Ruling

Special Dividend

7. The Special Dividend is a 'dividend' as defined in subsection 6(1) of the *Income Tax Assessment Act 1936* (ITAA 1936).

8. The Special Dividend is a frankable distribution under section 202-40.

Assessability of the Special Dividend

Resident shareholders

9. If you are a resident of Australia (as defined in subsection 6(1) of the ITAA 1936), you include the Special Dividend in your assessable income (subparagraph 44(1)(a)(i) of the ITAA 1936).

Non-resident shareholders

10. If you are a non-resident, the Special Dividend is not included in your assessable income and you are not liable to withholding tax in respect of the Special Dividend because the whole of the Special Dividend was declared by Base Resources in its distribution statement to be conduit foreign income (subsections 802-15(1) and 128B(1) of the ITAA 1936).

Capital gains tax consequences

CGT event A1 happened on the disposal of your Base Resources Limited shares

11. CGT event A1 happened when you disposed of your Base Resources shares to EFR on the Implementation Date (section 104-10).

12. The capital proceeds from CGT event A1 happening to each Base Resources share is the market value of 0.026 of an Energy Fuels share you received in respect of the disposal (subsection 116-20(1)). The market value of Energy Fuels shares is worked out as at the time of CGT event A1.

13. The capital proceeds do not include the Special Dividend as it was not paid in respect of CGT event A1 happening to your Base Resources shares.

Status: **legally binding**

14. You made a capital gain from the disposal of a Base Resources share if the capital proceeds exceeded its cost base (subsection 104-10(4)). The capital gain is the amount of the excess.

15. You made a capital loss from the disposal of a Base Resources share if the capital proceeds were less than its reduced cost base (subsection 104-10(4)). The capital loss is the difference.

16. If you made a capital gain from CGT event A1 happening, you can treat it as a discount capital gain provided that the conditions of Subdivision 115-A are met.

Foreign resident shareholders

17. You must disregard a capital gain or capital loss you made from CGT event A1 happening when you disposed of your Base Resources shares to EFR (section 855-10) if:

- you were a foreign resident, or the trustee of a foreign trust for CGT purposes (as defined in subsection 995-1(1)), just before the Implementation Date, and
- your Base Resources shares were not 'taxable Australian property' (as defined in section 855-15).

18. Your Base Resources shares were taxable Australian property if they were either:

- used by you at any time in carrying on a business through a permanent establishment in Australia (table item 3 of section 855-15), or
- covered by subsection 104-165(3) about individuals choosing to disregard a capital gain or capital loss on ceasing to be an Australian resident (table item 5 of section 855-15).

Availability of scrip for scrip roll-over

19. Subject to the qualification in paragraph 20 of this Ruling, if you are a resident of Australia and you made a capital gain from the disposal of your Base Resources shares, you may choose to obtain scrip for scrip roll-over for the capital gain (sections 124-780 and 124-785).

20. You cannot choose scrip for scrip roll-over if any capital gain you might make from a replacement Energy Fuels share would be disregarded, except because of a roll-over (paragraph 124-795(2)(a)).

21. If you were a foreign resident just before the Implementation Date, you cannot choose scrip for scrip roll-over unless the Energy Fuels shares you received were taxable Australian property (as defined in section 855-15) just after the Implementation Date (subsection 124-795(1)).

Consequences if you choose scrip for scrip roll-over for your Base Resources Limited shares

Capital gain is disregarded

22. If you choose scrip for scrip roll-over, your capital gain is disregarded (subsection 124-785(1)).

Status: **legally binding**

Cost base and reduced cost base of Energy Fuels Inc. shares

23. If you choose scrip for scrip roll-over, the first element of the cost base and reduced cost base of a replacement Energy Fuels share you received is worked out by reasonably attributing to it the cost base and reduced cost base (respectively) of the Base Resources shares for which it was exchanged and for which the roll-over was obtained (subsections 124-785(2) and (4)).

24. We accept a reasonable method of attribution would be to calculate the first element of the cost base and reduced cost base of each replacement Energy Fuels share by dividing the total cost bases of your Base Resources shares by the number of replacement Energy Fuels shares you received.

Acquisition date of Energy Fuels Inc. shares for discount capital gains purposes

25. If you choose scrip for scrip roll-over, the acquisition date of the Energy Fuels shares is the date on which you acquired, for CGT purposes, the corresponding Base Resources shares involved in the roll-over (table item 2 of subsection 115-30(1)).

Consequences if you do not choose, or cannot choose, scrip for scrip roll-over for your Base Resources Limited shares***Capital gain is not disregarded***

26. If you do not choose, or cannot choose, scrip for scrip roll-over, you must take into account any capital gain or capital loss from CGT event A1 happening on the disposal of your Base Resources shares in working out your net capital gain or net capital loss for the income year in which CGT event A1 happened (sections 102-5 and 102-10).

Cost base and reduced cost base of Energy Fuels Inc. shares

27. If you do not choose, or cannot choose, scrip for scrip roll-over, the first element of the cost base and reduced cost base of a replacement Energy Fuels share you received is equal to the market value of the Base Resources shares you gave in respect of acquiring the Energy Fuels share (subsections 110-25(2) and 110-55(2)).

28. The market value of the Base Resources shares you gave is to be worked out as at the time when you acquired the Energy Fuels shares.

Acquisition date of Energy Fuels Inc. shares

29. If you do not choose, or cannot choose, scrip for scrip roll-over, the acquisition date of the Energy Fuels shares is the date on which those shares were issued to you, being the Implementation Date (table item 2 of section 109-10).
