5A. From 1 July 2015, the term 'Australia' was replaced in nearly all instances within the GST, luxury car tax and wine equalisation tax legislation with the term 'indirect tax zone'. The scope of the term, however, remains the same as the now repealed definition of 'Australia' used in those Acts. This change was made for consistency of terminology across the tax legislation, with no change in policy or legal effect. In this Determination, the 'indirect tax zone' is referred to as 'Australia'.

5B. All further legislative references in this Determination are to the *A New Tax System (Goods and Services Tax) Act 1999*, unless otherwise indicated.

**6. Paragraph 6**

- an International Mobile Subscriber Identity number in the case of phone roaming; or
- an Internet Protocol (IP) address in the case of Internet roaming; or
- another internationally recognised identifier.

The meaning of 'provided' is explained at paragraphs 56 to 57 of GSTR 2025/1.

The GST treatment of a composite supply that contains a dominant part and includes something that is ancillary is discussed in paragraphs 17 to 18A of that Ruling.
