Summary of issues raised and responses

Issue No.	Issue raised	ATO Response/Action taken
1	The Draft Determinations are very technical and very difficult to follow and understand.	It is acknowledged that this is the case, however, the law is complex in nature and therefore we have not found it possible to simplify the explanation, or to avoid using technical language without affecting their accuracy. As an aid to understanding, some additional paragraphs have been added which explain the principles behind the interpretative approach which has been taken.
