale of the asset, a deduction equal to the difference between the following is taken to have been allowed for expenditure by you in connection with the asset:

- (d) the total amounts or values of the financial benefits that were subject to deemed loan treatment; and
- (e) the net amount referred to in paragraph (c).

Note: See subsection (6) in relation to the application of paragraph (d).

(5) If:

- (a) this Division applies to you and an asset; and
- (b) the *arrangement period for the *tax preferred use of the asset ends; and
- (c) a net amount is allowed to you as a deduction in relation to the *financial benefits that are *subject to the deemed loan treatment (taking into account the adjustments under Subdivision 250-E in relation to the financial benefits that are subject to the deemed loan treatment);

then, in determining the profit or loss on the sale of the asset, a deduction equal to the sum of the following is taken to have been allowed for expenditure by you in connection with the asset:

- (d) the total amounts or values of the financial benefits that were subject to deemed loan treatment; and
- (e) the net amount referred to in paragraph (c).

Note: See subsection (6) in relation to the application of paragraph (d).

- (6) In applying paragraphs (2)(d), (3)(d), (4)(d) and (5)(d), disregard subsection 250-160(2) (reasonable estimate of end value treated as financial benefit subject to deemed loan treatment).

250-290 Balancing adjustment under Subdivision 40-D in some circumstances

- (1) This section applies if:
- (a) this Division applies to you and an asset; and
 - (b) the *arrangement period for the *tax preferred use of the asset ends because a particular event happens; and
 - (c) the event would have been a *balancing adjustment event for the asset for the purposes of Subdivision 40-D if this Division had not applied to you and the asset when the event happened.
- (2) A balancing adjustment is made under Subdivision 40-D as if:
- (a) the event were a *balancing adjustment event for the asset; and
 - (b) the *adjustable value of the asset, just before the event happened, were the adjustable value worked out under subsection 250-285(1); and
 - (c) sections 40-290 and 40-292 did not apply.

 - (b) each member of the group that is an ADI (ignoring paragraph (a)) at any time in the period were a financial entity at that time.

Note 1: One result of this Division having effect in that way is that Subdivision 820-D (and related provisions, such as section 820-589) will not apply in relation to the head company, because:

- (a) the head company of the group will not be classified under section 820-583 as an outward investing entity (ADI); and
- (b) section 820-587 will not apply that Subdivision.

Note 2: Another result of this Division having effect in that way is that Subdivision 820-B or 820-C may apply in relation to the head company, because it may be classified under section 820-583 as either:

- (a) an outward investing entity (non-ADI) and an outward investor (financial); or

 - (c) the *head company of the group for the period chooses, before lodging its *income tax return for the income year, that this Division should have effect in that way in relation to the group and every period for which the conditions in paragraphs (a) and (b) are met in the income year.
- (3) An *ADI is a *specialist credit card institution* at a time if, at that time, the ADI's authority under section 9 of the *Banking Act 1959* to carry on banking business (as defined in that Act) authorises the ADI to carry on only banking business that:
- (a) is participation in a payment system (as defined in the *Payment Systems (Regulation) Act 1998*) that is a credit card scheme and is designated under section 11 of that Act; and
 - (b) is either or both of the following:
 - (i) credit card acquiring (as defined in regulations made for the purposes of the *Banking Act 1959*);

Add "and section 820-610".

5 After section 820-609

Insert:

820-610 Choice not to be outward investing entity (ADI) or inward investing entity (ADI)

- (1) This section applies if:
 - (a) apart from this section, the *head company or single company would, under section 820-609, be an *outward investing entity (ADI) or an *inward investing entity (ADI) for the trial period; and
 - (b) at all times in the trial period, each of the following entities that is an *ADI is a *specialist credit card institution:
 - (i) the head company or single company;

- (2) The *head company or single company is an **outward investing entity (non-ADI)** and an **outward investor (financial)** for the trial period if:
 - (a) apart from this section, the company would, under section 820-609, be an *outward investing entity (ADI) for the trial period; and
 - (b) the company chooses, before lodging its *income tax return for the income year including the trial period, to be an outward investing entity (non-ADI) and an outward investor (financial) for that period.
- (3) The *head company or single company is an **inward investing entity (non-ADI)** and an **inward investment vehicle (financial)** for the trial period if:
 - (a) apart from this section, the company would, under section 820-609, be an *inward investing entity (ADI) for the trial period; and
 - (b) the company chooses, before lodging its *income tax return for the income year including the trial period, to be an inward investing entity (non-ADI) and an inward investment vehicle (financial) for that period.
- (4) This section has effect despite sections 820-85, 820-185 and 820-609.

Repeal the subsection, substitute:

(1) There is a roll-over if:

- (a) your ownership of one or more *statutory licences (each of which is an *original licence*) ends, resulting in *CGT event C2 happening to the licence (or to each of the licences as part of an *arrangement); and
- (b) as a result of the CGT event or events, you are issued one or more new licences (each of which is a *new licence*) for the original licence (or original licences); and
- (c) the new licence authorises (or the new licences taken together authorise) substantially similar activity as that authorised by the original licence (or by the original licences taken together).

Note: If there has been a capital improvement to the original licence: see section 108-75.

(1A) If:

- (a) you are a foreign resident just before the *CGT event happens (or just before one or more of the CGT events happens); or
- (b) you are the trustee of a trust that is a *foreign trust for CGT purposes for the income year in which the event happens (or for an income year in which one or more of those events happens);

there is no roll-over under this section unless the conditions in subsection (1B) are satisfied.

(1B) The conditions are that:

- (a) if there was only one original licence—the licence must be *taxable Australian property just before the *CGT event happens; and
- (b) if there was more than one original licence—each original licence must be taxable Australian property just before the CGT event in relation to it happens; and
- (c) if there is only one new licence—the licence must be taxable Australian property just after you *acquire it; and
- (d) if there is more than one new licence—each new licence must be taxable Australian property just after you acquire it.

3 At the end of Subdivision 124-C

Add:

124-145 Rollover consequences—capital gain or loss disregarded

A *capital gain or *capital loss you make from the original licence (or from each of the original licences) is disregarded.

124-150 Rollover consequences—partial roll-over

- (1) You can obtain only a partial roll-over in relation to an original licence if the *capital proceeds for that licence includes something (the *ineligible proceeds*) other than a new licence or new licences. There is no roll-over for that part (the *ineligible part*) of the licence for which you received the ineligible proceeds.

Note: If there is more than one original licence, some or all of those original licences may each have an ineligible part.

- (2) The *cost base of the ineligible part is that part of the cost base of the original licence as is reasonably attributable to the ineligible part.
- (3) The *reduced cost base of the ineligible part is that part of the reduced cost base of the original licence as is reasonably attributable to the ineligible part.
- (4) For the purposes of sections 124-155 and 124-165, for each original licence that has an ineligible part:

- (a) reduce the *cost base of that licence (just before the *CGT event that happened in relation to it) by so much of that cost base as is attributable to that ineligible part; and
- (b) reduce the *reduced cost base of that licence (just before the CGT event that happened in relation to it) by so much of that reduced cost base as is attributable to that ineligible part.

124-155 Roll-over consequences—all original licences were post-CGT

- (1) This section applies if you *acquired the original licence (or all of the original licences) on or after 20 September 1985.
- (2) The first element of the *cost base of the new licence (or of each of the new licences) is such amount as is reasonable having regard to:
 - (a) the total of the cost bases of all the original licences; and
 - (b) the number, *market value and character of the original licences; and
 - (c) the number, market value and character of the new licences.
- (3) The first element of the *reduced cost base of the new licence (or of each of the new licences) is such amount as is reasonable having regard to:
 - (a) the total of the reduced cost bases of all the original licences; and
 - (b) the number, *market value and character of the original licences; and
 - (c) the number, market value and character of the new licences.

124-160 Roll-over consequences—all original licences were pre-CGT

If you *acquired the original licence (or all of the original licences) before 20 September 1985, you are taken to have acquired the new licence (or all of the new licences) before that day.

124-165 Roll-over consequences—some original licences were pre-CGT, others were post-CGT

- (1) This section applies if:
 - (a) there was more than one original licence; and

- (b) you *acquired one or more of the original licences before 20 September 1985; and
 - (c) you acquired one or more of the original licences on or after that day.
- (2) Each new licence is taken to be 2 separate *CGT assets that are both *statutory licences:
- (a) one (which you are taken to have *acquired on or after 20 September 1985) representing the extent to which you acquired the original licences on or after that day; and
 - (b) another (which you are taken to have acquired before that day) representing the extent to which you acquired the original licences before that day.
- (3) The first element of the *cost base and *reduced cost base of the *CGT asset mentioned in paragraph (2)(a) in relation to a new licence is worked out under the formula:

$$\text{Total post-CGT cost base} \times \frac{\text{Market value of new licence}}{\text{Market value of all new licences}}$$

where:

market value of all new licences is the total of the *market values of all of the new licences.

market value of new licence is the *market value of the new licence to which the *CGT asset mentioned in paragraph (2)(a) relates.

total post-CGT cost base is the total of the *cost bases of all the original licences that you *acquired on or after 20 September 1985.

 - (d) if there is only one new licence—that licence is covered under subsection (3); and
 - (e) if there is more than one new licence—only one of the new licences is covered under subsection (3); and
 - (f) the original licence (or at least one of the original licences) has an ineligible part (as described in section 124-150 of the *Income Tax Assessment Act 1997*).
- (2) A licence is covered under this subsection if it is:
 - (a) a bore licence issued under the *Water Act 1912* of New South Wales; or
 - (b) a licence of a kind specified in the regulations.
- (3) A licence is covered under this subsection if it is:

 - (b) a licence of a kind specified in the regulations.

124-141 ASGE licence etc.—cost base of ineligible part

- (1) For an original licence that has an ineligible part, the cost base of the ineligible part is the cost base of the original licence multiplied by the amount worked out under the formula:

$$\frac{\text{Total ineligible proceeds}}{\text{Total ineligible proceeds} + \text{Value of new licence}}$$

where:

total ineligible proceeds is the total of the ineligible proceeds (as described in section 124-150 of the *Income Tax Assessment Act 1997*) in relation to all of the original licences that have an ineligible part.

value of new licence is:

- (a) if the new licence is an aquifer access licence mentioned in paragraph 124-40(3)(a)—the 2002 value assigned under the ASGE program to the new licence; or
- (b) otherwise—the value of the new licence worked out in accordance with the regulations.
- (2) The regulations may specify one or more ways of working out the value of a licence (other than an aquifer access licence mentioned in paragraph 124-40(3)(a)) for the purposes of this section.
- (3) For an original licence that has an ineligible part, the reduced cost base of the ineligible part is the reduced cost base of the original licence multiplied by the amount worked out under the formula set out in subsection (1).

124-142 ASGE licence etc.—cost base of aquifer access licence etc.

- (1) The first element of the cost base and reduced cost base of the new licence that is covered under subsection 124-140(3) is the total of the cost bases of the original licences.

Note: For the purposes of this section, the cost base of each original licence that has an ineligible part is reduced in accordance with subsection 124-150(4) of the *Income Tax Assessment Act 1997*.

- (2) The cost base and reduced cost base of any new licence that is *not* covered under subsection 124-140(3) is nil.

- (3) Subsections (4) and (5) apply if:
 - (a) there was more than one original licence; and
 - (b) some of the original licences were acquired before 20 September 1985; and
 - (c) subsection 124-165(2) of the *Income Tax Assessment Act 1997* applies in relation to the new licence that is covered under subsection 124-140(3) (splitting that licence into 2 separate CGT assets).
- (4) For the purposes of subsection (2), treat the asset that is taken under paragraph 124-165(2)(a) of that Act to have been acquired on or after 20 September 1985 as a new licence that is covered under subsection 124-140(3) of this Act.

Subdivision 124-Q—Exchange of stapled ownership interests for ownership interests in a unit trust

Guide to Subdivision 124-Q

124-1040 What this Subdivision is about

There is a roll-over if you own ownership interests that are stapled and, as a result of a reorganisation, you stop owning those interests and you acquire or own ownership interests in an interposed unit trust.

Table of sections

Operative provisions

- 124-1045 Exchange of stapled securities
- 124-1050 Conditions
- 124-1055 Consequences of the roll-over for exchanging members
- 124-1060 Consequences of the roll-over for interposed trust
- 124-1065 Certain foreign holders disregarded

Operative provisions

124-1045 Exchange of stapled securities

- (1) There is a roll-over if:
 - (a) you own *ownership interests in 2 or more trusts, or in one or more companies and one or more trusts, and those interests are stapled together to form stapled securities; and

- (b) at least one of the trusts is a trust whose trustee is not assessed and liable to pay tax under Division 6B or 6C of Part III of the *Income Tax Assessment Act 1936*; and
- (c) if no company is involved—at least one of the trusts is a trust whose trustee is assessed and liable to pay tax under Division 6B or 6C of Part III of that Act; and
- (d) under a *scheme for reorganising the affairs of the relevant *stapled entities, you and the other entities that own the ownership interests in the stapled entities (together the *exchanging members*):
 - (i) stop being the owner of those ownership interests and acquire ownership interests in a new unit trust (the *interposed trust*) and nothing else (a *new trust case*); or
 - (ii) retain their ownership interests in one of those trusts (also the *interposed trust*), stop being the owner of the remaining ownership interests that form the stapled securities and receive nothing other than ownership interests in the interposed trust, or an increase in value of their existing ownership interests in the interposed trust, or both (an *existing trust case*); and
- (e) under the scheme, the interposed trust becomes the owner of:
 - (i) for a new trust case—all of the ownership interests in the stapled entities; or
 - (ii) for an existing trust case—all of the ownership interests in the other stapled entities; and
- (f) the conditions in section 124-1050 are satisfied.

Note: Division 6B of Part III of the *Income Tax Assessment Act 1936* deals with taxing corporate unit trusts in the same way as companies. Division 6C has the same effect in relation to public trading trusts.

- (2) An entity is a *stapled entity* in relation to stapled securities if *ownership interests in the entity form part of the stapled securities.
- (3) Ignore for the purposes of subsection (1) *ownership interests held by one *stapled entity in another stapled entity as at the start of the day on which the Bill for this Act was introduced into the Parliament.

124-1050 Conditions

- (1) Just after the *scheme is completed (the *completion time*), each exchanging member must own a percentage of the *ownership interests in the interposed trust that reasonably equates to the percentage of the ownership interests that the member owned in the *stapled entities.

Example: Public Company A, Unit Trust No. 1 and Unit Trust No. 2 are stapled entities. Each stapled entity has 4,000 ownership interests on issue. There are no ownership interests in any of the stapled entities other than shares in the company and units in the trusts.

Under a scheme for reorganising the stapled entities, Unit Trust No. 3 is interposed between the stapled entities and the owners of the interests in those entities. Unit Trust No. 3 (the interposed trust) becomes the owner of all of the interests in each of the three stapled entities. Exchanging members receive one unit in the interposed trust for each stapled security they owned. All units in the interposed trust are of the same class.

Naomi owned 200 shares in Public Company A, 200 units in Unit Trust No. 1 and 200 units in Unit Trust No. 2. Naomi therefore owned 5% of the ownership interests in each of the stapled entities. Under the scheme, Naomi receives 100 units in Unit Trust No. 3 (out of a total of 2,000 units) in exchange for her ownership interests in the stapled entities. Naomi now owns 5% of the ownership interests in the interposed trust and meets the condition in subsection (1).

- (2) Just after the completion time, each exchanging member must have the same, or as nearly as practicable the same, proportionate *market value of *ownership interests in the interposed trust as the member had in the *stapled entities just before that time.
- (3) In working out whether an exchanging member complies with subsection (2), an anticipated reasonable approximation of the *market value of *ownership interests just after the completion time is sufficient.

Note: An anticipated reasonable approximation of market values of ownership interests may include valuations provided to exchanging members in scheme documents.

- (4) You must be an Australian resident at the completion time or, if you are a foreign resident at that time:
- (a) some or all of your *ownership interests in the *stapled entities must have been *taxable Australian property just before that time; and

- (b) your ownership interests in the interposed trust must be taxable Australian property just after that time.

124-1055 Consequences of the roll-over for exchanging members

- (1) A *capital gain or *capital loss you make as a result of the *scheme from each of your *ownership interests is disregarded.
- (2) If you *acquired all of your *ownership interests in the *stapled entities on or after 20 September 1985, the first element of the *cost base and *reduced cost base of each of your ownership interests in the interposed trust is such amount as is reasonable having regard to:
- (a) the total of the *cost bases of all of your ownership interests in the *stapled entities; and
 - (b) the number, *market value and character of your ownership interests in the interposed trust.

Example: Naomi had a cost base of \$2.00 for each of her 200 Public Company A shares, \$1.50 for each of her 200 Unit Trust No. 1 units and \$0.50 for each of her 200 Unit Trust No. 2 units. The total of the cost bases of all of her membership interests is \$800.00.

It is reasonable to allocate \$8.00 to each of the 100 units in the interposed trust that she receives under the reorganisation.

- (3) If you *acquired all of your *ownership interests in the *stapled entities before 20 September 1985, you are taken to have acquired all of your ownership interests in the interposed trust before that day.
- (4) If you *acquired some of your *ownership interests in the *stapled entities before 20 September 1985, you are taken to have acquired so many of your ownership interests in the interposed trust as is reasonable before that day having regard to:
- (a) the number, *market value and character of your ownership interests in the stapled entities; and
 - (b) the number, market value and character of your ownership interests in the interposed trust.

Note: Generally, a capital gain or capital loss from a CGT asset acquired before 20 September 1985 can be disregarded: see Division 104.

- (5) The first element of the *cost base and *reduced cost base of each of your *ownership interests in the interposed trust that is not taken by subsection (4) to have been *acquired before 20 September

1985 (your *post-CGT interests*) is such amount as is reasonable having regard to:

- (a) the total of the cost bases of your ownership interests in the *stapled entities that you acquired on or after 20 September 1985; and
- (b) the number, *market value and character of your post-CGT interests.

124-1060 Consequences of the roll-over for interposed trust

- (1) Apply this section separately for the interposed trust in relation to the *ownership interests in each *stapled entity that the trustee of the interposed trust *acquires under the *scheme.
- (2) A whole number of *ownership interests in a *stapled entity that the trustee *acquires under the *scheme are taken to have been acquired before 20 September 1985 if any of the stapled entity's assets as at the completion time were acquired by it before that day.

Note: Generally, a capital gain or capital loss from a CGT asset acquired before 20 September 1985 can be disregarded: see Division 104.

- (3) The number (worked out as at the completion time) is the greatest possible that (when expressed as a percentage of all the *ownership interests in the *stapled entity *acquired by the trustee) does not exceed:
 - (a) the *market value of the stapled entity's assets that it acquired before 20 September 1985; less
 - (b) its liabilities (if any) in respect of those assets;expressed as a percentage of the market value of all the stapled entity's assets less all of its liabilities. The amounts in paragraphs (a) and (b) are to be worked out as at the completion time.
- (4) The first element of the *cost base and *reduced cost base of each of the trustee's *ownership interests in that *stapled entity that are not taken by subsection (3) to have been *acquired before 20 September 1985 is such proportion as is reasonable of the total of the cost bases (as at the completion time) of that stapled entity's assets that it acquired on or after that day less its liabilities (if any) in respect of those assets.

- (5) In applying this section:
- (a) a liability of a *stapled entity that is not a liability in respect of a specific asset or assets of the stapled entity is a liability in respect of all the assets of the stapled entity; and
 - (b) if a liability is in respect of 2 or more assets, the proportion of the liability that is in respect of any one of those assets is such amount as is reasonable having regard to the *market values of each of those assets.

124-1065 Certain foreign holders disregarded

- (1) This section has effect if:
- (a) *ownership interests are owned by a foreign holder within the meaning of the *Corporations Act 2001*; and
 - (b) an agent or nominee is appointed by (or on behalf of) the foreign holder; and
 - (c) the interests are *disposed of to the interposed trust, or are cancelled; and
 - (d) as a result, the agent or nominee acquires new units or new options, rights or similar interests, or both, in the interposed trust; and
 - (e) the agent or nominee disposes of those ownership interests in the interposed trust (whether separately or together with other ownership interests covered by paragraph (d)); and
 - (f) the agent or nominee:
 - (i) gives the foreign holder an amount equivalent to the *capital proceeds of the disposal (less expenses); or
 - (ii) if the ownership interests are disposed of together with other ownership interests covered by paragraph (d)—gives the foreign holder an amount equivalent to the foreign holder's proportion of the capital proceeds of the disposal (less expenses).
- (2) This Subdivision has effect as if the foreign holder were not an exchanging member.

Table of sections

376-2	Key features of the tax offsets for Australian production expenditure on films
376-5	Structure of this Division

376-2 Key features of the tax offsets for Australian production expenditure on films

- (1) The 3 tax offsets are:
 - (a) a refundable tax offset for Australian expenditure in making an Australian film (the producer offset); and
 - (b) a refundable tax offset for Australian expenditure in making any film (the location offset); and
 - (c) a refundable tax offset for Australian expenditure on post, digital and visual effects production for any film (the PDV offset).
- (2) A company is only entitled to one of these offsets in relation to a film.
- (3) The amount of the offset is determined as a percentage of certain Australian expenditure incurred by a company in producing the film:
 - (a) the amount of the producer offset is 40% of the company's qualifying Australian production expenditure on the film if the film is a feature film, and 20% of such expenditure if the film is not a feature film; and
 - (b) the amount of the location offset is 15% of the company's qualifying Australian production expenditure on the film; and
 - (c) the amount of the PDV offset is 15% of the company's qualifying Australian production expenditure on the film that relates to post, digital and visual effects production for the film.
- (4) One of the requirements for entitlement to these offsets is that a company must be issued with a certificate for the film. The certificate will state the amount of Australian expenditure on which the offset will be determined.
- (5) The offset is claimed by a company in its income tax return.

376-5 Structure of this Division

- (1) Subdivision 376-B tells you about the different tax offsets available for films, who can get each offset and what conditions must be met to get each offset. It also tells you how to work out the amount of each offset.

Conditions relating to expenditure thresholds

- (5) The conditions in this subsection are that:

Schedule 10 Streamlining concessions for Australian films and Australian film production

Part 1 Main amendments

- (2) The **making** of a *film means the doing of the things necessary for the production of the first copy of the film.
- (3) The **making** of a *film includes:
- (a) pre-production activities in relation to the film; and
 - (b) post-production activities in relation to the film; and
 - (c) any other activities undertaken to bring the film up to the state where it could reasonably be regarded as ready to be distributed, broadcast or exhibited to the general public.
- (4) The **making** of a *film does not include:
- (a) developing the proposal for the *making of the film; or
 - (b) arranging or obtaining finance for the film; or
 - (c) distributing the film; or
 - (d) promoting the film.
- (5) Without limiting subsection (1), a company's **production expenditure** on a *film:
- (a) may be expenditure that is incurred in the income year for which the *tax offset is sought or in an earlier income year; and
 - (b) may be expenditure of either a capital or a revenue nature; and
 - (c) may be expenditure that gives rise to a deduction.
- Paragraph (c) has effect subject to item 10 of the table in section 376-135 (which deals with capital allowances).
- (6) If:
- (a) a company:
 - (i) *holds a *depreciating asset; and
 - (ii) uses the asset, while held, in the *making of a *film; and
 - (b) deductions in relation to the asset are available under Division 40 (which deals with capital allowances);
- the **production expenditure** of the company on the film includes an amount equal to the decline in the value of the asset to the extent to which that decline is reasonably attributable to the use of the asset in the making of the film (the **film proportion**). The decline in value of the asset is to be worked out using Division 40.
- Note: Under item 10 of the table in section 376-135, expenditure that sets or increases the cost of the asset does not count as production expenditure.
-

- (7) If a *balancing adjustment event occurs for the asset before the film is *completed:
- (a) if the asset's *termination value is more than its *adjustable value just before the event occurred—the *production expenditure* of the company on the film is reduced by the film proportion of the difference; or
 - (b) if the asset's termination value is less than its adjustable value just before the event occurred—the *production expenditure* of the company on the film includes the film proportion of the difference.

Expenditure of a company is also *production expenditure* of the company on a *film if it is *qualifying Australian production expenditure of the company on the film under section 376-150 or 376-165.

Note: This means that the special qualifying Australian production expenditure in sections 376-150 and 376-165 is taken into account both in working out the total amount of the company's qualifying Australian production expenditure and in working out the total amount of all the company's production expenditure on the film. The total amount of all production expenditure is relevant to a company's eligibility for the location offset: see the test in paragraph 376-20(5)(b).

Deduction for expenditure on foreign owned R&D

- (14C) An eligible company may deduct for a year of income the amount (the ***expenditure on foreign owned R&D*** by the eligible company for the year of income) worked out under subsection (14D) if:
- the eligible company incurs expenditure in the year of income at a time when the eligible company is grouped under section 73L with a foreign company; and
 - the expenditure is for the purpose of the carrying on of Australian-centred research and development activities; and
 - the activities are, are to be or were carried on wholly or primarily on behalf of the foreign company; and

- (d) the activities are, are to be or were carried on directly or indirectly under a written agreement between the eligible company and the foreign company and no other parties for the activities to be performed:
 - (i) by the eligible company; or
 - (ii) by another person directly or indirectly under another agreement to which the eligible company is, or will become, a party; and
- (e) the expenditure is not incurred in connection with an agreement that:
 - (i) is between the eligible company and another eligible company that is grouped under section 73L with the eligible company when the expenditure is incurred; and
 - (ii) is an agreement for the activities to be performed either by the eligible company or by a person who is not a party to the agreement and is to perform the activities directly or indirectly under another agreement to which the eligible company is, or will become, a party; and
- (f) the expenditure on foreign owned R&D by the eligible company for the year of income is greater than \$20,000; and
- (g) the eligible company, and each other eligible company (if any) that is grouped under section 73L with that company at any time in the year of income, is registered under section 39J of the *Industry Research and Development Act 1986* in relation to the year of income and all activities that meet both the following conditions:
 - (i) the activities are ones that, if subsection (2BA) had not been enacted, would be Australian-centred research and development activities carried on wholly or primarily on behalf of a foreign company (whether or not the activities would be such Australian-centred research and development activities taking account of that subsection);
 - (ii) the activities are ones in relation to which the eligible company or the other eligible company (as appropriate) incurred expenditure during the year of income.

Note 1: An example of the carrying on or performance of activities indirectly under an agreement that is a contract is the carrying on or performance of the activities under a subcontract, or one of a chain of subcontracts, under the agreement.

Schedule 11 Research and development

Part 1 Amendment of the Income Tax Assessment Act 1936

Note 2: One effect of paragraph (14C)(e) is that, even if the eligible company has an agreement with the foreign company for the carrying on of Australian-centred research and development activities wholly or primarily on behalf of the foreign company, the eligible company cannot deduct its expenditure:

- (a) for performing the activities as a subcontractor under a subcontract with another eligible company grouped under section 73L with the eligible company; or
- (b) if the eligible company is a subcontractor to another eligible company grouped under section 73L with the eligible company, for further subcontracting the performance of the activities.

Note 3: The eligible company may get an extra deduction under section 73QB if its expenditure on foreign owned R&D for the year of income is greater than the average of the amounts that would be the expenditure on foreign owned R&D by the eligible company for the 3 previous years of income if subsection (2BA) of this section had not been enacted.

(14D) The *expenditure on foreign owned R&D* by the eligible company for the year of income is the amount that would be the eligible company's incremental expenditure under section 73P for the year of income if:

- (a) the Australian-centred research and development activities covered by subsection (14C) (ignoring paragraphs (14C)(f) and (g)) of this section were carried on on behalf of the eligible company (and not on behalf of the foreign company mentioned in paragraph (14C)(c)); and
- (b) the only expenditure incurred by the eligible company in the year of income in relation to research and development activities had been the expenditure covered by subsection (14C) (ignoring paragraphs (14C)(f) and (g)) of this section; and
- (c) the total group markup (if any) of the eligible company for the year of income were the amount (if any) that would be worked out under subsection (14AC) of this section if the company were working out the amount of a deduction under subsection (13) or (14) of this section on the basis described in paragraphs (a) and (b) of this subsection.

Note 1: Paragraphs (14D)(a) and (b) affect what would be the eligible company's incremental expenditure by affecting expenditure described in definitions of terms (e.g. *contracted expenditure* and *salary expenditure*) used in the definition of *research and development expenditure*, on which incremental expenditure is based.

Note 2: Subsection 73P(5) excludes a company's total group markup (worked out under subsection (14AC) of this section) from the company's incremental expenditure. The markup is worked out to affect a deduction by the company under subsection (13) or (14) of this section for an amount of research and development expenditure to which subsection (14AB) of this section applies.

Note 1: The following heading to subsection 73B(15) is inserted "*Deduction for qualifying plant expenditure*".

73RA Increases in expenditure on Australian owned R&D by eligible companies

- (1) For the purposes of section 73QA, work out the *increase in expenditure on Australian owned R&D by the eligible company* as follows:

Method statement

- Step 1.* For each of the Y_0 , Y_{-1} , Y_{-2} and Y_{-3} years of income, work out the eligible company's incremental expenditure incurred in its group membership period.
- Step 2.* For each of the Y_0 , Y_{-1} , Y_{-2} and Y_{-3} years of income, work out how much (if any) of the initial clawback amount (if any) under section 73C relating to expenditure incurred by the eligible company is attributable to incremental expenditure incurred in the eligible company's group membership period.
- Step 3.* For each of those years of income, reduce (but not below zero) the result of step 1 for the year of income by the result of step 2 for the year of income. The result is the ***reduced expenditure on Australian owned R&D*** by the eligible company in its group membership period for the year of income.
- Step 4.* Add up:
- (a) the reduced expenditure on Australian owned R&D by the eligible company in its group membership period for the Y_{-1} year of income; and
 - (b) the reduced expenditure on Australian owned R&D by the eligible company in its group membership period for the Y_{-2} year of income; and
 - (c) the reduced expenditure on Australian owned R&D by the eligible company in its group membership period for the Y_{-3} year of income.
- Step 5.* Divide the result of step 4 by 3.

Step 6. Subtract the result of step 5 from the reduced expenditure on Australian owned R&D by the eligible company in its group membership period for the Y₀ year of income (see step 3). The result is the ***change in expenditure on Australian owned R&D by the eligible company.***

Note: The change in expenditure on Australian owned R&D by the eligible company may be a positive or negative number or zero.

Step 7. The ***increase in expenditure on Australian owned R&D by the eligible company*** is:

- (a) the change in expenditure on Australian owned R&D by the eligible company; or
- (b) zero, if the change in expenditure on Australian owned R&D by the eligible company is a negative number.

- (2) For the purposes of section 73QA, work out the ***total increase in expenditure on Australian owned R&D by the eligible companies in the group*** as follows:

Method statement

Step 1. For each group member that is an eligible company, work out the increase in expenditure on Australian owned R&D by the eligible company under subsection (1) of this section.

Step 2. Total the results of step 1.

73RB Increases in expenditure on foreign owned R&D by eligible companies

- (1) For the purposes of section 73QB, work out the ***increase in expenditure on foreign owned R&D by the eligible company*** as follows:

Method statement

- Step 1.* For the Y_0 year of income, work out the amount of the expenditure on foreign owned R&D by the eligible company for the year of income (see subsections 73B(14C) and (14D)) that was incurred by the company in its group membership period. The result is the ***expenditure on foreign owned R&D*** by the eligible company in its group membership period for the year of income.
- Step 2.* For the Y_0 year of income, work out how much (if any) of the initial clawback amount (if any) under section 73C relating to expenditure incurred by the eligible company is attributable to the expenditure on foreign owned R&D by the eligible company in its group membership period for the year of income.
- Step 3.* Reduce (but not below zero) the result of step 1 for the year of income by the result of step 2 for the year of income. The result is the ***reduced expenditure on foreign owned R&D*** by the eligible company in its group membership period for the Y_0 year of income.
- Step 4.* For each of the Y_{-1} , Y_{-2} and Y_{-3} years of income, work out the amount (the ***notional expenditure on foreign owned R&D*** by the eligible company in its group membership period for the year of income) of expenditure that:
- (a) was incurred by the company in its group membership period; and
 - (b) would have been expenditure on foreign owned R&D by the eligible company for the year of income (see subsections 73B(14C) and (14D)) if subsection 73B(2BA) had not been enacted.
- Note 1: This requires counting of expenditure relating to all activities that would have been research and development activities had they been carried on in accordance with a plan described in subsection 73B(2BA) (whether or not they were carried on in that way).
- Note 2: If all relevant activities were carried on in accordance with such a plan, and the eligible company's group membership period includes the whole of the year of

income, the notional expenditure on foreign owned R&D by the eligible company in its group membership period for the year of income is the same as the expenditure on foreign owned R&D by the company for the year of income.

Step 5. For each of the Y₋₁, Y₋₂ and Y₋₃ years of income, work out what would have been the amount of the eligible company's initial clawback amount (if any) under section 73C attributable to the notional expenditure on foreign owned R&D by the eligible company in its group membership period for the year of income if subsection 73B(2BA) had not been enacted.

Note: This requires counting of grants and recoupments described in section 73C relating to expenditure on projects involving activities that would have been research and development activities had they been carried on in accordance with a plan described in subsection 73B(2BA) (whether or not they were carried on in that way).

Step 6. For each of the Y₋₁, Y₋₂ and Y₋₃ years of income, reduce (but not below zero) the result of step 4 for the year of income by the result of step 5 for the year of income. The result is the **reduced notional expenditure on foreign owned R&D** by the eligible company in its group membership period for the year of income.

Step 7. Add up:

- (a) the reduced notional expenditure on foreign owned R&D by the eligible company in its group membership period for the Y₋₁ year of income; and
- (b) the reduced notional expenditure on foreign owned R&D by the eligible company in its group membership period for the Y₋₂ year of income; and
- (c) the reduced notional expenditure on foreign owned R&D by the eligible company in its group membership period for the Y₋₃ year of income.

Step 8. Divide the result of step 7 by 3.

Step 9. Subtract the result of step 8 from the reduced expenditure on foreign owned R&D by the eligible company for the Y_0 year of income (see step 3). The result is the ***change in expenditure on foreign owned R&D by the eligible company.***

Note: The change in expenditure on foreign owned R&D by the eligible company may be a positive or negative number or zero.

Step 10. The ***increase in expenditure on foreign owned R&D by the eligible company*** is:

- (a) the change in expenditure on foreign owned R&D by the eligible company; or
- (b) zero, if the change in expenditure on foreign owned R&D by the eligible company is a negative number.

- (2) For the purposes of section 73QB, work out the ***total increase in expenditure on foreign owned R&D by the eligible companies in the group*** as follows:

Method statement

Step 1. For each group member that is an eligible company, work out the increase in expenditure on foreign owned R&D by the eligible company under subsection (1) of this section.

Step 2. Total the results of step 1.

73RC Net increase in expenditure on Australian owned R&D by the group

- Step 2.* Total the results of step 1. If the result is a negative number, the ***net increase in expenditure on Australian owned R&D by the group*** is zero instead.

73RD Net increase in expenditure on foreign owned R&D by the group

For the purposes of sections 73QA and 73QB, work out the ***net increase in expenditure on foreign owned R&D by the group*** as follows:

Method statement

- Step 1.* For each eligible company that was a group member, work out under steps 1 to 9 (inclusive) of the method statement in subsection 73RB(1) the change in expenditure on foreign owned R&D by the eligible company.
- Step 2.* Total the results of step 1. If the result is a negative number, the ***net increase in expenditure on foreign owned R&D by the group*** is zero instead.

73RE Adjusted increase in expenditure on R&D by the group

Work out the ***adjusted increase in expenditure on R&D by the group*** as follows:

Method statement

- Step 1.* For each eligible company that was a group member, work out under steps 1 to 6 (inclusive) of the method statement in subsection 73RA(1) the change in

expenditure on Australian owned R&D by the eligible company.

Step 2. For each eligible company that was a group member, work out under steps 1 to 9 (inclusive) of the method statement in subsection 73RB(1) the change in expenditure on foreign owned R&D by the eligible company.

Step 3. Add up all the results of steps 1 and 2.

Note: If the sum is a negative number, the adjusted increase in expenditure on R&D by the group will be zero.

Step 4. Subtract the adjustment balance worked out under section 73V from the result of step 3. If the result is a negative number, the *adjusted increase in expenditure on R&D by the group* is zero instead.
