Taxation Determination

Income tax: capital gains: small business concessions: what 'liabilities' are included in the calculation of the 'net value of the CGT assets' of an entity in the context of subsection 152-20(1) of the *Income Tax Assessment Act 1997*?

This Addendum is a public ruling for the purposes of the *Taxation Administration Act 1953*. It amends Taxation Determination TD 2007/14 to reflect changes in the law as set out below.

For CGT events happening in the 2007-08 income year or later income years

Taxation Laws Amendment (Small Business) Act 2007:

- increased the maximum net asset value test threshold in section 152-15 of the *Income Tax Assessment Act 1997* (ITAA 1997) from \$5 million to \$6 million,
- replaced the term 'small business CGT affiliate' with 'affiliate', moved its definition from section 152-25 of the ITAA 1997 to section 328-130 of the ITAA 1997 and changed its meaning in some respects, and
- enacted the small business entity (\$2 million turnover) test as an alternative to the maximum net asset value test as a means of qualifying for the small business capital gains tax concessions.

TD 2007/14 is amended as follows:

1. Paragraph 5

- (a) In the second column of the calculation, against the item 'Freehold premises in Parramatta', omit '3,500,000'; substitute '4,500,000'.
- (b) In the third column of the calculation against the item 'Freehold premises in Penrith', omit '6,300,000'; substitute '7,300,000' and against the item '**Net value of CGT assets:**' omit '4,800,000'; substitute '5,800,000'.

2. Paragraph 8

In the fourth sentence omit '\$5 million'; substitute '\$6 million'.
