General disclaimer on this synthesised text document

This document presents the synthesised text for the application of the *Agreement between Australia and the Republic of Poland for the Avoidance of Double Taxation and the Prevention of Fiscal Evasion with respect to Taxes on Income* (the “Agreement”) signed on 7 May 1991 as modified by the *Multilateral Convention to Implement Tax Treaty Related Measures to Prevent Base Erosion and Profit Shifting* signed by Australia and Poland on 7 June 2017 (the ‘MLI’).

This document was prepared in consultation with The Ministry of Finance of Poland and represents our shared understanding of the modifications made to the Agreement by the MLI.

The document was prepared on the basis of the MLI position of Australia submitted to the Depository upon ratification on 26 September 2018 and of the MLI position of Poland submitted to the Depository upon ratification on 23 January 2018. These MLI positions are subject to modifications as provided in the MLI. Modifications made to MLI positions could modify the effects of the MLI on the Agreement.

The sole purpose of this document is to facilitate the understanding of the application of the MLI to the Agreement and it does not constitute a source of law. The authentic legal texts of the Agreement and the MLI take precedence and remain the legal texts applicable.

The provisions of the MLI that are applicable with respect to the provisions of the Agreement are included in boxes throughout the text of this document in the context of the relevant provisions of the Agreement. The boxes containing the provisions of the MLI have generally been inserted in accordance with the ordering of the provisions of the 2017 OECD Model Tax Convention.

Changes to the text of the provisions of the MLI have been made to conform the terminology used in the MLI to the terminology used in the Agreement (such as “Covered Tax Agreement”, “Agreement” and “Convention”, “Contracting Jurisdictions” and “Contracting States”), to ease the comprehension of the provisions of the MLI. The changes in terminology are intended to increase the readability of the document and are not intended to change the substance of the provisions of the MLI. Similarly, changes have been made to parts of provisions of the MLI that describe existing provisions of the Agreement: descriptive language has been replaced by legal references of the existing provisions to ease the readability.

In all cases, references made to the provisions of the Agreement or to the Agreement must be understood as referring to the Agreement as modified by the provisions of the MLI, provided such provisions of the MLI have taken effect.

In accordance with paragraph 4 of Article 35 of the MLI, Article 16 of the MLI (Mutual Agreement Procedure) has effect with respect to this Agreement for a case presented to the competent authority of a Contracting State on or after 1 January 2019, except for cases that were not eligible to be presented as of that date under the Agreement prior to its modification by the MLI, without regard to the taxable period to which the case relates.

 - (b) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of storage, display or delivery; or

6. An enterprise of one of the Contracting States shall not be deemed to have a permanent establishment in the other Contracting State merely because it carries on business in that other State through a person who is a broker, general commission agent or any other agent of an independent status and is acting in the ordinary course of the person's business as such a broker or agent.
7. The fact that a company which is a resident of one of the Contracting States controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other State (whether through a permanent establishment or otherwise), shall not of itself make either company a permanent establishment of the other.

Article 6

INCOME FROM REAL PROPERTY

1. Income from real property may be taxed in the Contracting State in which the real property is situated.
2. In this Article, the term "real property", in relation to one of the Contracting States, has the meaning which it has under the laws of that State and includes:

4. The provisions of paragraphs 1 and 3 shall also apply to income from real property of an enterprise and to income from real property used for the performance of professional services.

Article 7

BUSINESS PROFITS

1. The profits of an enterprise of one of the Contracting States shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the profits of the enterprise may be taxed in the other State but only so much of them as is attributable to that permanent establishment.

2. Subject to the provisions of paragraph 3, where an enterprise of one of the Contracting States carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment or with other enterprises with which it deals.

3. In the determination of the profits of a permanent establishment, there shall be allowed as deductions expenses of the enterprise, being expenses which are incurred for the purposes of the permanent establishment (including executive and general administrative expenses so incurred) and which would be deductible if the permanent establishment were an independent entity which paid those expenses, whether incurred in the Contracting State in which the permanent establishment is situated or elsewhere.

4. No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.

5. Nothing in this Article shall affect the application of any law of a Contracting State relating to the determination of the tax liability of a person in cases where the information available to the competent authority of that State is inadequate to determine the profits to be attributed to a permanent establishment, provided that that law shall be applied, so far as the information available to the competent authority permits, consistently with the principles of this Article.

6. Where profits include items of income which are dealt with separately in other Articles of this Agreement, then the provisions of those Articles shall not be affected by the provisions of this Article.

7. Nothing in this Article shall affect the operation of any law of a Contracting State relating to tax imposed on profits from insurance with nonresidents provided that if the relevant law in force in either Contracting State at the date of signature of this Agreement is varied (otherwise than in minor respects so as not to affect its general character) the Contracting States shall consult with each other with a view to agreeing to any amendment of this paragraph that may be appropriate.

8. Where:

- (a) a resident of one of the Contracting States is beneficially entitled, whether directly or through one or more interposed trust estates, to a share of the

business profits of an enterprise carried on in the other Contracting State by the trustee of a trust estate other than a trust estate which is treated as a company for tax purposes; and

- (b) in relation to that enterprise, that trustee would, in accordance with the principles of Article 5, have a permanent establishment in that other State,

the enterprise carried on by the trustee shall be deemed to be a business carried on in the other State by that resident through a permanent establishment situated therein and that share of business profits shall be attributed to that permanent establishment.

Article 8

SHIPS AND AIRCRAFT

1. Profits from the operation of ships or aircraft in international traffic derived by a resident of one of the Contracting States shall be taxable only in that State.
2. Notwithstanding the provisions of paragraph 1, such profits may be taxed in the other Contracting State where they are profits from operations of ships or aircraft confined solely to places in that other State.
3. The provisions of paragraphs 1 and 2 shall apply in relation to the share of the profits from the operation of ships or aircraft derived by a resident of one of the Contracting States through participation in a pool service, in a joint transport operating organisation or in an international operating agency.
4. For the purposes of this Article, profits derived from the carriage by ships or aircraft of passengers, livestock, mail, goods or merchandise shipped in a Contracting State for discharge at another place in that State shall be treated as profits from operations of ships or aircraft confined solely to places in that State.

Article 9

ASSOCIATED ENTERPRISES

1. Where:
 - (a) an enterprise of one of the Contracting States participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State; or
 - (b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of one of the Contracting States and an enterprise of the other Contracting State,

and in either case conditions operate between the two enterprises in their commercial or financial relations which differ from those which might be expected to operate between independent enterprises dealing wholly independently with one another, then any profits which, but for those conditions, might have been expected to accrue to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

2. Nothing in this Article shall affect the application of any law of a Contracting State relating to the determination of the tax liability of a person, including determinations in cases where the information available to the competent authority of that State is inadequate to determine the income to be attributed to an enterprise, provided that that law shall be applied, so far as it is practicable to do so, consistently with the principles of this Article.

3. Where profits on which an enterprise of one of the Contracting States has been charged to tax in that State are also included, by virtue of paragraph 1 or 2, in the profits of an enterprise of the other Contracting State and charged to tax in that other State, and the profits so included are profits which might have been expected to have accrued to that enterprise of the other State if the conditions operative between the enterprises had been those which might have been expected to have operated between independent enterprises dealing wholly independently with one another, then the first mentioned State shall make an appropriate adjustment to the amount of tax charged on those profits in the firstmentioned State. In determining such an adjustment, due regard shall be had to the other provisions of this Agreement and for this purpose the competent authorities of the Contracting States shall if necessary consult each other.

Article 10

DIVIDENDS

1. Dividends paid by a company which is a resident of one of the Contracting States for the purposes of its tax, being dividends to which a resident of the other Contracting State is beneficially entitled, may be taxed in that other State.

2. Such dividends may be taxed in the Contracting State of which the company paying the dividends is a resident for the purposes of its tax, and according to the law of that State, but the tax so charged shall not exceed 15 per cent of the gross amount of the dividends.

3. The term "dividends" in this Article means income from shares or other rights to participate in profits and not relating to debt claims, as well as other income which is subjected to the same taxation treatment as income from shares by the laws of the State of which the company making the distribution is a resident.

4. The provisions of paragraph 2 shall not apply if the person beneficially entitled to the dividends, being a resident of one of the Contracting States, carries on business in the other Contracting State of which the company paying the dividends is a resident, through a permanent establishment situated therein, or performs in that other State professional services from a fixed base situated therein, and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment or fixed base. In any such case the provisions of Article 7 or 14, as the case may be, shall apply.

5. Where a company which is a resident of one of the Contracting States derives profits, income or gains from the other Contracting State, that other State may not impose any tax on the dividends paid by the company, except insofar as such dividends are beneficially owned by a resident of that other State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment or a fixed base situated in that other State, nor subject the company's undistributed profits to tax, even if the dividends paid or the undistributed profits consist wholly or partly of profits, income or gains arising in that other State.

Article 11

INTEREST

1. Interest arising in one of the Contracting States, being interest to which a resident of the other Contracting State is beneficially entitled, may be taxed in that other State.

2. Such interest may be taxed in the Contracting State in which it arises, and according to the law of that State, but the tax so charged shall not exceed 10 per cent of the gross amount of the interest.

3. The term "interest" in this Article includes interest from Government securities or from bonds or debentures, whether or not secured by mortgage and whether or not carrying a right to participate in profits, and interest from any other form of indebtedness as well as all other income assimilated to income from money lent by the law, relating to tax, of the Contracting State in which the income arises.

4. The provisions of paragraph 2 shall not apply if the person beneficially entitled to the interest, being a resident of one of the Contracting States, carries on business in the other Contracting State, in which the interest arises, through a permanent establishment situated therein, or performs in that other State professional services from a fixed base situated therein, and the indebtedness in respect of which the interest is paid is effectively connected with such permanent establishment or fixed base. In such a case, the provisions of Article 7 or 14, as the case may be, shall apply.

5. Interest shall be deemed to arise in a Contracting State when the payer is that State itself or a political subdivision or local authority of that State or a person who is a resident of that State for the purposes of its tax. Where, however, the person paying the interest, whether the person is a resident of one of the Contracting States or not, has in one of the Contracting States a permanent establishment or fixed base in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by such permanent establishment or fixed base, then such interest shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.

6. Where, owing to a special relationship between the payer and the person beneficially entitled to the interest, or between both of them and some other person, the amount of the interest paid, having regard to the indebtedness for which it is paid, exceeds the amount which might have been expected to have been agreed upon by the payer and the person so entitled in the absence of such relationship, the provisions of this Article shall apply only to the lastmentioned amount. In that case, the excess part of the amount of the interest paid shall remain taxable according to the law, relating to tax, of each Contracting State, but subject to the other provisions of this Agreement.

Article 12

ROYALTIES

1. Royalties arising in one of the Contracting States, being royalties to which a resident of the other Contracting State is beneficially entitled, may be taxed in that other State.

2. Such royalties may be taxed in the Contracting State in which they arise, and according to the law of that State, but the tax so charged shall not exceed 10 per cent of the gross amount of the royalties.

3. The term "royalties" in this Article means payments or credits, whether periodical or not, and however described or computed, to the extent to which they are made as consideration for:

- (a) the use of, or the right to use, any copyright, patent, design or model, plan, secret formula or process, trademark, or other like property or right; or
- (b) the use of, or the right to use, any industrial, commercial or scientific equipment; or
- (c) the supply of scientific, technical, industrial or commercial knowledge or information; or

 - (ii) films or video tapes for use in connection with television; or
 - (iii) tapes for use in connection with radio broadcasting; or
- (f) total or partial forbearance in respect of the use or supply of any property or right referred to in this paragraph.

4. The provisions of paragraph 2 shall not apply if the person beneficially entitled to the royalties, being a resident of one of the Contracting States, carries on business in the other Contracting State, in which the royalties arise, through a permanent establishment situated therein, or performs in that other State professional services from a fixed base situated therein, and the property or right in respect of which the royalties are paid or credited is effectively connected with such permanent establishment or fixed base. In such a case, the provisions of Article 7 or 14, as the case may be, shall apply.

5. Royalties shall be deemed to arise in a Contracting State when the payer is that State itself or a political subdivision or local authority of that State or a person who is a resident of that State for the purposes of its tax. Where, however, the person paying the royalties, whether the person is a resident of one of the Contracting States or not, has in one of the Contracting States a permanent establishment or fixed base in connection with which the liability to pay the royalties was incurred, and the royalties are borne by the permanent establishment or fixed base, then the royalties shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.

6. Where, owing to a special relationship between the payer and the person beneficially entitled to the royalties, or between both of them and some other person, the amount of the royalties paid or credited, having regard to what they are paid or credited for, exceeds the amount which might have been expected to have been agreed upon by the payer and the person so entitled in the absence of such relationship, the provisions of this Article shall apply only to the lastmentioned amount. In that case, the excess part of the amount of the royalties paid or credited shall remain taxable according to the law, relating to tax, of each Contracting State, but subject to the other provisions of this Agreement.

Article 13

ALIENATION OF PROPERTY

1. Income or gains derived by a resident of one of the Contracting States from the alienation of real property referred to in Article 6 and, as provided in that Article, situated in the other Contracting State may be taxed in that other State.

2. Income or gains from the alienation of property, other than real property referred to in Article 6, that forms part of the business property of a permanent establishment which an enterprise of one of the Contracting States has in the other Contracting State or pertains to a fixed base available to a resident of the first mentioned State in that other State for the purpose of performing independent professional services, including income or gains from the alienation of such a permanent establishment (alone or with the whole enterprise) or of such a fixed base, may be taxed in that other State.

3. Income or gains from the alienation of ships or aircraft operated in international traffic, or of property other than real property referred to in Article 6 pertaining to the operation of those ships or aircraft, shall be taxable only in the Contracting State of which the enterprise which operated those ships or aircraft is a resident.

4. **[MODIFIED by paragraph 1 of Article 9 of the MLI]** *Income or gains derived by a resident of one of the Contracting States from the alienation of shares or comparable interests in a company, the assets of which consist wholly or principally of real property in the other Contracting State of a kind referred to in Article 6, may be taxed in that other State.*

The following paragraph 1 of Article 9 of the MLI applies to paragraph 4 of Article 13 of this Agreement:

ARTICLE 9 OF THE MLI – CAPITAL GAINS FROM ALIENATION OF SHARES OR INTERESTS OF ENTITIES DERIVING THEIR VALUE PRINCIPALLY FROM IMMOVABLE PROPERTY

[Paragraph 4 of Article 13 of the Agreement:]

- a) shall apply if the relevant value threshold is met at any time during the 365 days preceding the alienation; and
- b) shall apply to shares or comparable interests, such as interests in a partnership or trust (to the extent that such shares or interests are not already covered) in addition to any shares or rights already covered by the provisions *[of the Agreement]*.

5. Nothing in this Agreement affects the application of a law of a Contracting State relating to the taxation of gains of a capital nature derived from the alienation of property other than that to which any of paragraphs 1, 2, 3 and 4 apply.

Article 14
