Taxation Determination

Income tax: capital gains: are there any circumstances in which the premises used in a business of providing accommodation for reward may satisfy the active asset test in section 152-35 of the *Income Tax Assessment Act 1997* notwithstanding the exclusion in paragraph 152-40(4)(e) of the *Income Tax Assessment Act 1997* for assets whose main use is to derive rent?

This Addendum is a public ruling for the purposes of the *Taxation Administration Act 1953*. It amends Taxation Determination TD 2006/78 to reflect changes in the law as set out below.

For CGT events happening in the 2006-07 or later income years

Taxation Laws Amendment (2006 Measures No 7) Act 2007:

- amended the active asset test in section 152-35 of the *Income Tax Assessment Act 1997* (ITAA 1997) by removing the requirement for the asset to be an active asset just before a particular time and modifying the period during which the asset must be an active asset where it is owned for more than 15 years; and
- amended the definition of active asset in subsection 152-40(1) of the ITAA 1997 to make clear that intangible assets inherently connected with a business carried on by a connected entity or a small business CGT affiliate can be active assets.
