**9. Paragraph 27**

Omit 'table commencing on page 5 of'; substitute 'tables in'.

**10. Paragraph 33 to 38**

Omit the paragraphs, including headings.

**11. Paragraph 39**

(a) Omit the paragraph.

- (b) After the paragraph, insert new paragraphs 39A to 39E, including heading:

**Division 81 of the GST Act and Division 81 of the GST Regulations**

39A. Subsection 81-10(1) of the GST Act excludes from consideration certain Australian fees or charges if they are covered by subsections 81-10(4) or 81-10(5) of the GST Act. Section 81-15 of the GST Act also enables the GST Regulations to prescribe that kinds of Australian fees or charges are excluded from being consideration.

39B. If these exclusions apply, the supply to which the fees or charges relate is not subject to GST, because the supply is not made for consideration.

39C. The exclusions from GST cover the following kinds of fees or charges imposed by and payable to Australian government agencies under state or territory legislation:

- a fee or charge paid in relation to (or in relation to an application for) the provision, retention or amendment under state or territory legislation, of a permission, exemption authority or licence however described – see subsection 81-10(4) of the GST Act;
- a fee or charge paid in relation to the agency recording, copying, modifying, allowing access to, receiving, processing or searching for information – see subsection 81-10(5) of the GST Act;
- a fee or charge paid for a supply of a regulatory nature made by an Australian government agency – see paragraph 81-15.01(f) of the GST Regulations;
- a fee or charge imposed on an industry to finance regulatory or other government activities connected with the industry; or
- a fee or charge imposed in relation to court, tribunal, commission of inquiry or sheriff's office.

39D. As an exception to these exclusions from GST, subsection 81-10(2) of the GST Act permits the GST Regulations to prescribe that certain payments of Australian fees or charges are to be treated as consideration. The prescribed fees or charges that are treated as consideration include a fee or charge paid to an Australian government agency:

- for a supply of a non-regulatory nature - see paragraph 81-10.01(1)(g) of the GST Regulations;
- for a supply that may also be made by a supplier that is not an Australian government agency – see paragraph 81-10.01(1)(h) of the GST Regulations; or
- a fee for the hire, use of, or entry to a facility, other than an entry to a national park – see paragraph 81-10.01(c).

39E. When these regulations apply, the fee or charge is deemed to be consideration for a supply made by the Australian government agency. Consequently, that fee or charge becomes subject to GST if the other requirements for making a taxable supply are met.

**12. Paragraph 40**

- (a) In the heading, omit 'regulations'; substitute 'sections'.
- (b) Omit the first instance of 'regulations'; substitute 'sections'.
- (c) Omit all instances of 'regulation'; substitute 'section'.

- (b) Omit 'the table on pages 5 to 26'; substitute 'Tables 1 to 6'.

**14. Paragraph 42**

Omit the wording of the paragraph; substitute:

Cemetery fees and charges are generally considered to be consideration for taxable supplies for purposes of section 9-5. However, subsections 81-10(1) and 81-10(4) of the GST Act exclude from consideration, a legislatively imposed fee or charge paid to an Australian government agency that relates to, or relates to an application for; the provision, retention, or amendment, under an Australian law, of a permission, exemption, authority or licence (however described). Subsections 81-10(1) and 81-10(5) excludes from consideration, a legislatively imposed fee or charge paid to an Australian government agency if the fee or charge relates to the agency receiving, recording, modifying, or processing information.

**15. Paragraph 43**

- (a) Omit the wording of the paragraph; substitute:

The fees or charges payable to a public cemetery operator for the supply of other goods and services made in relation to a burial or cremation, including memorial plaques and gravedigging services are consideration for a supply.

- (b) After the paragraph, insert new paragraphs 43A to 43C, including heading:

43A. The following supplies made by an Australian government agency are not subject to GST:

- the supply of an interment right (burial right) in a public cemetery;
- the renewal of a burial right in a public cemetery; and
- the supply of any permission that must be obtained under state or territory legislation to exercise a burial right by physically burying human remains or creating a memorial at the location covered by the burial right.

43B. The fees or charges payable to an Australian government agency in relation to the agency recording the granting or transfer of a burial right in a public cemetery are not consideration for a supply.

***Apportionment of mixed supplies***

43C. An Australian government agency that supplies a burial right in a public cemetery (which is not subject to GST), together with other supplies that are subject to GST, such as gravedigging services, memorial plaques and hiring of a hall, must therefore ensure that GST is not included in the fee or charge that relates to the supply of a burial right. They are separate supplies that have different GST treatment. It is not a single supply of a funeral service.
