General disclaimer on this synthesised text document

This document presents the synthesised text for the application of the *Convention between Australia and New Zealand for the Avoidance of Double Taxation with respect to Taxes on Income and Fringe Benefits and the Prevention of Fiscal Evasion* signed on 26 June 2009 (the 'Convention'), as modified by the *Multilateral Convention to Implement Tax Treaty Related Measures to Prevent Base Erosion and Profit Shifting* ("the 'MLI'") signed by Australia and New Zealand on 7 June 2017.

This document was prepared jointly by the Australian Taxation Office and New Zealand Inland Revenue and represents their shared understanding of the modifications made to the Convention by the MLI.

The document was prepared on the basis of the MLI position of Australia submitted to the Depositary upon ratification on 26 September 2018 and of the MLI position of New Zealand submitted to the Depositary upon ratification on 27 June 2018. These MLI positions are subject to modifications as provided in the MLI. Modifications made to MLI positions could modify the effects of the MLI on the Convention.

The sole purpose of this document is to facilitate the understanding of the application of the MLI to the Convention and it does not constitute a source of law. The authentic legal texts of the Convention and the MLI take precedence and remain the legal texts applicable.

The provisions of the MLI that are applicable with respect to the provisions of the Convention are included in boxes throughout the text of this document in the context of the relevant provisions of the Convention. The boxes containing the provisions of the MLI have generally been inserted in accordance with the ordering of the provisions of the 2017 OECD Model Tax Convention.

Changes to the text of the provisions of the MLI have been made to conform the terminology used in the MLI to the terminology used in the Convention (such as 'Covered Tax Agreement' or 'Agreement' and 'Convention', 'Contracting Jurisdictions' and 'Contracting States'), to ease the comprehension of the provisions of the MLI. The changes in terminology are intended to increase the readability of the document and are not intended to change the substance of the provisions of the MLI. Similarly, changes have been made to parts of provisions of the MLI that describe existing provisions of the Convention: descriptive language has been replaced by legal references of the existing provisions to ease the readability.

In all cases, references made to the provisions of the Convention or to the Convention must be understood as referring to the Convention as modified by the provisions of the MLI, provided such provisions of the MLI have taken effect.

In the absence of such agreement, such person shall not be entitled to any relief or exemption from tax provided by [*the Convention*].

Article 5

PERMANENT ESTABLISHMENT

1. For the purposes of this Convention, the term 'permanent establishment' means a fixed place of business through which the business of the enterprise is wholly or partly carried on.

2. The term 'permanent establishment' includes especially:

- a) a place of management;
- b) a branch;
- c) an office;
- d) a factory;
- e) a workshop;
- f) a mine, an oil or gas well, a quarry or any other place of extraction of natural resources; and

3. **[MODIFIED by paragraph 1 of Article 14 of the MLI]**¹ *A building site or a construction, installation or assembly project shall constitute a permanent establishment but only if it lasts more than 6 months.*

4. Notwithstanding the provisions of paragraphs 1, 2 and 3, where an enterprise of a Contracting State:

- a) performs services in the other Contracting State
 - (i) through an individual who is present in that other State for a period or periods exceeding in the aggregate 183 days in any twelve month period, and more than 50 per cent of the gross revenues attributable to active business activities of the enterprise during this period or periods are derived from the services performed in that other State through that individual, or
 - (ii) for a period or periods exceeding in the aggregate 183 days in any twelve month period, and these services are performed for the same project or for connected projects through one or more individuals who are present and performing such services in that other State;

¹ Refer to text box immediately following Article 5(6) of the Convention.

- b) carries on activities (including the operation of substantial equipment) in the other State in the exploration for or exploitation of natural resources or standing timber situated in that other State for a period or periods exceeding in the aggregate 90 days in any twelve month period; or
- c) operates substantial equipment in the other State (including as provided in subparagraph b)) for a period or periods exceeding in the aggregate 183 days in any twelve month period,

such activities shall be deemed to be carried on through a permanent establishment of the enterprise situated in that other State, unless the activities are limited to those mentioned in paragraph 7 which, if exercised through a fixed place of business, would not make this place of business a permanent establishment under the provisions of that paragraph.

5. For the purposes of subparagraph a)(ii) of paragraph 4, services performed by an individual on behalf of one enterprise shall not be considered to be performed by another enterprise through that individual unless that other enterprise supervises, directs or controls the manner in which these services are performed by the individual. Furthermore, services performed through an individual who is present and performing such services in a State for any period not exceeding 5 days shall be disregarded for the purposes of subparagraph a)(ii) of paragraph 4, unless such services are performed by that individual in that State on a regular or frequent basis.

6. **[REPLACED by paragraph 1 of Article 14 of the MLI but only to the extent that the provisions below address the division of contracts into multiple parts to avoid the application of the time period in paragraph 3 in relation to the existence of a permanent establishment for a building site or a construction, installation or assembly project]**

- a) *The duration of activities under paragraphs 3 and 4 will be determined by aggregating the periods during which activities are carried on in a Contracting State by associated enterprises provided that the activities of the enterprise in that State are connected with the activities carried on in that State by its associate.*
- b) *The period during which two or more associated enterprises are carrying on concurrent activities will be counted only once for the purpose of determining the duration of activities.*
- c) *Under this Article, an enterprise shall be deemed to be associated with another enterprise if:*
 - i) *one is controlled directly or indirectly by the other; or*
 - ii) *both are controlled directly or indirectly by the same person or persons.*

The following paragraph 1 of Article 14 of the MLI replaces paragraph 6 of Article 5 of this Convention, but only to the extent that such paragraph addresses the division of contracts into multiple parts to avoid the application of the time period in paragraph 3 of Article 5 of this Convention:

ARTICLE 14 OF THE MLI – SPLITTING-UP OF CONTRACTS

For the sole purpose of determining whether the [6 month period] referred to in [paragraph 3 of Article 5 of the Convention] has been exceeded:

- a) where an enterprise of a [Contracting State] carries on activities in the other [Contracting State] at a place that constitutes [a building site or a construction, installation or assembly project], and these activities are carried on during one or more periods of time that, in the aggregate, exceed 30 days without exceeding [6 months]; and
- b) where connected activities are carried on in that other [Contracting State] at

the same [*building site or construction, installation or assembly project*]
during different periods of time, each exceeding 30 days, by one or more
enterprises closely related to the first-mentioned enterprise,

these different periods of time shall be added to the aggregate period of time during which
the first-mentioned enterprise has carried on activities [*at that building site or construction,
installation or assembly project*].

7. **[MODIFIED by paragraph 4 of Article 13 of the MLI]** *Notwithstanding the preceding provisions of this Article, the term 'permanent establishment' shall be deemed not to include:*

- a) *the use of facilities solely for the purpose of storage, display or delivery of goods or merchandise belonging to the enterprise;*
- b) *the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of storage, display or delivery;*
- c) *the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of processing by another enterprise;*
- d) *the maintenance of a fixed place of business solely for the purpose of purchasing goods or merchandise or of collecting information, for the enterprise;*
- e) *the maintenance of a fixed place of business solely for the purpose of carrying on, for the enterprise, any other activity of a preparatory or auxiliary character;*
- f) *the maintenance of a fixed place of business solely for any combination of activities mentioned in sub-paragraphs a) to e) of this paragraph,*

provided that such activities are, in relation to the enterprise, of a preparatory or auxiliary character.

The following paragraph 4 of Article 13 of the MLI applies to paragraph 7 of Article 5 of this Convention:

ARTICLE 13 OF THE MLI – ARTIFICIAL AVOIDANCE OF PERMANENT
ESTABLISHMENT STATUS THROUGH THE SPECIFIC ACTIVITY EXEMPTIONS

[*Paragraph 7 of Article 5 of the Convention*] shall not apply to a fixed place of business that is used or maintained by an enterprise if the same enterprise or a closely related enterprise carries on business activities at the same place or at another place in the same [*Contracting State*] and:

- a) that place or other place constitutes a permanent establishment for the enterprise or the closely related enterprise under the provisions of [*Article 5 of the Convention*]; or
- b) the overall activity resulting from the combination of the activities carried on by the two enterprises at the same place, or by the same enterprise or closely related enterprises at the two places, is not of a preparatory or auxiliary character,

provided that the business activities carried on by the two enterprises at the same place, or by the same enterprise or closely related enterprises at the two places, constitute complementary functions that are part of a cohesive business operation.

8. Notwithstanding the provisions of paragraphs 1 and 2, where a person—other than an agent of an independent status to whom paragraph 9 applies—is acting on behalf of an enterprise and:

- a) has, and habitually exercises, in a Contracting State an authority to substantially negotiate or conclude contracts on behalf of the enterprise; or
- b) manufactures or processes in a Contracting State for the enterprise goods or merchandise belonging to the enterprise,

that enterprise shall be deemed to have a permanent establishment in that State in respect of any activities which that person undertakes for the enterprise, unless the activities of such person are limited to those mentioned in paragraph 7 which, if exercised through a fixed place of business, would not make this fixed place of business a permanent establishment under the provisions of that paragraph.

9. An enterprise shall not be deemed to have a permanent establishment in a Contracting State merely because it carries on business in that State through a person who is a broker, general commission agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their business as such a broker or agent.

10. The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

11. The principles set forth in the preceding paragraphs of this Article shall be applied in determining for the purposes of paragraph 7 of Article 11 and paragraph 5 of Article 12 whether there is a permanent establishment outside both Contracting States, and whether an enterprise, not being an enterprise of a Contracting State, has a permanent establishment in a Contracting State.

The following paragraph 1 of Article 15 of the MLI applies to provisions of this Convention:

ARTICLE 15 OF THE MLI – DEFINITION OF A PERSON CLOSELY RELATED TO AN ENTERPRISE

For the purposes of the provisions of [Article 5 of the Convention], a person is closely related to an enterprise if, based on all the relevant facts and circumstances, one has control of the other or both are under the control of the same persons or enterprises. In any case, a person shall be considered to be closely related to an enterprise if one possesses directly or indirectly more than 50 per cent of the beneficial interest in the other (or, in the case of a company, more than 50 per cent of the aggregate vote and value of the company's shares or of the beneficial equity interest in the company) or if another person possesses directly or indirectly more than 50 per cent of the beneficial interest (or, in the case of a company, more than 50 per cent of the aggregate vote and value of the company's shares or of the beneficial equity interest in the company) in the person and the enterprise.

CHAPTER III
TAXATION OF INCOME AND FRINGE BENEFITS

Article 6
INCOME FROM REAL PROPERTY

1. Income derived by a resident of a Contracting State from real property (including profits of an enterprise from agriculture, forestry or fishing) may be taxed in the Contracting State in which the real property is situated.
2. The term 'real property' shall have the meaning which it has under the law of the Contracting State in which the property in question is situated and includes:
 - a) any natural resources, property accessory to real property, rights to which the provisions of general law respecting real property apply, and rights to standing timber;
 - b) a lease of land and any other interest in or over land, whether improved or not, including a right to explore for natural resources, and a right to exploit those resources; and
 - c) a right to receive variable or fixed payments either as consideration for or in respect of the exploitation of, or for the right to explore for or exploit, natural resources.

Ships, boats and aircraft shall not be regarded as real property.

3. Any interest or right referred to in paragraph 2 shall be regarded as situated where the land, natural resources or standing timber, as the case may be, are situated or where the exploration may take place.
4. The provisions of paragraph 1 shall apply to income derived from the direct use, letting, or use in any other form of real property.

The provisions of paragraphs 1, 3 and 4 shall also apply to the income from real property of an enterprise. The profits of the enterprise shall be determined in accordance with the principles of paragraphs 2 and 3 of Article 7 as if such income were attributable to a permanent establishment in the Contracting State in which the real property is situated.

Article 7
BUSINESS PROFITS

1. The profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the profits of the enterprise may be taxed in the other State but only so much of them as is attributable to that permanent establishment.
2. Subject to the provisions of paragraph 3, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.
3. In determining the profits of a permanent establishment, there shall be allowed as deductions expenses of the enterprise, being expenses which are incurred for the purposes of the permanent establishment, including executive and general administrative expenses so

incurred, whether incurred in the Contracting State in which the permanent establishment is situated or elsewhere.

4. Nothing in this Article shall affect the application of any law of a Contracting State relating to the determination of the tax liability of a person, including determinations in cases where the information available to the competent authority of that State is inadequate to determine the profits to be attributed to a permanent establishment, provided that that law shall be applied, so far as it is practicable to do so, consistently with the principles of this Article.

5. Where profits include items of income which are dealt with separately in other Articles of this Convention, then the provisions of those Articles shall not be affected by the provisions of this Article.

6. Nothing in this Article shall affect the application of any law of a Contracting State relating to tax imposed on income from insurance with non-resident insurers.

7. Where:

- a) a resident of a Contracting State beneficially owns (whether as a direct beneficiary of a trust or through one or more interposed trusts) a share of the profits of a business of an enterprise carried on in the other Contracting State by the trustee of a trust other than a trust which is treated as a company for tax purposes; and
- b) in relation to that enterprise, that trustee has or would have, if it were a resident of the first-mentioned State, a permanent establishment in the other State,

then the business of the enterprise carried on by the trustee through such permanent establishment shall be deemed to be a business carried on in the other State by that resident through a permanent establishment situated in that other State and the resident's share of profits may be taxed in the other State but only so much of them as is attributable to that permanent establishment.

8. No adjustments to the profits attributable to a permanent establishment of an enterprise for a year of income shall be made by a Contracting State after the expiration of 7 years from the date on which the enterprise has completed the tax filing requirements of that State for that year of income. The provisions of this paragraph shall not apply in the case of fraud, gross negligence or wilful default or where, within that period of 7 years, an audit into the profits of the enterprise has been initiated by either State.

Article 8

SHIPPING AND AIR TRANSPORT

1. Profits of an enterprise of a Contracting State derived from the operation of ships or aircraft in international traffic shall be taxable only in that State.

2. Notwithstanding the provisions of paragraph 1, amounts paid or payable to an enterprise of a Contracting State for carriage by ship or aircraft of passengers, livestock, mail, goods or merchandise which are shipped in the other Contracting State and are discharged at a place in that other State, or for leasing on a full basis of a ship or aircraft for purposes of such carriage, may be taxed in that other State.

3. The profits to which the provisions of paragraphs 1 and 2 apply include profits from the operation of ships or aircraft derived through participation in a pooling arrangement or other profit sharing arrangement.

4. For the purposes of this Article, profits from the operation of ships or aircraft in international traffic include profits from the use, maintenance or rental of containers (including trailers and related equipment for the transport of containers) used in the transport

of goods or merchandise, provided that such use, maintenance or rental is directly connected or ancillary to the operation of ships or aircraft in international traffic.

Article 9

ASSOCIATED ENTERPRISES

1. Where
 - a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State, or
 - b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State,

and in either case conditions operate between the two enterprises in their commercial or financial relations which differ from those which might be expected to operate between independent enterprises dealing wholly independently with one another, then any profits which, but for those conditions, might have been expected to accrue to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

2. Nothing in this Article shall affect the application of any law of a Contracting State relating to the determination of the tax liability of a person, including determinations in cases where the information available to the competent authority of that State is inadequate to determine the profits accruing to an enterprise, provided that that law shall be applied, so far as it is practicable to do so, consistently with the principles of this Article.

3. Where a Contracting State includes in the profits of an enterprise of that State — and taxes accordingly — profits on which an enterprise of the other Contracting State has been charged to tax in that other State and the profits so included are profits which might have been expected to have accrued to the enterprise of the first-mentioned State if the conditions operative between the enterprises had been those which might have been expected to have operated between independent enterprises dealing wholly independently with one another, then that other State shall make an appropriate adjustment to the amount of the tax charged therein on those profits. In determining such adjustment, due regard shall be had to the other provisions of this Convention and the competent authorities of the Contracting States shall if necessary consult each other.

4. No adjustments to the profits of an enterprise for a year of income shall be made by a Contracting State in accordance with the provisions of paragraphs 1 and 2 after the expiration of 7 years from the date on which the enterprise has completed the tax filing requirements of that State for that year of income. The provisions of this paragraph shall not apply in the case of fraud, gross negligence or wilful default or where, within that period of 7 years, an audit into the profits of an enterprise has been initiated by that State.

Article 10

DIVIDENDS

1. Dividends paid by a company which is a resident of a Contracting State, being dividends beneficially owned by a resident of the other Contracting State, may be taxed in that other State.

2. However, such dividends may also be taxed in the Contracting State of which the company paying the dividends is a resident, and according to the laws of that State, but the tax so charged shall not exceed:

- a) **[MODIFIED by paragraph 1 of Article 8 of the MLI]**² 5 per cent of the gross amount of the dividends if the beneficial owner of those dividends is a company which holds directly at least 10 per cent of the voting power in the company paying the dividends; and
- b) 15 per cent of the gross amount of the dividends in all other cases.

This paragraph shall not affect the taxation of the company in respect of the profits out of which the dividends are paid.

3. **[The minimum holding period in the following paragraph is REPLACED by the minimum holding period in paragraph 1 of Article 8 of the MLI]** *Notwithstanding the provisions of paragraph 2 of this Article, dividends shall not be taxed in the Contracting State of which the company paying the dividends is a resident if the beneficial owner of the dividends is a company that is a resident of the other Contracting State that has owned, directly or indirectly through one or more residents of either Contracting State, shares representing 80 per cent or more of the voting power of the company paying the dividends for a 12 month period ending on the date the dividend is declared and the company that is the beneficial owner of the dividends:*

- a) *has its principal class of shares listed on a recognised stock exchange specified in subsubparagraph 1 l)(i) or (ii) of Article 3 and is regularly traded on one or more recognised stock exchanges;*
- b) *is owned directly or indirectly by one or more companies:*
 - i) *whose principal class of shares is listed on a recognised stock exchange specified in subsubparagraph 1 l)(i) or (ii) of Article 3 and is regularly traded on one or more recognised stock exchanges; or*
 - ii) *which, if that company or each of those companies owned directly the holding in respect of which the dividends are paid, would be entitled to equivalent benefits in respect of such dividends under a tax treaty between the State of which that company is a resident and the Contracting State of which the company paying the dividends is a resident; or*
- c) *does not meet the requirements of subparagraphs a) or b) of this paragraph but the competent authority of the first-mentioned Contracting State determines that the first sentence of paragraph 9 of this Article does not apply. The competent authority of the first-mentioned Contracting State shall consult the competent authority of the other Contracting State before refusing to grant benefits of this Convention under this subparagraph.*

The following paragraph 1 of Article 8 of the MLI applies to subparagraph (a) of paragraph 2 of Article 10 of this Convention and replaces the minimum holding period in paragraph 3 of Article 10 of this Convention:

ARTICLE 8 OF THE MLI – DIVIDEND TRANSFER TRANSACTIONS

[Subparagraph (a) of paragraph 2 and paragraph 3 of Article 10 of the Convention] shall apply only if the ownership conditions described in those provisions are met throughout a 365 day period that includes the day of the payment of the dividends (for the purpose of computing that period, no account shall be taken of changes of ownership that would directly result from a corporate reorganisation, such as merger or divisive reorganisation, of the company that holds the shares or that pays the dividends).

² Refer to text box immediately following Article 10(3) of the Convention.

4. Notwithstanding the provisions of paragraph 2, dividends shall not be taxed in the Contracting State of which the company paying the dividends is a resident if the beneficial owner of the dividends holds directly no more than 10 per cent of the voting power of the company paying the dividends, and the beneficial owner is a Contracting State, or political subdivision or a local authority thereof (including a government investment fund).
5. The term 'dividends' as used in this Article means income from shares or other rights participating in profits, as well as other amounts which are subjected to the same taxation treatment as income from shares by the laws of the State of which the company making the distribution is a resident for the purposes of its tax.
6. The provisions of paragraphs 1, 2, 3 and 4 shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident through a permanent establishment situated therein and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment. In such case the provisions of Article 7 shall apply.
7. Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other State may not impose any tax on the dividends paid by the company—being dividends beneficially owned by a person who is not a resident of the other Contracting State—except insofar as the holding in respect of which such dividends are paid is effectively connected with a permanent establishment situated in that other State, nor subject the company's undistributed profits to a tax on the company's undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in such other State.
8. Notwithstanding paragraph 7, dividends paid by a company which is a resident of Australia for the purposes of Australian tax and which is also a resident of New Zealand for the purposes of New Zealand tax may be taxed in a Contracting State to the extent that the dividends are paid out of profits or income arising in that State. Where such dividends are beneficially owned by a resident of the other Contracting State, paragraphs 2 and 3 of this Article shall apply as if the company paying the dividends were a resident only of the first-mentioned State.
9. **[REPLACED by paragraph 1 and paragraph 4 of Article 7 of the MLI]**³ *No relief shall be available under this Article if it is the main purpose or one of the main purposes of any person concerned with an assignment of the dividends, or with the creation or assignment of the shares or other rights in respect of which the dividend is paid, or the establishment, acquisition or maintenance of the company that is the beneficial owner of the dividends and the conduct of its operations, to take advantage of this Article. In any case where a Contracting State intends to apply this paragraph, the competent authority of that State shall consult with the competent authority of the other Contracting State.*

Article 11

INTEREST

1. Interest arising in a Contracting State and beneficially owned by a resident of the other Contracting State may be taxed in that other State.
2. However, such interest may also be taxed in the Contracting State in which it arises and according to the laws of that State, but the tax so charged shall not exceed 10 per cent of the gross amount of the interest.

³ Refer to text box immediately following Article 28 of the Convention.

3. Notwithstanding paragraph 2, interest arising in a Contracting State and beneficially owned by a resident of the other Contracting State may not be taxed in the first-mentioned State if:

- a) the interest is derived by a Contracting State or by a political sub-division or a local authority thereof (including a government investment fund), or by a bank performing central banking functions in a Contracting State; or
- b) the interest is derived by a financial institution which is unrelated to and dealing wholly independently with the payer. For the purposes of this Article, the term 'financial institution' means a bank or other enterprise substantially deriving its profits by raising debt finance in the financial markets or by taking deposits at interest and using those funds in carrying on a business of providing finance.

4. Notwithstanding paragraph 3, interest referred to in subparagraph *b)* of that paragraph may be taxed in the State in which it arises at a rate not exceeding 10 per cent of the gross amount of the interest if:

- a) in the case of interest arising in New Zealand, it is paid by a person that has not paid approved issuer levy in respect of the interest. This subparagraph *a)* shall not apply if New Zealand does not have an approved issuer levy, or the payer of the interest is not eligible to elect to pay the approved issuer levy, or if the rate of the approved issuer levy payable in respect of such interest exceeds two percent of the gross amount of the interest. For the purposes of this Article, 'approved issuer levy' includes any identical or substantially similar charge payable by the payer of interest arising in New Zealand enacted after the date of this Convention in place of approved issuer levy; or
- b) it is paid as part of an arrangement involving back-to-back loans or other arrangement that is economically equivalent and intended to have a similar effect to back-to-back loans.

5. The term 'interest' as used in this Article means income from debt-claims of every kind, whether or not secured by mortgage and whether or not carrying a right to participate in the debtor's profits, and in particular, income from government securities and income from bonds or debentures, as well as all other income treated as income from money lent by the laws, relating to tax, of the Contracting State in which the income arises, but does not include any income which is treated as a dividend under Article 10.

6. The provisions of paragraphs 1 and 2, subparagraph *b)* of paragraph 3 and paragraph 4 of this Article shall not apply if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other Contracting State in which the interest arises through a permanent establishment situated therein and the debt-claim in respect of which the interest is paid is effectively connected with such permanent establishment. In such case the provisions of Article 7 shall apply.

7. Interest shall be deemed to arise in a Contracting State when the payer is a resident of that State for the purposes of its tax. Where, however, the person paying the interest, whether the person is a resident of a Contracting State or not, has in a Contracting State or outside both Contracting States a permanent establishment in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by or deductible in determining the profits attributable to such permanent establishment, then such interest shall be deemed to arise in the State in which the permanent establishment is situated.

8. Where, by reason of a special relationship between the payer and the beneficial owner, or between both of them and some other person, the amount of the interest, having regard to the debt-claim for which it is paid, exceeds the amount which might have been expected to have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount.

In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

9. **[REPLACED by paragraph 1 and paragraph 4 of Article 7 of the MLI]**⁴ *No relief shall be available under this Article if it was the main purpose or one of the main purposes of any person concerned with the assignment of the interest, the creation or assignment of the debt-claim or other rights in respect of which the interest is paid, or the establishment, acquisition or maintenance of the person which is the beneficial owner of the interest or the conduct of its operations, to take advantage of this Article. In any case where a Contracting State intends to apply this paragraph, the competent authority of that State shall consult with the competent authority of the other Contracting State.*

Article 12

ROYALTIES

1. Royalties arising in a Contracting State and beneficially owned by a resident of the other Contracting State may be taxed in that other State.

2. However, such royalties may also be taxed in the Contracting State in which they arise, and according to the laws of that State, but the tax so charged shall not exceed 5 per cent of the gross amount of the royalties.

3. The term 'royalties' as used in this Article means payments or credits, whether periodical or not, and however described or computed, to the extent to which they are made as consideration for:

- a) the use of, or the right to use, any copyright, patent, design or model, plan, secret formula or process, trademark or other like property or right;
- b) the supply of information concerning technical, industrial, commercial or scientific experience;

- f) total or partial forbearance in respect of the use or supply of any property or right referred to in this paragraph.

4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the royalties, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties arise through a permanent establishment situated therein and the right or property in respect of which the royalties are paid or credited is effectively connected with such permanent establishment. In such case the provisions of Article 7 shall apply.

5. Royalties shall be deemed to arise in a Contracting State when the payer is a resident of that State for the purposes of its tax. Where, however, the person paying the

royalties, whether the person is a resident of a Contracting State or not, has in a Contracting State or outside both Contracting States a permanent establishment in connection with which the liability to pay the royalties was incurred, and the royalties are borne by or deductible in determining the profits attributable to such permanent establishment, then such royalties shall be deemed to arise in the State in which the permanent establishment is situated.

6. Where, by reason of a special relationship between the payer and the beneficial owner of the royalties, or between both of them and some other person, the amount of the royalties paid or credited, having regard to what they are paid or credited for, exceeds the amount which might have been expected to have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments or credits shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

7. **[REPLACED by paragraph 1 and paragraph 4 of Article 7 of the MLI]**⁵ *No relief shall be available under this Article if it was the main purpose or one of the main purposes of any person concerned with an assignment of the royalties, or with the creation or assignment of the rights in respect of which the royalties are paid or credited, to take advantage of this Article by means of that creation or assignment. In any case where a Contracting State intends to apply this paragraph, the competent authority of that State shall consult with the competent authority of the other Contracting State.*

⁵ Refer to text box immediately following Article 28 of the Convention.

5. Gains of a capital nature from the alienation of any property, other than that referred to in the preceding paragraphs, shall be taxable only in the Contracting State of which the alienator is a resident.

6. Where an individual who upon ceasing to be a resident of a Contracting State, is treated under the taxation law of that State as having alienated any property and is taxed in that State by reason thereof, the individual may elect to be treated for the purposes of taxation in the other Contracting State as if the individual had, immediately before ceasing to be a resident of the first-mentioned State, alienated and reacquired the property for an amount equal to its fair market value at that time.

7. 2. The taxation on a permanent establishment which an enterprise of a Contracting State has in the other Contracting State shall not be less favourably levied in that other State than the taxation levied on enterprises of that other State carrying on the same activities in similar circumstances. Where a person considers that the actions of one or both of the [Contracting States] result or will result for that person in taxation not in accordance with the provisions of [the Convention], that person may, irrespective of the remedies provided by the domestic law of those [Contracting States], present the case to the competent authority of either [Contracting State].

2. The competent authority shall endeavour, if the claim appears to it to be justified and if it is not itself able to arrive at a satisfactory solution, to resolve the case by mutual agreement with the competent authority of the other Contracting State, with a view to the avoidance of taxation which is not in accordance with the Convention. Any agreement reached shall be implemented notwithstanding any time limits in the domestic law of the Contracting States.
3. The competent authorities of the Contracting States shall endeavour to resolve by mutual agreement any difficulties or doubts arising as to the interpretation or application of the Convention. They may also consult together for the elimination of double taxation in cases not provided for in the Convention.

4. The competent authorities of the Contracting States may communicate with each other directly for the purpose of reaching an agreement in the sense of the preceding paragraphs.

5. For the purposes of paragraph 3 of Article XXII (Consultation) of the General Agreement on Trade in Services, the Contracting States agree that, notwithstanding that paragraph, any dispute between them as to whether a measure falls within the scope of this Convention may be brought before the Council for Trade in Services, as provided by that paragraph, only with the consent of both Contracting States. Any doubt as to the interpretation of this paragraph shall be resolved under paragraph 3 of this Article or, failing agreement under that procedure, pursuant to any other procedure agreed to by both Contracting States.

6. **[REPLACED by Part VI of the MLI]** *Where,*

- a) *under paragraph 1, a person has presented a case to the competent authority of a Contracting State on the basis that the actions of one or both of the Contracting States have resulted for that person in taxation not in accordance with the provisions of this Convention, and*
- b) *the competent authorities are unable to reach an agreement to resolve that case pursuant to paragraph 2 within two years from the presentation of the case to the competent authority of the other Contracting State,*

any unresolved issues arising from the case shall be submitted to arbitration if the person so requests. These unresolved issues shall not, however, be submitted to arbitration if a decision on these issues has already been reserved or rendered by a court or administrative tribunal of either State. Unless a person directly affected by the case does not accept the mutual agreement that implements the arbitration decision, that decision shall be binding on both Contracting States and shall be implemented notwithstanding any time limits in the domestic laws of these States. The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of this paragraph.

7. **[REPLACED by Part VI of the MLI]** *f The issues to which the provisions of paragraph 6 apply are:*

- a) *issues of fact; and*
- b) *issues which the Government of Australia and the Government of New Zealand agree, in an Exchange of Notes, shall be covered by the provisions of paragraph 6.*

The following Part VI of the MLI replaces paragraphs 6 and 7 of Article 25 of this Convention:

PART VI OF THE MLI - ARBITRATION

Article 19 (Mandatory Binding Arbitration) of the MLI

1. Where:

- a) *under [paragraph 1 of Article 25 of the Convention], a person has presented a case to the competent authority of a [Contracting State] on the basis that the actions of one or both of the [Contracting States] have resulted for that person in taxation not in accordance with the provisions of [the Convention]; and*
- b) *the competent authorities are unable to reach an agreement to resolve that case pursuant to [paragraph 2 of Article 25 of the Convention], within a period of two years beginning on the start date referred to in paragraph 8 or 9 [of Article 19 of the MLI], as the case may be (unless, prior to the expiration of that period the competent authorities of the [Contracting States] have agreed to a different time period with respect to that case and have*

notified the person who presented the case of such agreement).

any unresolved issues arising from the case shall, if the person so requests in writing, be submitted to arbitration in the manner described in this Part, according to any rules or procedures agreed upon by the competent authorities of the [*Contracting States*] pursuant to the provisions [*of paragraph 10 of Article 19 of the MLI*].

2. Where a competent authority has suspended the mutual agreement procedure referred to in paragraph 1 [*of Article 19 of the MLI*] because a case with respect to one or more of the same issues is pending before court or administrative tribunal, the period provided in subparagraph b) of paragraph 1 [*of Article 19 of the MLI*] will stop running until either a final decision has been rendered by the court or administrative tribunal or the case has been suspended or withdrawn. In addition, where a person who presented a case and a competent authority have agreed to suspend the mutual agreement procedure, the period provided in subparagraph b) of paragraph 1 [*of Article 19 of the MLI*] will stop running until the suspension has been lifted.

3. Where both competent authorities agree that a person directly affected by the case has failed to provide in a timely manner any additional material information requested by either competent authority after the start of the period provided in subparagraph b) of paragraph 1 [*of Article 19 of the MLI*], the period provided in subparagraph b) of paragraph 1 [*of Article 19 of the MLI*] shall be extended for an amount of time equal to the period beginning on the date by which the information was requested and ending on the date on which that information was provided.

4. a) The arbitration decision with respect to the issues submitted to arbitration shall be implemented through the mutual agreement concerning the case referred to in paragraph 1 [*of Article 19 of the MLI*]. The arbitration decision shall be final.
- b) The arbitration decision shall be binding on both [*Contracting States*] except in the following cases:
- i) if a person directly affected by the case does not accept the mutual agreement that implements the arbitration decision. In such a case, the case shall not be eligible for any further consideration by the competent authorities. The mutual agreement that implements the arbitration decision on the case shall be considered not to be accepted by a person directly affected by the case if any person directly affected by the case does not, within 60 days after the date on which notification of the mutual agreement is sent to the person, withdraw all issues resolved in the mutual agreement implementing the arbitration decision from consideration by any court or administrative tribunal or otherwise terminate any pending court or administrative proceedings with respect to such issues in a manner consistent with that mutual agreement.
 - ii) if a final decision of the courts of one of the [*Contracting States*] holds that the arbitration decision is invalid. In such a case, the request for arbitration under paragraph 1 [*of Article 19 of the MLI*] shall be considered not to have been made, and the arbitration process shall be considered not to have taken place (except for the purposes of Articles 21 (Confidentiality of Arbitration Proceedings) and 25 (Costs of Arbitration Proceedings)) [*of the MLI*]. In such a case, a new request for arbitration may be made unless the competent authorities agree that such a new request should not be permitted.
 - iii) if a person directly affected by the case pursues litigation on the issues which were resolved in the mutual agreement implementing

the arbitration decision in any court or administrative tribunal.

5. The competent authority that received the initial request for a mutual agreement procedure as described in subparagraph a) of paragraph 1 [*of Article 19 of the MLI*] shall, within two calendar months of receiving the request:

- a) send a notification to the person who presented the case that it has received the request; and
- b) send a notification of that request, along with a copy of the request, to the competent authority of the other [*Contracting State*].

6. Within three calendar months after a competent authority receives the request for a mutual agreement procedure (or a copy thereof from the competent authority of the other [*Contracting State*]) it shall either:

- a) notify the person who has presented the case and the other competent authority that it has received the information necessary to undertake substantive consideration of the case; or
- b) request additional information from the person for that purpose.

7. Where pursuant to subparagraph b) of paragraph 6 [*of Article 19 of the MLI*], one or both of the competent authorities have requested from the person who presented the case additional information necessary to undertake substantive consideration of the case, the competent authority that requested the additional information shall, within three calendar months of receiving the additional information from that person, notify that person and the other competent authority either:

- a) that it has received the requested information; or
- b) that some of the requested information is still missing.

8. Where neither competent authority has requested additional information pursuant to subparagraph b) paragraph 6 [*of Article 19 of the MLI*], the start date referred in paragraph 1 [*of Article 19 of the MLI*] shall be the earlier of:

- a) the date on which both competent authorities have notified the person who presented the case pursuant to subparagraph a) of paragraph 6 [*of Article 19 of the MLI*]; and
- b) the date that is three calendar months after the notification to the competent authority of the other [*Contracting State*] pursuant to subparagraph b) of paragraph 5 [*of Article 19 of the MLI*].

9. Where additional information has been requested pursuant to subparagraph b) of paragraph 6 [*of Article 19 of the MLI*], the start date referred to in paragraph 1 [*of Article 19 of the MLI*] shall be the earlier of:

- a) the latest date on which the competent authorities that requested additional information have notified the person who presented the case and the other competent authority pursuant to subparagraph a) of paragraph 7 [*of Article 19 of the MLI*]; and
- b) the date that is three calendar months after both competent authorities have received all information requested by either competent authority from the person who presented the case.

If, however, one or both of the competent authorities send the notification referred to in subparagraph b) of paragraph 7 [*of Article 19 of the MLI*], such notification shall be treated as a request for additional information under subparagraph b) of paragraph 6 [*of Article 19 of the MLI*].

10. The competent authorities of the [*Contracting States*] shall by mutual agreement pursuant to [*Article 25 of the Convention*] settle the mode of application of the provisions

contained in this Part, including the minimum information necessary for each competent authority to undertake substantive consideration of the case. Such an agreement shall be concluded before the date on which unresolved issues in a case are first eligible to be submitted to arbitration and may be modified from time to time thereafter.

11. *Omitted.*

12. a) any unresolved issue arising from a mutual agreement procedure case otherwise within the scope of the arbitration process provided for by *[the MLI]* shall not be submitted to arbitration, if a decision on this issue has already been rendered by a court or administrative tribunal of either *[Contracting State]*;
- b) if, at any time after a request for arbitration has been made and before the arbitration panel has delivered its decision to the competent authorities of the *[Contracting States]*, a decision concerning the issue is rendered by a court or administrative tribunal of one of the *[Contracting States]*, the arbitration process shall terminate.

Article 20 (Appointment of Arbitrators) of the MLI

1. Except to the extent that the competent authorities of the *[Contracting States]* mutually agree on different rules, paragraph 2 through 4 *[of Article 20 of the MLI]* shall apply for the purposes of this Part.

2. The following rules shall govern the appointment of the members of an arbitration panel:

- a) The arbitration panel shall consist of three individual members with expertise or experience in international tax matters.
- b) Each competent authority shall appoint one panel member within 60 days of the date of the request for arbitration under paragraph 1 of Article 19 *[of the MLI]*. The two panel members so appointed shall, within 60 days of the latter of their appointments, appoint a third member who shall serve as Chair of the arbitration panel. The Chair shall not be a national or resident of either *[Contracting State]*.
- c) Each member appointed to the arbitration panel must be impartial and independent of the competent authorities, tax administrations, and ministries of finance of the Contracting States and of all persons directly affected by the case (as well as their advisors) at the time of accepting an appointment, maintain his or her impartiality and independence throughout the proceedings, and avoid any conduct for a reasonable period of time thereafter which may damage the appearance of impartiality and independence of the arbitrators with respect to the proceedings.

3. In the event that the competent authority of a *[Contracting State]* fails to appoint a member of the arbitration panel in the manner and within the time periods specified in paragraph 2 *[of Article 20 of the MLI]* or agreed to by the competent authorities of the *[Contracting States]*, a member shall be appointed on behalf of that competent authority by the highest ranking official of the Centre for Tax Policy and Administration of the Organisation for Economic Co-operation and development that is not a national of either *[Contracting State]*.

4. If the two initial members of the arbitration panel fail to appoint the Chair in the manner and within the time periods specified in paragraph 2 *[of Article 20 of the MLI]* or agreed to by the competent authorities of the *[Contracting States]*, the Chair shall be appointed by the highest ranking official of the Centre for Tax Policy and Administration of the Organisation for Economic Co-operation and Development that is not a national of either *[Contracting State]*.

Article 21 (Confidentiality of Arbitration Proceedings) of the MLI

1. Solely for the purposes of the application of the provisions of this Part and of the provisions of *[the Convention]* and of the domestic laws of the *[Contracting States]* related to the exchange of information, confidentiality, and administrative assistance, members of the arbitration panel and a maximum of three staff per member (and prospective arbitrators solely to the extent necessary to verify their ability to fulfil the requirements of arbitrators) shall be considered to be persons or authorities to whom information may be disclosed. Information received by the arbitration panel or prospective arbitrators and information that the competent authorities receive from the arbitration panel shall be considered information that is exchanged under the provisions of *[the Convention]* related to the exchange of information and administrative assistance.

2. This competent authorities of the *[Contracting States]* shall ensure that members of the arbitration panel and their staff agree in writing, prior to their acting in an arbitration proceeding, to treat any information relating to the arbitration proceeding consistently with the confidentiality and nondisclosure obligations described in the provisions of *[the Convention]* related to exchange of information and administrative assistance and under the applicable laws of the *[Contracting States]*.

Article 22 (Resolution of a Case Prior to the Conclusion of the Arbitration) of the MLI

For the purposes of this Part and the provisions of *[the Convention]* that provide for resolution of cases through mutual agreement, the mutual agreement procedure, as well as the arbitration proceeding, with respect to a case shall terminate if, at any time after a request for arbitration has been made and before the arbitration panel has delivered its decision to the competent authorities of the *[Contracting States]*.

- a) the competent authorities of the *[Contracting States]* reach a mutual agreement to resolve the case; or
- b) the person who presented the case withdraws the request for arbitration or the request for a mutual agreement procedure.

Article 23 (Type of Arbitration Process) of the MLI

Final offer arbitration

1. Except to the extent that the competent authorities of the *[Contracting States]* mutually agree on different rules, the following rules shall apply with respect to an arbitration proceeding pursuant to this Part:

- a) After a case is submitted to arbitration, the competent authority of each *[Contracting State]* shall submit to the arbitration panel, by a date set by agreement, a proposed resolution which addresses all unresolved issue(s) in the case (taking into account all agreements previously reached in that case between the competent authorities of the *[Contracting States]*). The proposed resolution shall be limited to a disposition of specific monetary amounts (for example, of income or expense) or, where specified, the maximum rate of tax charged pursuant to *[the Convention]*, for each adjustment or similar issue in the case. In a case in which the competent authorities of the *[Contracting States]* have been unable to reach agreement on an issue regarding the conditions for applications of a provision of *[the Convention]* (hereinafter referred to as a 'threshold question'), such as whether an individual is a resident or whether a permanent establishment exists, the competent authorities may submit alternative proposed resolutions with respect to issues the determination of which is contingent on resolution of such threshold questions.
- b) The competent authority of each *[Contracting State]* may also submit a supporting position paper for consideration by the arbitration panel. Each competent authority that submits a proposed resolution or supporting

position paper shall provide a copy to the other competent authority by the date on which the proposed resolution and supporting position paper were due. Each competent authority may also submit to the arbitration panel, by a date set by agreement, a reply submission with respect to the proposed resolution and supporting position paper submitted by the other competent authority. A copy of any reply submission shall be provided to the other competent authority by the date on which the reply submission was due.

- c) The arbitration panel shall select as its decision one of the proposed resolutions for the case submitted by the competent authorities with respect to each issue and any threshold questions, and shall not include a rationale or any other explanation of the decision. The arbitration decision will be adopted by a simple majority of the panel members. The arbitration panel shall deliver its decision in writing to the competent authorities of the [Contracting States]. The arbitration decision shall have no precedential value.

5. Prior to the beginning of arbitration proceedings, the competent authorities of the [Contracting States] shall ensure that each person that presented the case and their advisors agree in writing not to disclose to any other person any information received during the course of the arbitration proceedings from either competent authority or the arbitration panel. The mutual agreement procedure under [the Convention], as well as the arbitration proceeding under this Part, with respect to the case shall terminate if, at any time after a request for arbitration has been made and before the arbitration panel has delivered its decision to the competent authorities of the [Contracting States], a person that presented the case or one of that person's advisors materially breaches that agreement.

6. *Omitted.*

Article 25 (Cost of Arbitration Proceedings) of the MLI

In an arbitration proceeding under this Part, the fees and expenses of the members of the arbitration panel, as well as any costs incurred in connection with the arbitration proceedings by the [Contracting States], shall be borne by the [Contracting States] in a manner to be settled by mutual agreement between the competent authorities of the [Contracting States]. In the absence of such agreement, each [Contracting State] shall bear its own expenses and those of its appointed panel member. The cost of the chair of the arbitration panel and other expenses associated with the conduct of the arbitration proceedings shall be borne by the [Contracting States] in equal shares.

Article 26 (Compatibility) of the MLI

1. *Omitted.*

2. Any unresolved issue arising from a mutual agreement procedure case otherwise within the scope of the arbitration process provided for in this Part shall not be submitted to arbitration if the issue falls within the scope of a case with respect to which an arbitration panel or similar body has previously been set up in accordance with a bilateral or multilateral convention that provides for mandatory binding arbitration of unresolved issues arising from a mutual agreement procedure case.

3. [Nothing] in this Part shall affect the fulfilment of wider obligations with respect to the arbitration of unresolved issues arising in the context of a mutual agreement procedure resulting from other conventions to which the [Contracting States] are or will become

parties.

4. Omitted.

Subparagraph a) of paragraph 2 of Article 28 (Reservations) of the MLI

Pursuant to subparagraph a) of paragraph 2 of Article 28 of the MLI, Australia formulates the following reservation with respect to the scope of cases that shall be eligible for arbitration under the provisions of Part VI of the MLI:

Australia reserves the right to exclude from the scope of Part VI [of the MLI] any case to the extent that it involves the application of Australia's general anti-avoidance rules contained in Part IVA of the Income Tax Assessment Act 1936 and section 67 of the fringe Benefits Tax Assessment Act 1986. Australia also reserves the right to extend the scope of the exclusion for Australia's general anti-avoidance rules to any provisions replacing, amending or updating those rules. Australia shall notify the Depositary of any such provisions that involve substantial changes.

Pursuant to subparagraph a) of paragraph 2 of Article 28 of the MLI, New Zealand formulates the following reservation with respect to the scope of cases that shall be eligible for arbitration under the provisions of Part VI of the MLI:

New Zealand reserves the right to exclude from the scope of Part VI [of the MLI] (Arbitration) any case involving the application of New Zealand's general anti-avoidance rule contained in section BG 1 of the Income Tax Act 2007. Any subsequent provisions replacing, amending or updating these anti-avoidance rules would also be included in this reservation. New Zealand shall notify the Depositary of any such subsequent provisions.

New Zealand reserves the right to exclude from the scope of Part VI [of the MLI] (Arbitration) any case involving the application of anti-avoidance rules concerning the avoidance of a permanent establishment in New Zealand.⁷ Any subsequent provisions replacing, amending or updating these anti-avoidance rules would also be included in this reservation. New Zealand shall notify the Depositary of any such provisions.

Article 26

EXCHANGE OF INFORMATION

1. The competent authorities of the Contracting States shall exchange such information as is foreseeably relevant for carrying out the provisions of this Convention or to the administration or enforcement of the domestic laws concerning taxes of every kind and description imposed, in the case of Australia, under the federal tax laws administered by the Commissioner of Taxation, and in the case of New Zealand, under its tax laws, insofar as the taxation thereunder is not contrary to the Convention. The exchange of information is not restricted by Articles 1 and 2.

2. Any information received under paragraph 1 by a Contracting State shall be treated as secret in the same manner as information obtained under the domestic laws of that State and shall be disclosed only to persons or authorities (including courts and administrative bodies) concerned with the assessment or collection of, the enforcement or prosecution in respect of, the determination of appeals in relation to, the taxes referred to in paragraph 1, or the oversight of the above. Such persons or authorities shall use the information only for such purposes. They may disclose the information in public court proceedings or in judicial decisions. Notwithstanding the foregoing, information received by a Contracting State may be used for other purposes when such information may be used for such other purposes under the laws of both States and the competent authority of the supplying State authorises such use.

⁷ Currently section GB 54 of the *Income Tax Act 2007*.

3. In no case shall the provisions of paragraphs 1 and 2 be construed so as to impose on a Contracting State the obligation:

- a) to carry out administrative measures at variance with the laws and administrative practice of that or of the other Contracting State;
- b) to supply information which is not obtainable under the laws or in the normal course of the administration of that or of the other Contracting State;
- c) to supply information which would disclose any trade, business, industrial, commercial or professional secret or trade process, or information, the disclosure of which would be contrary to public policy (*ordre public*).

4. If information is requested by a Contracting State in accordance with this Article, the other Contracting State shall use its information gathering measures to obtain the requested information, even though that other State may not need such information for its own tax purposes. The obligation contained in the preceding sentence is subject to the limitations of paragraph 3 but in no case shall such limitations be construed to permit a Contracting State to decline to supply information solely because it has no domestic interest in such information.

5. In no case shall the provisions of paragraph 3 be construed to permit a Contracting State to decline to supply information solely because the information is held by a bank, other financial institution, nominee or person acting in an agency or a fiduciary capacity or because it relates to ownership interests in a person.

Article 27

ASSISTANCE IN THE COLLECTION OF TAXES

1. The Contracting States shall lend assistance to each other in the collection of revenue claims. This assistance is not restricted by Articles 1 and 2. The competent authorities of the Contracting States may by mutual agreement settle the mode of application of this Article.

2. The term 'revenue claim' as used in this Article means an amount owed in respect of taxes of every kind and description imposed, in the case of Australia, under the federal tax laws administered by the Commissioner of Taxation, and in the case of New Zealand, under its tax laws, insofar as the taxation thereunder is not contrary to this Convention or any other instrument to which the Contracting States are parties, as well as interest, administrative penalties and costs of collection or conservancy related to such amount.

3. When a revenue claim of a Contracting State is enforceable under the laws of that State and is owed by a person who, at that time, cannot, under the laws of that State, prevent its collection, that revenue claim shall, at the request of the competent authority of that State, be accepted for purposes of collection by the competent authority of the other Contracting State. That revenue claim shall be collected by that other State in accordance with the provisions of its laws applicable to the enforcement and collection of its own taxes as if the revenue claim were a revenue claim of that other State.

4. When a revenue claim of a Contracting State is a claim in respect of which that State may, under its law, take measures of conservancy with a view to ensure its collection, that revenue claim shall, at the request of the competent authority of that State, be accepted for purposes of taking measures of conservancy by the competent authority of the other Contracting State. That other State shall take measures of conservancy in respect of that revenue claim in accordance with the provisions of its laws as if the revenue claim were a revenue claim of that other State even if, at the time when such measures are applied, the revenue claim is not enforceable in the first-mentioned State or is owed by a person who has a right to prevent its collection.

5. Notwithstanding the provisions of paragraphs 3 and 4, a revenue claim accepted by a Contracting State for purposes of paragraph 3 or 4 shall not, in that State, be subject to the time limits or accorded any priority applicable to a revenue claim under the laws of that State by reason of its nature as such. In addition, a revenue claim accepted by a Contracting State for the purposes of paragraph 3 or 4 shall not, in that State, have any priority applicable to that revenue claim under the laws of the other Contracting State.

6. Proceedings with respect to the existence, validity or the amount of a revenue claim of a Contracting State shall not be brought before the courts or administrative bodies of the other Contracting State.

7. Where, at any time after a request has been made by a Contracting State under paragraph 3 or 4 and before the other Contracting State has collected and remitted the relevant revenue claim to the first-mentioned State, the relevant revenue claim ceases to be

- a) in the case of a request under paragraph 3, a revenue claim of the first-mentioned State that is enforceable under the laws of that State and is owed by a person who, at that time, cannot, under the laws of that State, prevent its collection, or
- b) in the case of a request under paragraph 4, a revenue claim of the first-mentioned State in respect of which that State may, under its laws, take measures of conservancy with a view to ensure its collection

the competent authority of the first-mentioned State shall promptly notify the competent authority of the other State of that fact and, at the option of the other State, the first-mentioned State shall either suspend or withdraw its request.

8. In no case shall the provisions of this Article be construed so as to impose on a Contracting State the obligation:

- a) to carry out administrative measures at variance with the laws and administrative practice of that or of the other Contracting State;
- b) to carry out measures which would be contrary to public policy (*ordre public*);
- c) to provide assistance if the other Contracting State has not pursued all reasonable measures of collection or conservancy, as the case may be, available under its laws or administrative practice;
- d) to provide assistance in those cases where the administrative burden for that State is clearly disproportionate to the benefit to be derived by the other Contracting State;
- e) to provide assistance if that State considers that the taxes with respect to which assistance is requested are imposed contrary to generally accepted taxation principles.

Article 28

MEMBERS OF DIPLOMATIC MISSIONS AND CONSULAR POSTS

Nothing in this Convention shall affect the fiscal privileges of members of diplomatic missions or consular posts under the general rules of international law or under the provisions of special international agreements.

The following paragraph 1 of Article 7 of the MLI applies and supersedes the provisions of this Convention:

ARTICLE 7 OF THE MLI – PREVENTION OF TREATY ABUSE

(Principal purposes test provision)

Notwithstanding any provisions of *[the Convention]*, a benefit under *[the Convention]* shall

not be granted in respect of an item of income [...] if it is reasonable to conclude, having regard to all relevant facts and circumstances, that obtaining that benefit was one of the principal purposes of any arrangement or transaction that resulted directly or indirectly in that benefit, unless it is established that granting that benefit in these circumstances would be in accordance with the object and purpose of the relevant provisions of [*the Convention*].

The following paragraph 4 of Article 7 of the MLI applies to paragraph 1 of Article 7 of the MLI:

Where a benefit under [*the Convention*] is denied to a person under [*paragraph 1 of Article 7 of the MLI*], the competent authority of the [*Contracting State*] that would otherwise have granted this benefit shall nevertheless treat that person as being entitled to this benefit, or to different benefits with respect to a specific item of income [...], if such competent authority, upon request from that person and after consideration of the relevant facts and circumstances, determines that such benefits would have been granted to that person in the absence of the transaction or arrangement referred to in [*paragraph 1 of Article 7 of the MLI*]. The competent authority of the [*Contracting State*] to which a request has been made under this paragraph by a resident of the other [*Contracting State*] shall consult with the competent authority of that other [*Contracting State*] before rejecting the request.

CHAPTER VI

FINAL PROVISIONS

Article 29

MISCELLANEOUS

1. The Contracting States shall consult each other at intervals of not more than five years regarding the terms, operation and application of the Convention with a view to ensuring that it continues to serve the purposes of avoiding double taxation and preventing fiscal evasion. The first such consultation shall take place no later than the end of the fifth year after the entry into force of the Convention.
2. With reference to Article 11, if in any future tax treaty with any other State, New Zealand should provide for more favourable treatment of interest derived by financial institutions, New Zealand shall without undue delay inform Australia and shall enter into negotiations with Australia with a view to providing the same treatment.

Article 30

ENTRY INTO FORCE

1. The Contracting States shall notify each other in writing through the diplomatic channel of the completion of their domestic requirements for the entry into force of this Convention. The Convention shall enter into force on the date of the last notification, and thereupon the Convention shall have effect:

 - (i) in respect of withholding tax on income that is derived by a non-resident, in relation to income derived on or after the first day of the second month next following the date on which the Convention enters into force;

 - (ii) in respect of other New Zealand tax, for any income year beginning on or after 1 April next following the date on which the Convention enters into force.
2. Notwithstanding paragraph 1, paragraphs 6 and 7 of Article 25 shall have effect from the date agreed in an exchange of notes through the diplomatic channel.
3. The Agreement between the Government of Australia and the Government of New Zealand for the avoidance of double taxation and the prevention of fiscal evasion with respect to taxes on income signed at Melbourne on 27 January 1995, as modified by the Protocol signed at Melbourne on 15 November 2005 (hereinafter referred to as 'the 1995 Agreement'), shall cease to have effect with respect to taxes to which this Convention applies in accordance with the provisions of paragraph 1. The 1995 Agreement shall terminate on the last date on which it has effect in accordance with the foregoing provisions of this paragraph.

Article 31

TERMINATION

This Convention shall continue in effect indefinitely, but either Contracting State may terminate the Convention by giving written notice of termination, through the diplomatic channel, to the other State at least six months before the end of any calendar year beginning after the expiration of five years from the date of its entry into force and, in that event, the Convention shall cease to be effective:

- a) in the case of Australia:
 - (i) in respect of withholding tax on income that is derived by a non-resident, in relation to income derived on or after the first day of the second month next following the date on which the notice of termination is given;

IN WITNESS WHEREOF the undersigned, being duly authorised, have signed this Convention.
