## Luxury car tax: what is the luxury car tax threshold and the fuel-efficient car limit for 2014-15 financial year?

### **Preamble**

**❶ This publication provides you with the following level of protection:**

This publication (excluding appendixes) is a public ruling for the purposes of the *Taxation Administration Act 1953*.

A public ruling is an expression of the Commissioner's opinion about the way in which a relevant provision applies, or would apply, to entities generally or to a class of entities in relation to a particular scheme or a class of schemes.

If you rely on this ruling, the Commissioner must apply the law to you in the way set out in the ruling (unless the Commissioner is satisfied that the ruling is incorrect and disadvantages you, in which case the law may be applied to you in a way that is more favourable for you – provided the Commissioner is not prevented from doing so by a time limit imposed by the law). You will be protected from having to pay any underpaid tax, penalty or interest in respect of the matters covered by this ruling if it turns out that it does not correctly state how the relevant provision applies to you.

### **Ruling**

1. The luxury car tax (LCT) threshold and the fuel-efficient car limit are determined in accordance with Division 25 of the *A New Tax System (Luxury Car Tax) Act 1999* (LCT Act).

#### **Luxury car tax threshold**

2. The LCT threshold is indexed annually according to a factor to be determined by Parliament or, if such a factor is not determined by Parliament, indexed annually in accordance with movements in the All Groups Consumer Price Index (All Groups CPI).<sup>1</sup>

3. Parliament has not determined an indexation factor, so for the 2014-15 financial year the LCT threshold will be indexed in accordance with movements in the All Groups CPI unless the indexation factor is 1 or less.<sup>2</sup>

---

<sup>1</sup> Refer subsection 25-1(3A) of the LCT Act. This limit is indexed annually in accordance with the CPI indexation method provided by Subdivision 960-M of the *Income Tax Assessment Act 1997* (ITAA 1997).

<sup>2</sup> Subsection 960-270(2) of the ITAA 1997.

# LCTD 2014/2

4. For the 2012-13 financial year the index was 406.6 and for 2013-14 financial year this index was 417.0<sup>3</sup> resulting in an indexation factor of 1.026. For the 2013-14 financial year, the LCT threshold was \$60,316.<sup>4</sup> The LCT threshold for the 2014-15 financial year is \$61,884 (\$60,316 x 1.026).

## Fuel efficient car limit

5. The fuel efficient car limit is indexed annually in line with movements in the motor vehicle purchase sub-group of the CPI,<sup>5</sup> unless the indexation factor is 1 or less.<sup>6</sup>

6. For the 2012-13 financial year this index was 395.1 and for the 2013-14 financial year the index was 384.6<sup>7</sup> resulting in an indexation factor of 0.973. As the indexation factor is less than 1, the fuel-efficient car limit will not be indexed. For the 2013-14 financial year, the fuel-efficient car limit was \$75,375.<sup>8</sup> The fuel-efficient car limit for the 2014-15 financial year remains at \$75,375.

## Date of effect

7. This Determination applies to the financial year commencing 1 July 2014.
