Existing obligations under other regulatory regimes, such as the corporations law, must still be complied with. Furthermore, care should be taken that any transactions involving a trust are within the power or duties of the trustee. The following examples are provided to illustrate these consequences.

11. Paragraph 7

- (a) In the first dash of the first dot point omit 'No'; substitute 'no'.

^{6A} There is some uncertainty about whether or not a transfer of a depreciating asset under the SBRR will have direct consequences under the income tax law, notwithstanding section 328-450. As a matter of practical administration, the Commissioner will treat transfers of depreciating assets in the same way as other assets for the purposes of compliance with section 328-450.

^{16A} The shares are not active assets relevantly under paragraph 328-430(1)(d).

^{17A} These are nil for pre-CGT assets, the adjustable value of depreciating assets and the roll-over cost for other assets.

20. Paragraph 34

- (a) Omit 'calculated sum', substitute 'calculated sum^{20A}'.
- (b) After the paragraph insert new heading;
