Guide to Subdivision 768-G

768-500 What this Subdivision is about

If:

- (a) a company has a capital gain or capital loss arising from a CGT event that happens in relation to a share in a foreign company; and
- (b) the company holds a direct voting percentage of 10% or more in the foreign company for a certain period before the CGT event happens;

the gain or loss is reduced by a percentage that reflects the degree to which the assets of the foreign company are used in an active business.

Operative provisions

768-505 Reducing a capital gain or loss from certain CGT events in relation to non-portfolio interests

- (1) The *capital gain or *capital loss a company (the *holding company*) makes from a *CGT event that happened at a particular time (the *time of the CGT event*) to a *share in a company (the *foreign disposal company*) that is a foreign resident is reduced if:
 - (a) the holding company held a *direct voting percentage of 10% or more in the foreign disposal company throughout a 12 month period that:
 - (i) began no earlier than 24 months before the time of the CGT event; and
 - (ii) ended no later than that time; and
 - (b) the share is *not*:
 - (i) an eligible finance share (within the meaning of Part X of the *Income Tax Assessment Act 1936*); or
 - (ii) a widely distributed finance share (within the meaning of that Part); and
 - (c) the CGT event is CGT event A1, B1, C2, E1, E2, G3, J1, K4, K6, K10 or K11.
- (2) The gain or loss is reduced by the *active foreign business asset percentage (see sections 768-510, 768-530 and 768-535) of the foreign disposal company in relation to the holding company at the time of the CGT event.

Active foreign business asset percentage

768-510 Active foreign business asset percentage

- (1) The *active foreign business asset percentage* of a company (the *foreign company*) that is a foreign resident, in relation to the holding company mentioned in section 768-505, at the time of the CGT event mentioned in that section, is worked out in accordance with this section.

Market value method

- (2) Work out that percentage under section 768-520 if:
-

- (a) the holding company has made a choice under subsection 768-515(1) in relation to the foreign company for that time; and
- (b) there is sufficient evidence of the *market value at that time of:
 - (i) all *assets included in the total assets of the foreign company at that time; and
 - (ii) all *active foreign business assets of the foreign company at that time.

Book value method

- (3) Work out that percentage under section 768-525 if:
 - (a) the holding company has made a choice under subsection 768-515(2) in relation to the foreign company for that time; and
 - (b) there are *recognised company accounts of the foreign company for a period that ends no later than that time, but no more than 12 months before that time; and
 - (c) if the foreign company was in existence before the start of the period mentioned in paragraph (b)—there are recognised company accounts of the foreign company for a period that ends at least 6 months, but no more than 18 months, before the end of the period mentioned in paragraph (b).

Default method

- (4) Otherwise, that percentage is:
 - (a) 100% (if this section is being applied for the purposes of section 768-505 to reduce a *capital loss of the holding company); or
 - (b) zero (in any other case).

768-515 Choices to apply market value method or book value method

Choice for market value method

- (1) The holding company may choose to work out the *active foreign business asset percentage of the foreign company for the time of the CGT event under section 768-520.

Choice for book value method

- (2) The holding company may choose to work out the *active foreign business asset percentage of the foreign company for the time of the CGT event under section 768-525.

Method of making choice

- (3) The way an entity making a choice under subsection (1) or (2) prepares its *income tax return is sufficient evidence of the making of the choice.

Note: If an entity does not make a choice under subsection (1) or (2), it will work out the active foreign business asset percentage of the foreign company in accordance with the default method in subsection 768-510(4).

768-520 Market value method—choice made under subsection 768-515(1)

- (1) The *active foreign business asset percentage* of the foreign company in relation to the holding company, at the time of the CGT event, is worked out under this section in this way.

Method statement

Step 1. Work out the *market value at that time of all *assets included in the total assets of the foreign company at that time.

Step 2. Work out the *market value (see subsection (2)) at that time of all *active foreign business assets of the foreign company at that time.

Step 3. Divide the result of step 2 by the result of step 1.

Step 4. Express the result of step 3 as a percentage, and round that percentage to the nearest whole percentage point (rounding a number ending in .5 upwards).

Step 5. The *active foreign business asset percentage* is:

(a) if the result of step 4 is less than 10%—zero; or

(b) if the result of step 4 is 10% or more, but less than 90%—that result; or

(c) if the result of step 4 is 90% or more—100%.

Note 1: If the foreign company is a foreign life insurance company or a foreign general insurance company, the result of step 2 is modified under section 768-530.

Note 2: If the foreign company is a member of a wholly-owned group, section 768-535 may modify the way in which this section operates.

(2) If, at the time of the CGT event:

(a) an *active foreign business asset of the foreign company is a *share in another company (the *subsidiary company*); and

(b) the subsidiary company is a foreign resident;

then, in working out the *market value of all *active foreign business assets of the foreign company at that time for the purposes of step 2 of the method statement in subsection (1), treat the *market value of the share at that time according to the following table.

Market value of a share in subsidiary company		
Item	If:	treat the market value of the share as:
1	(a) the foreign company has a *direct voting percentage of 10% or more in the subsidiary company at that time; and (b) the holding company has a *total voting percentage of 10% or more in the subsidiary company at that time	the *share's *market value at that time, multiplied by the *active foreign business asset percentage of the subsidiary company in relation to the holding company at that time
2	item 1 does not apply	zero

Note: For the purposes of item 1 of the table, it is necessary to work out the active foreign business asset percentage of the subsidiary company before working out the active foreign business asset percentage of the foreign company.

**768-525 Book value method—choice made under subsection
768-515(2)**

- (1) The *active foreign business asset percentage* of the foreign company in relation to the holding company, at the time of the CGT event, is worked out under this section in this way.

Method statement

- Step 1.* Work out the foreign company's average value of total assets at that time under subsection (2).
- Step 2.* Work out the foreign company's average value of active foreign business assets at that time under subsection (3).
- Step 3.* Divide the result of step 2 by the result of step 1.
- Step 4.* Express the result of step 3 as a percentage, and round that percentage to the nearest whole percentage point (rounding a number ending in .5 upwards).
- Step 5.* The *active foreign business asset percentage* is:
- (a) if the result of step 4 is less than 10%—zero; or
 - (b) if the result of step 4 is 10% or more, but less than 90%—that result; or
 - (c) if the result of step 4 is 90% or more—100%.

Note: If the foreign company is a member of a wholly-owned group, section 768-535 may modify the way in which this section operates.

- (2) The foreign company's *average value of total assets* at the time of the CGT event is worked out in this way.

Method statement

- Step 1.* Work out the sum of the values (see subsection (5)) of every *asset included in the total assets of the foreign company at the end of the most recent period:
- (a) that ends no later than that time, but no more than 12 months before that time; and

<p>(b) for which the foreign company has *recognised company accounts.</p> <p><i>Step 2.</i> Work out the sum of the values (see subsection (5)) of every *asset included in the total assets of the foreign company at the end of the most recent period:</p> <p>(a) that ends at least 6 months, but no more than 18 months, before the end of the period mentioned in step 1; and</p> <p>(b) for which the foreign company has *recognised company accounts.</p> <p>Note: See subsection (6) if the foreign company does not have recognised company accounts for a period mentioned in this step.</p> <p><i>Step 3.</i> Work out the sum of the results of steps 1 and 2, and divide that sum by 2.</p>

- (3) The foreign company's *average value of active foreign business assets* at that time is worked out in this way.

<p><i>Method statement</i></p> <p><i>Step 1.</i> Work out the sum of the values (see subsections (4) and (5)) of every *active foreign business asset of the foreign company at the end of the most recent period:</p> <p>(a) that ends no later than that time, but no more than 12 months before that time; and</p> <p>(b) for which the foreign company has *recognised company accounts.</p> <p><i>Step 2.</i> Work out the sum of the values (see subsections (4) and (5)) of every *active foreign business asset of the foreign company at the end of the most recent period:</p> <p>(a) that ends at least 6 months, but no more than 18 months, before the end of the period mentioned in step 1; and</p>
--

(b) for which the foreign company has *recognised company accounts.

Note: See subsection (6) if the foreign company does not have recognised company accounts for a period mentioned in this step.

Step 3. Work out the sum of the results of steps 1 and 2, and divide that sum by 2.

Note: If the foreign company is a foreign life insurance company or a foreign general insurance company, the results of steps 1 and 2 are modified under section 768-530.

- (4) If an *active foreign business asset of the foreign company is a *share in another company (the *subsidiary company*) that is a foreign resident, then, for the purposes of steps 1 and 2 of the method statement in subsection (3), treat the value of the share at a particular time according to the following table.

Value of a share in subsidiary company

Item	If:	treat the value of the share as:
1	(a) the foreign company has a *direct voting percentage of 10% or more in the subsidiary company at that time; and (b) the holding company has a *total voting percentage of 10% or more in the subsidiary company at that time	the *share's value (see subsection (5)) at that time, multiplied by the *active foreign business asset percentage of the subsidiary company in relation to the holding company at that time
2	item 1 does not apply	zero

Note: For the purposes of item 1 of the table, it is necessary to work out the active foreign business asset percentage of the subsidiary company before working out the active foreign business asset percentage of the foreign company.

- (5) For the purposes of this section, the value of an asset of a foreign company at the end of a period is taken to be:
- (a) the value of the asset as shown in the *recognised company accounts of the foreign company for that period; or

(b) if the value of the asset is *not* shown in the recognised company accounts of the foreign company for that period—zero.

- (6) The result of:
- (a) step 2 of the method statement in subsection (2); and
 - (b) step 2 of the method statement in subsection (3);
- is taken to be zero if the foreign company does not have *recognised company accounts for a period mentioned in those steps.

Note: This will only be the case if the foreign company was not in existence before the start of the period mentioned in step 1 of those method statements (see paragraph 768-510(3)(c)).

768-530 Active foreign business asset percentage—modifications for foreign life insurance companies and foreign general insurance companies

- (1) If the foreign company is a *foreign life insurance company or a *foreign general insurance company, work out its *active foreign business asset percentage according to section 768-510, but with the modifications set out in subsections (2) and (3).
- (2) Treat a reference in the following provisions to a period as a reference to a *statutory accounting period of the foreign company:
 - (a) paragraphs 768-510(3)(b) and (c);
 - (b) section 768-525.
- (3) Apply the modifications set out in the following table.

Modifications for foreign life insurance companies and foreign general insurance companies

Item	The result of this step:	is increased by the amount applicable under subsection (4) for this statutory accounting period:
1	step 2 of the method statement in subsection 768-520(1)	the most recent *statutory accounting period of the foreign company ending at or before the time mentioned in that step

Modifications for foreign life insurance companies and foreign general insurance companies

Item	The result of this step:	is increased by the amount applicable under subsection (4) for this statutory accounting period:
2	step 1 of the method statement in subsection 768-525(3)	the *statutory accounting period mentioned in that step (as modified by subsection (2) of this section)
3	step 2 of the method statement in subsection 768-525(3)	the *statutory accounting period mentioned in that step (as modified by subsection (2) of this section)

- (4) The amount applicable under this subsection for a *statutory accounting period of the foreign company is worked out using the following formula:

$$\text{Value of non-active foreign business assets} \times \frac{\text{Active insurance amount}}{\text{Total insurance assets}}$$

where:

active insurance amount means:

- (a) if the foreign company is a *foreign life insurance company—the untainted policy liabilities (within the meaning of subsection 446(2) of the *Income Tax Assessment Act 1936*) of the foreign company for the statutory accounting period; or
- (b) if the foreign company is a *foreign general insurance company—the active general insurance amount worked out under subsection (5) for the statutory accounting period.

total insurance assets means:

- (a) if the foreign company is a *foreign life insurance company—the total assets (within the meaning of subsection 446(2) of the *Income Tax Assessment Act 1936*) of the foreign company for the statutory accounting period; or
 - (b) if the foreign company is a *foreign general insurance company—the total assets (within the meaning of subsection 446(4) of that Act) of the foreign company for the statutory accounting period.
-

value of non-active foreign business assets means:

- (a) for the purposes of item 1 of the table in subsection (3)—the difference between:
 - (i) the result of step 1 of the method statement in subsection 768-520(1); and
 - (ii) the result of step 2 of that method statement (apart from this section); or
- (b) for the purposes of item 2 of the table in subsection (3)—the difference between:
 - (i) the result of step 1 of the method statement in subsection 768-525(2); and
 - (ii) the result of step 1 of the method statement in subsection 768-525(3) (apart from this section); or
- (c) for the purposes of item 3 of the table in subsection (3)—the difference between:
 - (i) the result of step 2 of the method statement in subsection 768-525(2); and
 - (ii) the result of step 2 of the method statement in subsection 768-525(3) (apart from this section).

Active insurance amount for foreign general insurance company

- (5) The active general insurance amount under this subsection for a *statutory accounting period of the foreign company is worked out using the following formula:

$$\text{Total general insurance assets} - \text{Net assets} - \text{Tainted outstanding claims} + \text{Solvency amount}$$

where:

net assets means the net assets (within the meaning of subsection 446(4) of the *Income Tax Assessment Act 1936*) of the foreign company for the statutory accounting period.

solvency amount means the solvency amount (within the meaning of subsection 446(4) of the *Income Tax Assessment Act 1936*) of the foreign company for the statutory accounting period.

tainted outstanding claims means the tainted outstanding claims (within the meaning of subsection 446(4) of the *Income Tax Assessment Act 1936*) of the foreign company for the statutory accounting period.

total general insurance assets means the total assets (within the meaning of subsection 446(4) of the *Income Tax Assessment Act 1936*) of the foreign company for the statutory accounting period.

768-535 Modified rules for foreign wholly-owned groups

- (1) This section applies if:
 - (a) for the purposes of section 768-505, it is necessary to work out the *active foreign business asset percentage of a company (the *top foreign company*) in relation to the holding company mentioned in that section, at the time of the CGT event mentioned in that section; and
 - (b) the top foreign company is *not*:
 - (i) an AFI subsidiary (within the meaning of Part X of the *Income Tax Assessment Act 1936*); or
 - (ii) a *foreign life insurance company; or
 - (iii) a *foreign general insurance company; and
 - (c) for the purposes of section 768-505, it is also necessary (apart from this section) to work out the active foreign business asset percentage at that time of 1 or more other companies in relation to the holding company, at that time, where:
 - (i) the top foreign company and 1 or more of those other companies (the *subsidiary foreign companies*) are members of a *wholly-owned group; and
 - (ii) each of the subsidiary foreign companies is a *100% subsidiary of the top foreign company.
 - (2) The holding company may choose to work out the *active foreign business asset percentage of the top foreign company in accordance with subsections (4) and (6).
 - (3) The way an entity making a choice under subsection (2) prepares its *income tax return is sufficient evidence of the making of the choice.
 - (4) If the holding company has made a choice under subsection (2), the provisions mentioned in subsection (5) operate, for the purposes of section 768-505, as if each subsidiary foreign company were a part of the top foreign company, rather than a separate entity.
-

Note 1: This subsection means that certain assets are not treated as active foreign business assets, or as assets included in the total assets, of any of the subsidiary foreign companies or of the top foreign company. For example:

- (a) a share owned by one of those companies in another of those companies; and
- (b) a debt owed by one of those companies to another of those companies.

Note 2: If an asset (other than an asset mentioned in Note 1) is actually an active foreign business asset, or an asset included in the total assets, of a subsidiary foreign company, it is treated under this subsection as an active foreign business asset, or as an asset included in the total assets, of the top foreign company.

- (5) For the purposes of subsection (4), the provisions are:
 - (a) section 768-540 (active foreign business assets of a foreign company); and
 - (b) section 768-545 (assets included in the total assets of a foreign company).
- (6) If the holding company has made a choice under subsection (2), then for the purposes of sections 768-510 and 768-525, treat the *recognised consolidated accounts of the top foreign company and all of the subsidiary foreign companies as the *recognised company accounts of the top foreign company.

Types of assets of a foreign company

768-540 Active foreign business assets of a foreign company

- (1) An asset is, at a particular time, an *active foreign business asset* of a company (the *foreign company*) that is a foreign resident if, at that time:
 - (a) the asset is an *asset included in the total assets of the company; and
 - (b) the asset satisfies any of these conditions:
 - (i) the asset is used, or held ready for use, by the company in the course of carrying on a *business;
 - (ii) the asset is goodwill;
 - (iii) the asset is a *share; and
 - (c) the asset is *not* a *CGT asset that has the *necessary connection with Australia, disregarding the operation of

- paragraph (b) of item 5 and paragraph (b) of item 6 of the table in section 136-25; and
- (d) the asset is *not* covered by subsection (2); and
 - (e) if the foreign company is an AFI subsidiary (within the meaning of Part X of the *Income Tax Assessment Act 1936*) whose sole or principal business is financial intermediary business—the asset is *not* covered under subsection (4).
- (2) An asset is covered by this subsection if it is:
- (a) a financial instrument (other than a *share or a trade debt); or
 - (b) either:
 - (i) an eligible finance share (within the meaning of Part X of the *Income Tax Assessment Act 1936*); or
 - (ii) a widely distributed finance share (within the meaning of that Part); or
 - (c) an interest in a trust or *partnership; or
 - (d) a *life insurance policy; or
 - (e) a right or option in respect of:
 - (i) a financial instrument; or
 - (ii) an interest in a company, trust or partnership; or
 - (iii) a life insurance policy; or
 - (f) cash or cash equivalent; or
 - (g) an asset whose main use in the course of carrying on the *business mentioned in subparagraph (1)(b)(i) is to *derive interest, an *annuity, rent, *royalties or foreign exchange gains unless:
 - (i) the asset is an intangible asset and has been substantially developed, altered or improved by the foreign company so that its *market value has been substantially enhanced; or
 - (ii) its main use for deriving rent was only temporary.
- (3) If, at the time mentioned in subsection (1), the foreign company is an AFI subsidiary (within the meaning of Part X of the *Income Tax Assessment Act 1936*) whose sole or principal business is financial intermediary business (within the meaning of that Part), subsection (2) operates as if:
- (a) paragraphs (2)(a) and (f) were omitted; and

- (b) paragraph (2)(g) did not contain a reference to interest, an *annuity or foreign exchange gains; and
- (c) subparagraph (2)(e)(i) were omitted and the following subparagraph were substituted:
 - (i) a financial instrument, other than an asset mentioned in paragraph 450(1)(b) of the *Income Tax Assessment Act 1936*; or
- (4) The asset is covered under this subsection if:
 - (a) all of these conditions are satisfied:
 - (i) the asset is an asset mentioned in subparagraph 450(4)(b)(i) or (ii) of the *Income Tax Assessment Act 1936*;
 - (ii) the asset was acquired from another entity;
 - (iii) either of the conditions mentioned in subparagraph 450(6)(c)(i) and (ii) of the *Income Tax Assessment Act 1936* were satisfied in relation to the other entity at the time of the acquisition; or
 - (b) both of these conditions are satisfied:
 - (i) the asset relates to a debt to which factoring income (within the meaning of Part X of the *Income Tax Assessment Act 1936*) of the foreign company relates;
 - (ii) the condition in paragraph 450(8)(b) of the *Income Tax Assessment Act 1936* is satisfied in relation to the debt.

768-545 Assets included in the total assets of a foreign company

- (1) At a particular time, an asset is an ***asset included in the total assets*** of a company (the ***foreign company***) that is a foreign resident if:
 - (a) the asset is a *CGT asset at that time; and
 - (b) the foreign company owns the asset at that time; and
 - (c) if at that time the foreign company is *not* an AFI subsidiary (within the meaning of Part X of the *Income Tax Assessment Act 1936*) whose sole or principal business is financial intermediary business (within the meaning of that Part)—the asset is *not* a foreign company derivative asset covered by subsection (2).
 - (2) An asset is a foreign company derivative asset covered by this subsection if:
-

- (a) the asset is an *arrangement covered by subsection (3), unless the regulations declare the asset *not* to be a foreign company derivative asset covered by this subsection; or
 - (b) the regulations declare the asset to be a foreign company derivative asset covered by this subsection.
- (3) An *arrangement is covered by this subsection if:
- (a) under the arrangement, a party to the arrangement must, or may be required to, provide at some future time consideration of a particular kind or kinds to someone; and
 - (b) that future time is not less than the number of days, prescribed by regulations made for the purposes of paragraph 761D(1)(b) of the *Corporations Act 2001*, after the day on which the arrangement is entered into; and
 - (c) the amount of the consideration, or the value of the arrangement, is ultimately determined, derived from or varies by reference to (wholly or in part) the value or amount of something else (of any nature whatsoever and whether or not deliverable), including, for example, one or more of the following:
 - (i) an asset;
 - (ii) a rate (including an interest rate or exchange rate);
 - (iii) an index;
 - (iv) a commodity; and
 - (d) subsection (4) does not apply in relation to the arrangement.
- (4) An *arrangement under which one person has an obligation to buy, and another person has an obligation to sell, property is not an arrangement covered by subsection (3) merely because the arrangement provides for the consideration to be varied by reference to a general inflation index such as the Consumer Price Index.

Voting percentages in a company

768-550 Direct voting percentage in a company

- (1) An entity's *direct voting percentage* at a particular time in a company is:
 - (a) if the entity has a voting interest (within the meaning of section 160AFB of the *Income Tax Assessment Act 1936*) in
-

the foreign company at that time amounting to a percentage of the voting power (within the meaning of that section) of the company—that percentage; or

- (b) otherwise—zero.
- (2) In applying section 160AFB of the *Income Tax Assessment Act 1936* for the purposes of subsection (1) of this section, assume that:
- (a) the entity is a company; and
- (b) the entity is not the beneficial owner of a *share in the company if a trust or *partnership is interposed between the entity and the company.

768-555 Indirect voting percentage in a company

- (1) An entity's *indirect voting percentage* at a particular time in a company (the *subsidiary company*) is worked out by multiplying:
- (a) the entity's *direct voting percentage (if any) in another company (the *intermediate company*) at that time;
- by:
- (b) the sum of:
- (i) the intermediate company's direct voting percentage (if any) in the subsidiary company at that time; and
- (ii) the intermediate company's indirect voting percentage (if any) in the subsidiary company at that time (as worked out under one or more other applications of this section).
- (2) If there is more than one intermediate company to which subsection (1) applies at that time, the entity's *indirect voting percentage* is the sum of the percentages worked out under subsection (1) in relation to each of those intermediate companies.

768-560 Total voting percentage in a company

An entity's *total voting percentage* at a particular time in a company is the sum of:

- (a) the entity's *direct voting percentage in the company at that time; and
- (b) the entity's *indirect voting percentage in the company at that time.

Schedule 2—Foreign branch income, non-portfolio dividends and listed countries

Part 1—Foreign branch income exemption

Income Tax Assessment Act 1936

1 Section 23AH

Repeal the section, substitute:

23AH Foreign branch income of Australian companies not assessable

Objects

- (1) The objects of this section are:
 - (a) to ensure that active foreign branch income derived by a resident company, and capital gains made by a resident company in disposing of non-tainted assets used in deriving foreign branch income, are not assessable income or exempt income of the company; and
 - (b) to include in the assessable income of a resident company that part of its income and capital gains derived through a branch in a foreign country that is comparable to the amounts that would be included in an attributable taxpayer's assessable income for income and capital gains derived by a CFC resident in the same foreign country; and
 - (c) to get the same outcomes where one or more partnerships or trusts are interposed between a resident company and a foreign branch.

Foreign branch income not assessable

- (2) Subject to this section, foreign income derived by a company, at a time when the company is a resident in carrying on a business, at or through a PE of the company in a listed country or unlisted country is not assessable income, and is not exempt income, of the company.

Foreign capital gains and losses disregarded

- (3) Subject to this section, a capital gain from a CGT event happening to a CGT asset is disregarded for the purposes of Part 3-1 of the *Income Tax Assessment Act 1997* if:
- (a) the gain is made by a company that is a resident; and
 - (b) the company used the asset wholly or mainly for the purpose of producing foreign income in carrying on a business at or through a PE of the company in a listed country or unlisted country; and
 - (c) the asset does not have the necessary connection with Australia.
- (4) Subject to this section, a capital loss from a CGT event happening to a CGT asset is disregarded for the purposes of Part 3-1 of the *Income Tax Assessment Act 1997* if:
- (a) the loss is made by a company that is a resident; and
 - (b) the company used the asset wholly or mainly for the purpose of producing foreign income in carrying on a business at or through a PE of the company in a listed country or unlisted country; and
 - (c) had the loss been a gain, it would be disregarded under subsection (3).

Exceptions: listed country PE

- (5) Subsection (2) does not apply to foreign income derived by the company if:
- (a) the PE is in a listed country; and
 - (b) the PE does not pass the active income test (see subsection (12)); and
 - (c) the foreign income is both:
 - (i) adjusted tainted income (see subsection (13)); and
 - (ii) eligible designated concession income in relation to a listed country.
- (6) Subsection (3) or (4) does not apply to a capital gain or capital loss if:
- (a) the PE is in a listed country; and

- (b) for a capital gain—the gain is from a tainted asset and is eligible designated concession income in relation to a listed country; and
- (c) for a capital loss—the loss is from a tainted asset and would be eligible designated concession income in relation to a listed country if it were a capital gain.

Exceptions: unlisted country PE

- (7) Subsection (2) does not apply to foreign income derived by the company if:
 - (a) the PE is in an unlisted country; and
 - (b) the PE does not pass the active income test (see subsection (12)); and
 - (c) the foreign income is adjusted tainted income (see subsection (13)).
- (8) Subsection (3) or (4) does not apply to a capital gain or capital loss if:
 - (a) the PE is in an unlisted country; and
 - (b) the gain or loss is from a tainted asset.

Income derived in disposing of a business

- (9) This section applies to foreign income derived by an entity in the course of disposing, in whole or in part, of a business carried on in a listed country or unlisted country at or through a PE of the entity in the listed country or unlisted country as if the foreign income had been derived in carrying on that business.

Interposed partnerships or trusts

- (10) This section applies to any indirect interest (through one or more partnerships or trust estates) of a company in foreign income derived by a partnership or trustee through a PE of the partnership or trustee in a listed country or unlisted country as if that indirect interest were foreign income derived by the company through a PE of the company in that country.
 - (11) This section applies to any indirect interest (through one or more partnerships or trust estates) of a company in a capital gain or capital loss made in relation to an asset of a partnership, or made by a trustee, in carrying on a business at or through a PE of the
-

partnership or trustee in a listed country or unlisted country as if that indirect interest were a capital gain or capital loss made by the company through a PE of the company in that country.

Active income test

- (12) A PE of an entity passes the **active income test** for a year of income if the entity would have passed the active income test in section 432 if:
- (a) the assumptions in subsection (14) were made; and
 - (b) subsections 432(2) and (3) and 446(2) and paragraphs 432(1)(b) and (e) and 447(1)(b), (d) and (f) had not been enacted.

Adjusted tainted income

- (13) For the purposes of this section, the **adjusted tainted income** of a PE of an entity is income or other amounts that would be adjusted tainted income of the entity for the purposes of Part X if:
- (a) the assumptions in subsection (14) were made; and
 - (b) subsection 446(2) and paragraphs 447(1)(b), (d) and (f) had not been enacted.

Assumptions for subsections (12) and (13)

- (14) The assumptions referred to in paragraphs (12)(a) and (13)(a) are:
- (a) except in applying paragraphs 447(1)(a), (c) and (e) and 450(6)(c), (7)(d) and (8)(b), the only income or other amounts derived by the entity were the income derived in carrying on business at or through the PE; and
 - (b) the entity's statutory accounting periods were the same as the entity's years of income; and
 - (c) in applying paragraphs 447(1)(a), (c) and (e) and 450(6)(c), (7)(d) and (8)(b):
 - (i) the part of the entity's operations that consists of the business carried on at or through the PE were a company (the **PE company**); and
 - (ii) the remaining part of the entity's operations were a separate company (the **HQ company**); and
 - (iii) the PE company and the HQ company had carried out the transactions that they would have carried out if the

- PE company were engaged in the same or similar activities as the PE under the same or similar conditions as the PE and were dealing wholly independently with the HQ company; and
- (iv) any income derived by the HQ company were disregarded; and
- (d) if the entity is an AFI entity (within the meaning of subsection 326(2))—the entity were an AFI subsidiary; and
- (e) in applying paragraphs 447(1)(a), (c) and (e), the HQ company were an associate of the PE company.

Definitions

- (15) In this section:

company does not include a company in the capacity of a trustee.

double tax agreement has the same meaning as in Part X.

eligible designated concession income has the same meaning as in Part X.

foreign income includes an amount that:

- (a) apart from this section, would be included in assessable income under a provision of this Act other than Part 3-1 or 3-3 of the *Income Tax Assessment Act 1997* (CGT); and
- (b) is derived from sources in a listed country or unlisted country.

listed country has the same meaning as in Part X.

permanent establishment, or **PE**, in relation to a listed country or unlisted country:

- (a) if there is a double tax agreement in relation to that country—has the same meaning as in the double tax agreement; or
- (b) in any other case—has the meaning given by subsection 6(1).

statutory accounting period has the same meaning as in Part X.

tainted asset has the same meaning as in Part X.

unlisted country has the same meaning as in Part X.

2 Subsection 63D(1)

Repeal the subsection, substitute:

- (1) Subject to section 63F, if:
- (a) apart from this section and section 63F, a deduction would be allowable to a taxpayer:
 - (i) under section 8-1 or 25-35 of the *Income Tax Assessment Act 1997* in respect of the writing off of a debt as bad; or
 - (ii) under section 63E of this Act in respect of a debt/equity swap in relation to a debt; and
 - (b) the debt was created or acquired in the ordinary course of a money-lending business of the taxpayer who carries on that business; and
 - (c) during any part or parts (the *foreign country branch period*) of the period since the debt was so created or acquired (the *debt holding period*), it is the case that, if income had been derived by the taxpayer in respect of the debt, the income would not, because of section 23AH of this Act, have been included in the assessable income of the taxpayer;

then only a proportion of the deduction is allowable, being the proportion calculated using the formula:

$$\frac{\text{Debt holding period} - \text{Foreign country branch period}}{\text{Eligible debt term}}$$

where:

debt holding period means the number of days in the debt holding period.

eligible debt term means:

- (a) where the debt was acquired from a person other than an associate, within the meaning of section 318 of this Act—the number of days in the debt holding period; or
- (b) in any other case—the number of days in the period beginning on the day on which the debt was created (whether by the taxpayer or another person) and ending at the end of the day on which it was written off.

foreign country branch period means the number of days in the foreign country branch period.

Note: The heading to section 63D is replaced by the heading “**Bad debts etc. of money-lenders not allowable deductions where attributable to listed country or unlisted country branches**”.

3 Subsection 63D(2)

Omit “paragraph (1)(e)”, substitute “paragraph (b) of the definition of *eligible debt term* in subsection (1).

Part 2—Non-portfolio dividend exemption: main amendments

Income Tax Assessment Act 1936

4 Section 23AJ

Repeal the section, substitute:

23AJ Certain non-portfolio dividends from foreign countries not assessable

A non-portfolio dividend (as defined in section 317) paid to a company is not assessable income, and is not exempt income, of the company if:

- (a) the company is an Australian resident and does not receive the dividend in the capacity of a trustee; and
- (b) the company that paid the dividend is not a Part X Australian resident (as defined in that section).

5 Paragraph 389(a)

Omit “, 23AJ”.

6 Paragraphs 402(2)(c), (d) and (da)

Repeal the paragraphs.

7 Section 403

Repeal the section, substitute:

403 Additional notional exempt income—unlisted country CFC

If the eligible CFC is a resident of an unlisted country at the end of the eligible period, the notional exempt income of the eligible CFC in relation to the eligible period includes income or profits derived by the eligible CFC in the eligible period in or in connection with carrying on business in a listed country at or through a permanent establishment of the eligible CFC in that listed country, where the income or profits are not eligible designated concession income in relation to any listed country in relation to the eligible period.

8 Sections 458 and 459

Repeal the sections.
