Goods and Services Tax Ruling

Goods and services tax: corporate card statements – entitlement to an input tax credit without a tax invoice

This Addendum amends Goods and Services Tax Ruling GSTR 2000/26 as a result of the termination of the waiver of tax invoice determination appended to the Ruling, and the issue of a new legislative determination. The new legislative determination reflects the extension of the 30 June 2004 deadline for a concession contained in paragraph 6 of the original determination. The deadline is extended to 30 June 2006.

This Addendum appends the new legislative determination to the Ruling (in Schedule 2); updates references to Bills that have since been enacted, legislative determinations that have since issued, and draft Rulings that have since been finalised; and clarifies the meaning of the term 'corporate card'..

GSTR 2000/26 is amended as follows:

1. Paragraph 1

Omit paragraph 1 and substitute:

This Ruling explains two determinations that the Commissioner has made under subsection 29-10(3) of the *A New Tax System (Goods and Services Tax) Act 1999* ('the GST Act'). The determinations are appended to this ruling as Schedule 1 and Schedule 2; and set out the circumstances in which a registered entity that holds a corporate card statement (issued by certain organisations) can claim an input tax credit for a creditable acquisition without holding a tax invoice for that acquisition. The relevant organisations are listed in the citations contained in the determinations.¹

2. Footnote 1

Omit footnote 1 and substitute:

Schedule 1 is the determination issued on 28 June 2000 that contains the 30 June 2004 deadline and that has been terminated as at 30 June 2004. Schedule 2 is the determination that contains the new 30 June 2006 deadline and that commences from 1 July 2004.

3. Paragraph 2

In paragraph 2, omit 'the determination' and substitute 'either determination'.

4. Paragraph 3

In paragraph 3, omit 'the determination' where it occurs and substitute 'either determination'.

5. Footnote 15 (paragraph 16)

Omit footnote 15 and substitute:

Copies of the determinations are attached in Schedule 1 and Schedule 2 to this Ruling.

6. Paragraph 22

In paragraph 22, omit '2004' and substitute '2006'.

7. Footnote 17 (paragraph 27)

Omit footnote 17 and substitute:

Subsection 284-75(1) in Schedule 1 to the *Taxation Administration Act 1953*.

8. Paragraph 31

At the end of paragraph 31, add:

The term 'corporate card' is defined in paragraph 85 and is not necessarily restricted to cards referred to in the market place as 'corporate cards'. Cards referred to by card issuers as commercial cards, business cards, purchasing or procurement cards and fuel cards can also be 'corporate cards' – provided they fall within the definition in paragraph 85

9. Paragraph 58

In paragraph 58, omit 'GST Draft Ruling GSTR 2000/D17 entitled 'GST and how it applies to supplies of fringe benefits',' and substitute 'GSTR 2001/3 (about GST and how it applies to supplies of fringe benefits)'.

10. Paragraph 68

In paragraph 68, omit '2004' and substitute '2006'.

11. Footnote 27 (paragraph 69)

Omit footnote 27 and substitute:

Subsection 284-75(1) in Schedule 1 to the *Taxation Administration Act 1953*.

12. Paragraph 76

In paragraph 76 omit 'the proposed determination,' and substitute 'the determination in Schedule 2 to this Ruling'.

Circumstances where the requirement for a tax invoice does not apply

3. The circumstance set out in the following paragraphs is the circumstance of a kind in which the requirement for a tax invoice under subsection 29-10(3) of the Act does not apply.

4. A member of a corporate card provider will not be required to hold a tax invoice for a creditable acquisition purchased with the corporate card in order to attribute an input tax credit on the acquisition to a tax period provided that at the time the member gives its GST return/Business Activity Statement ('BAS') for the tax period to the Commissioner:

- (a) the member holds a corporate card statement produced by the corporate card provider that includes the following details:
 - (i) the member's name;
 - (ii) the name(s) of the person(s) who uses the corporate card to purchase the creditable acquisition or, in the case of fuel cards, the vehicle identifier;
 - (iii) the member's Australian Business Number ('ABN') or address;
 - (iv) for each acquisition for which the member may claim an input tax credit the statement has:
 - the date the member purchased the acquisition;
 - the supplier's name;
 - the supplier's ABN;
 - the supplier's Branch Registration Number (where applicable);
 - a brief description of the acquisition or, if that is not available, a description of the supplier's industry;
 - the amount of GST paid; and
 - the total amount paid;
- (b) the member has an effectively regulated corporate policy for making adjustments for expenditure on the corporate card that is of a private or domestic nature and were not made in connection with carrying on the member's enterprise;

evidence clearly identifies the creditable and non-creditable components of the acquisition; and

- (d) The corporate card provider meets the conditions set out in paragraph 5 and 6.

5. The corporate card provider must provide the date each supply on the statement was purchased.

6. Where all the information on the statement is not provided by the merchant to the corporate card provider/acquirer, the latter may, until 30 June 2006, separately obtain the supplier's ABN and GST registration status and then calculate the amount of GST on the supply provided the corporate card provider/acquirer:

- (a) has obtained a signed statement from each merchant that states:
- (i) the merchant's ABN and Branch Registration Number (where applicable);
 - (ii) whether or not the merchant is registered for GST;
 - (iii) the type of supply or supplies (that is, taxable, GST-free and/or input taxed) the merchant provides;
 - (iv) where the merchant only provides taxable supplies, whether or not GST is calculated at 1/11th of the price for all the taxable supplies the merchant provides; and
 - (v) provides the corporate card provider/acquirer with an undertaking that it will be notified:
 - when they cease to be registered for GST; or
 - when they cease to make only taxable supplies where the GST is calculated at 1/11th of the price;
- (b) retains the signed statement for at least 5 years after the merchant ceases their association with the corporate card provider;
- (c) clearly identify each supply in the statement that may be a GST-free, input taxed or mixed supply;
- (d) clearly identify each supply where GST may not be 1/11th of the price;
- (e) where a supply has been identified as being a supply that may be a GST-free, input taxed or a supply where GST may not be 1/11th of the price, advise the entity to obtain a tax invoice before attributing an input tax credit to a tax period; and

- (f) where the corporate card provider/acquirer has obtained information that the merchant is not registered, or ceases to be registered for GST, the corporate card provider and acquirer must not calculate an amount of GST for supplies from that merchant. Instead, the corporate card provider must state that the amount of GST included in the price of the supply is \$nil.

Situations where a tax invoice is still required

7. The member will still need to obtain a tax invoice before attributing input tax credits to a tax period for a supply on the corporate card statement where:

- (a) the corporate card statement indicates that the supply may be a mixed supply or a taxable supply where GST is not 1/11th of the price; or
- (b) where there is an error on the corporate card statement in relation to the supply.
