The GST on taxable supplies made by non-residents can, with the agreement of the recipients, be “reverse charged” to the recipients.

83-5 “Reverse charge” on supplies made by non-residents

- (1) The GST on a *taxable supply is payable by the *recipient of the supply, and is not payable by the supplier, if:
 - (a) the supplier is a *non-resident; and
 - (b) the supplier does not make the supply through an *enterprise that the supplier *carries on in Australia; and
 - (c) the recipient is *registered or *required to be registered; and
 - (d) the supplier and the recipient agree that the GST on the supply be payable by the recipient.
- (2) However, this section does not apply to:
 - (a) a supply that is not *connected with Australia but that is a *taxable supply because of Division 84 (which is about offshore supplies other than goods or real property); or
 - (b) a taxable supply made by a *non-resident through a *resident agent.

Note: GST on these taxable supplies is payable by the resident agent: see section 57-5.
- (3) This section has effect despite section 9-40 (which is about liability for the GST).

83-10 Recipients who are members of GST groups

- (1) If section 83-5 applies to a *taxable supply but the *recipient of the supply is a *member of a *GST group, the GST on the supply:
 - (a) is payable by the *representative member; and
 - (b) is not payable by the member (unless the member is the representative member).

- (2) This section has effect despite section 83-5.

83-15 Recipients who are participants in GST joint ventures

- (1) If section 83-5 applies to a *taxable supply but the *recipient of the supply is a *participant in a *GST joint venture and the supply is made, on the recipient's behalf, by the *joint venture operator of the GST joint venture in the course of activities for which the joint venture was entered into, the GST on the supply:
- (a) is payable by the joint venture operator; and
 - (b) is not payable by the participant.
- (2) This section has effect despite section 83-5.

83-20 The amount of GST on “reverse charged” supplies made by non-residents

- (1) The amount of GST on a supply to which section 83-5, 83-10 or 83-15 applies is 10% of the *price of the supply.
- (2) This section has effect despite section 9-70 (which is about the amount of GST on taxable supplies).

83-25 When non-residents must apply for registration

- (1) A *non-resident need not apply to be *registered under this Act if the non-resident's *annual turnover would not meet the *registration turnover threshold but for the *taxable supplies of the non-resident that are taxable supplies to which section 83-5 applies.
- (2) It does not matter whether the *non-resident is *required to be registered.
- (3) This section has effect despite section 25-1 (which is about when entities must apply for registration).

83-30 When the Commissioner must register non-residents

- (1) The Commissioner need not *register a *non-resident if the Commissioner is satisfied that the non-resident's *annual turnover would not meet the *registration turnover threshold but for the

*taxable supplies of the non-resident that are taxable supplies to which section 83-5 applies.

- (2) It does not matter whether the *non-resident is *required to be registered.
- (3) This section has effect despite section 25-5 (which is about when the Commissioner must register an entity).

83-35 Tax invoices not required for “reverse charged” supplies made by non-residents

- (1) A *non-resident is not required to issue a *tax invoice for a *taxable supply of the non-resident that is a taxable supply to which section 83-5 applies.
- (2) Subsection (1) has effect despite section 29-70 (which is about the requirement to issue tax invoices).
- (3) Subsection 29-10(3) does not apply in relation to a *creditable acquisition made by an entity as a result of being the *recipient of a *taxable supply to which section 83-5 applies.

13 After section 188-22

Insert:

188-23 Supplies “reverse charged” under Division 83 not to be included in a recipient’s turnover

To avoid doubt, if the GST on a *taxable supply is, under Division 83, payable by the *recipient of the supply, that supply is disregarded in working out the *current annual turnover or the *projected annual turnover of the recipient.

Subdivision 153-B—Principals and agents as separate suppliers or acquirers

153-50 Arrangements under which agents are treated as suppliers or acquirers

An entity (the *principal*) may, in writing, enter into an arrangement with another entity (the *agent*) under which:

- (a) the agent will, on the principal's behalf:
 - (i) make supplies to third parties; or
 - (ii) make acquisitions from third parties; or
 - (iii) make both supplies to third parties and acquisitions from third parties; and
- (b) the kinds of supplies or acquisitions, or the kinds of supplies and acquisitions, to which the arrangement applies are specified; and
- (c) for the purposes of the GST law:
 - (i) the agent will be treated as making the supplies to the third parties, or acquisitions from the third parties, or both; and
 - (ii) the principal will be treated as making corresponding supplies to the agent, or corresponding acquisitions from the agent, or both; and
- (d) in the case of supplies to third parties:
 - (i) the agent will issue to the third parties, in the agent's own name, all the *tax invoices and *adjustment notes relating to those supplies; and
 - (ii) the principal will not issue to the third parties any tax invoices and adjustment notes relating to those supplies; and
- (e) the arrangement ceases to have effect if the principal or the agent, or both of them, cease to be *registered.

153-55 The effect of these arrangements on supplies

- (1) A *taxable supply that the principal makes to a third party through the agent is taken to be a supply that is a taxable supply made by the agent to the third party, and not by the principal, if:
 - (a) the supply is of a kind to which the arrangement applies; and

- (b) the supply is made in accordance with the arrangement; and
 - (c) both the principal and the agent are *registered.
- (2) In addition, the principal is taken to make a supply that is a *taxable supply to the agent. This supply is taken:
 - (a) to be a supply of the same thing as is supplied in the taxable supply (the **agent's supply**) that the agent is taken to make; and
 - (b) to have a *value equal to ¹⁰/₁₁ of the amount that is payable to the principal by the agent in respect of the agent's supply.The agent is taken to make a corresponding *creditable acquisition from the principal.
- (3) If the principal pays, or is liable to pay, an amount, as a commission or similar payment, to the agent for the agent's supply to the third party:
 - (a) for the purpose of paragraph (2)(b), the amount payable by the agent to the principal is taken to be reduced by the amount the principal pays, or is liable to pay, to the agent; and
 - (b) the supply by the agent to the principal, to which the principal's payment or liability relates, is not a *taxable supply.
- (4) However, this section no longer applies, and is taken never to have applied, if the principal issues to the third party, in the principal's own name, any *tax invoice or *adjustment note relating to the supply.
- (5) This section has effect despite section 9-5 (which is about what are taxable supplies), section 9-75 (which is about the value of taxable supplies) and section 11-5 (which is about what are creditable acquisitions).

153-60 The effect of these arrangements on acquisitions

- (1) An acquisition that the principal makes from a third party through the agent is taken to be a *creditable acquisition made by the agent from the third party, and not by the principal, if:
 - (a) the acquisition is of a kind to which the arrangement applies; and

-
- (b) the acquisition is made in accordance with the arrangement; and
 - (c) both the principal and the agent are *registered.
- (2) In addition, the agent is taken to make a supply that is a *taxable supply to the principal. This supply is taken:
- (a) to be a supply of the same thing as is acquired in the *creditable acquisition (the **agent's acquisition**) that the agent is taken to make; and
 - (b) to have a *value equal to ¹⁰/₁₁ of the amount that is payable to the agent by the principal in respect of the agent's acquisition.
- The principal is taken to make a corresponding acquisition from the agent, and the acquisition is taken to be a creditable acquisition if, apart from this section, the principal's acquisition from the third party would have been a creditable acquisition.
- (3) If the principal pays, or is liable to pay, an amount, as a commission or similar payment, to the agent for the agent's acquisition from the third party:
- (a) for the purpose of paragraph (2)(b), the amount payable by the principal to the agent is taken to be increased by the amount the principal pays, or is liable to pay, to the agent; and
 - (b) the supply by the agent to the principal, to which the principal's payment or liability relates, is not a *taxable supply.
- (4) This section has effect despite section 11-5 (which is about what are creditable acquisitions), section 11-10 (which is about what are acquisitions), section 9-5 (which is about what are taxable supplies) and section 9-75 (which is about the value of taxable supplies).

153-65 Determinations that supplies or acquisitions are taken to be under these arrangements

- (1) The Commissioner may determine in writing that supplies or acquisitions of a specified kind that any entity (the **agent**) makes on behalf of any other entity (the **principal**) to or from third parties are taken to be supplies or acquisitions:

- (a) that are of a kind to which an arrangement of a kind referred to in section 153-50 applies; and
 - (b) that are made in accordance with that arrangement.
- (2) The determination has effect accordingly, unless either the agent or the principal notifies the other in writing, or both notify each other in writing, that:
 - (a) any supplies that the agent makes to third parties on the principal's behalf are not supplies to which such an arrangement applies; and
 - (b) any acquisitions that the agent makes from third parties on the principal's behalf are not acquisitions to which such an arrangement applies.

 - (a) what is, apart from this section, the value of the supply; and
 - (b) the value of the taxable supply that, under subsection 153-55(2), is taken to be made to you in relation to the taxable supply that you are taken to make.
- (2) In working out your *current annual turnover or your *projected annual turnover, you may choose to treat the *value of any *taxable supply that, under subsection 153-60(2), you are taken to make as an agent as being an amount equal to the difference between:
 - (a) what is, apart from this section, the value of the supply; and
 - (b) ^{10/11} of the *consideration you provided or are liable to provide for the *creditable acquisition that, under subsection 153-60(1), you are taken to make and that relates to that supply.

71-5 Acquisitions by financial suppliers to provide fringe benefits

189-5 Exceeding the financial acquisitions threshold—current acquisitions

General

- (1) You ***exceed the financial acquisitions threshold*** at a time during a particular month if, assuming that all the *financial acquisitions you have made, or are likely to make, during the 12 months ending at the end of that month were made solely for a *creditable purpose, either or both of the following would apply:

 - (b) the amount of the input tax credits referred to in paragraph (a) would be more than 10% of the total amount of the input tax credits to which you would be entitled for all your acquisitions and importations during that 12 months (including the financial acquisitions).

Schedule 6—Calculating amounts of GST

A New Tax System (Goods and Services Tax) Act 1999

Insert:

9-90 Rounding of amounts of GST

One taxable supply recorded on an invoice

- (1) If the amount of GST on a *taxable supply that is the only taxable supply recorded on a particular *invoice would, apart from this section, be an amount that includes a fraction of a cent, the amount of GST is rounded to the nearest cent (rounding 0.5 cents upwards).

Several taxable supplies recorded on an invoice

- (2) If 2 or more *taxable supplies are recorded on the same *invoice, the total amount of GST on the supplies is:
 - (a) what would be the amount of GST if it were worked out by:
 - (i) working out the GST on each of the supplies (without rounding the amounts to the nearest cent); and
 - (ii) adding the amounts together and, if the total is an amount that includes a fraction of a cent, rounding it to the nearest cent (rounding 0.5 cents upwards); or
 - (b) the amount worked out using the following method statement:

Method statement

- | |
|---|
| <p><i>Step 1.</i> Work out, for each *taxable supply, what would, apart from this section, be the amount of GST on the supply.</p> <p><i>Step 2.</i> If the amount for the supply has more decimal places than the number of decimal places allowed by the accounting system used to work out the amount, round</p> |
|---|

the amount (up or down as appropriate) to that number of decimal places.

Note: Subsection (4) gives further details of this rounding.

Step 3. Work out the sum of the amounts worked out under step 1 and (if applicable) step 2 for each supply.

Step 4. If the sum under step 3 includes a fraction of a cent, round the sum to the nearest cent (rounding 0.5 cents upwards).

- (3) Whether to use paragraph (2)(a) or paragraph (2)(b) to work out the total amount of GST on the supplies is a matter of choice for:
- (a) the supplier if the amount is being worked out to ascertain the supplier's liability for GST; or
 - (b) the *recipient of the supplies if the amount is being worked out to ascertain the recipient's entitlement to input tax credits.
- (4) In applying step 2 of the method statement in subsection (2), if:
- (a) the number of decimal places in the amount for the supply exceeds by one decimal place the number of decimal places allowed by the accounting system used to work out the amount; and
 - (b) the last digit of the amount (before rounding) is 5;
- the amount is rounded upwards to that number of decimal places.

Taxable supplies divided into items

- (5) If one or more *taxable supplies recorded on the same *invoice are divided into 2 or more items:
- (a) subsection (1) does not apply; and
 - (b) subsection (2) applies as if each such item represented a separate taxable supply.

Taxable supplies recorded on documents other than invoices

- (6) If one or more *taxable supplies, none of which are recorded on an *invoice, are recorded on a document that is not an invoice, this section applies as if the document were an invoice.

17-15 Working out net amounts using approved forms

Note: Choosing to use section 17-5 to work out your net amount does not mean your GST return is not in the approved form: see subsection 31-15(3).

- (2) This section has effect despite section 17-5.

3 At the end of section 31-15

Add:

- (3) The fact that, in your *GST return for the *tax period, your *net amount for the *tax period is worked out:
- (a) in the way specified in section 17-5; and
 - (b) not in the way specified in the *approved form for a GST return;
- does not prevent your GST return for the tax period being treated as being in the approved form.

4 At the end of subsection 66-50(3)

Add:

Note: Section 9-90 (rounding of amounts of GST) can apply to amounts of GST worked out using this section.

5 At the end of subsection 75-10(4)

Division 19—Producer rebates

19-1 What this Division is about

Wine producers are entitled to a rebate for certain retail sales and AOUs of wine. The rebate tapers off when these sales and AOUs exceed a particular value. The rebate is provided in the form of a wine tax credit.

Note: Credit ground CR9 is producer rebates.

19-5 Entitlement to producer rebates

Retail sales

- (1) You are entitled to a *producer rebate for *rebatable wine in respect of a *financial year if:

-
- (a) you are the *producer of the wine; and
 - (b) you are liable to wine tax for a *retail sale of the wine during the financial year; and
 - (c) the sale is from premises to which your *producer's licence relates; and
 - (d) the sale does not contravene the *State law or *Territory law under which the licence was issued, or any conditions to which the licence is subject.
- (2) A sale of wine by mail order or on the Internet is taken to be a sale from particular premises for the purposes of paragraph (1)(c) if the wine is sold under the *producer's licence to which those premises relate.

AOUs

- (3) You are also entitled to a *producer rebate for *rebatable wine in respect of a *financial year if:
- (a) you are the *producer of the wine; and
 - (b) you are liable to wine tax for an *AOU of the wine during the financial year.

Exceptions

- (4) However, you are not entitled to the rebate for the wine if:
- (a) in the case of a *retail sale—you sell the wine in the course of providing, to the purchaser of the wine, other *food that is for consumption on the *premises from which it is supplied; or
 - (b) in the case of a retail sale—the sale is by mail order or on the Internet and a commission is payable to a third party for the sale, or a third party deducts an amount as commission from the proceeds of the sale; or
 - (c) in any case—in the *financial year in which the sale or *AOU occurs, your *annual rebatable turnover for the *producer's licence under which the sale or AOU took place is more than \$580,000.

19-10 Amount of producer rebates

- (1) If the *annual rebatable turnover of a *producer of *rebatable wine for a particular *producer's licence in a *financial year is \$300,000

or less, the amount of the *producer rebates to which you are entitled in respect of that licence for that financial year is 14% of that turnover.

- (2) If the *annual rebatable turnover of a *producer of *rebatable wine for a particular *producer's licence in a *financial year is more than \$300,000, the amount of the *producer rebates to which you are entitled in respect of that licence for that financial year is:

$$\$42,000 - ((\text{That turnover} - \$300,000) \times 15\%)$$

19-15 Estimating amounts of producer rebates for each tax period

- (1) The Commissioner may determine in writing how a *producer of *rebatable wine may work out estimates of amounts of *producer rebates that the producer may claim for the producer's *tax periods during a *financial year (other than the last tax period of a financial year).
- (2) An amount worked out in accordance with the determination, for one of the *tax periods applying to you, is treated as an amount of a *wine tax credit:
- (a) to which you are entitled; and
 - (b) that arises during that tax period (even though under section 17-5 it would arise at a later time).
- (3) The amount of the *producer rebate to which you are entitled in respect of the *financial year is taken to be reduced by the sum of the amounts worked out under subsection (2) that you claim for *tax periods during the financial year.
- (4) However, if the sum of the amounts worked out under subsection (2) that you claim for *tax periods during the *financial year exceeds the amount of the *producer rebate to which you are entitled in respect of the financial year:
- (a) you are liable to pay an amount equal to that excess; and
 - (b) the amount is to be treated as if it were wine tax payable by you at the end of the financial year, and, for the purposes of Part 5, were attributable to the last tax period of the financial year.

19-20 Annual rebatable turnover

The *annual rebatable turnover of a *producer of *rebatable wine for a particular *producer's licence in a *financial year is the sum of:

- (a) the *notional wholesale selling prices of all *retail sales of rebatable wine the producer makes in that financial year that are sales:
 - (i) made under the licence; and
 - (ii) to which subsection 19-5(1) applies; and
- (b) the notional wholesale selling prices of all *AOUs of rebatable wine the producer makes in that financial year that are AOUs:

Division 139—Distributions from deceased estates

139-1 What this Division is about

Distributions from deceased estates, for private consumption, that are not taxable supplies may involve disposing of assets that were acquired or imported in circumstances giving rise to entitlements to input tax credits. This Division provides for an increasing adjustment to cancel those input tax credits.

139-5 Adjustments for distributions from deceased estates

- (1) You have an **increasing adjustment** if:
- (a) you are the executor or trustee of a deceased estate; and
 - (b) you are *registered or *required to be registered; and
 - (c) you supply an asset of the deceased estate to a beneficiary of the deceased estate; and
 - (d) the supply is not a *taxable supply and is not a supply that is *GST-free or *input taxed; and
 - (e) you were, or are, or the deceased person was, entitled to an input tax credit for the deceased person's acquisition or importation of the asset.

Note: Increasing adjustments increase your net amounts.

applicable value is:

- (a) the *GST inclusive market value of the asset immediately before it is supplied; or

-
- (c) if you were, or are, or the deceased person was, entitled to an input tax credit for the deceased person importing the thing—the cost to you or the deceased person of acquiring or producing the thing (plus the GST paid on its importation), but only if the amount is less than that value.
 - (3) However, an *adjustment does not arise under this section in respect of the asset if:
 - (a) the asset related to an *enterprise that the deceased person *carried on, and the beneficiary intends to continue to carry on that enterprise; or
 - (b) there were one or more *adjustment periods for the deceased person's acquisition or importation of the asset, and the last of those adjustment periods has ended before the cancellation of your *registration takes effect.

- (2) This section has effect despite section 29-20 (which is about attributing your adjustments).
