77G Fuel blending is to be treated as manufacture

- (1) For greater certainty so far as concerns the application of the provisions of this Act, fuel blending to produce goods covered by paragraph 10(g) of the Schedule to the *Excise Tariff Act 1921* is taken to constitute the manufacture of those goods.
- (2) Subsection (1) does not imply that, in the absence of such a provision, the blending of substances (whether fuel products or not) would not constitute the manufacture of the substance produced by the blending.
- (3) In this section:

fuel product means:

- (a) any excisable goods classified to item 10, 15, 20 or 21 of the Schedule to the *Excise Tariff Act 1921*; or
- (b) any imported goods that would be classified to item 10 or 15 of that Schedule if they were manufactured in Australia.

77H Blending exemptions

- (1) Goods that are the product of the blending of 1 or more eligible goods (with or without other substances) are taken not to be goods

covered by paragraph 10(g) of the Schedule to the *Excise Tariff Act 1921* if:

- (a) excise duty or a duty of Customs has been paid at the same rate on all the eligible goods and the other substances (if any); or
 - (b) the goods are covered by a determination in force under subsection 95-5(1) of the *Fuel Tax Act 2006*.
- (2) However, subsection (1) does not apply if any of the eligible goods or other substances on which excise duty or a duty of Customs has been paid are:
- (a) denatured ethanol for use as fuel in an internal combustion engine; or
 - (b) biodiesel; or
 - (c) taxable fuel for which any entity has been entitled to a fuel tax credit under the *Fuel Tax Act 2006*.

Legislative instrument

- (3) Goods that are the product of the blending of 1 or more eligible goods (with or without other substances) are taken not to be goods covered by paragraph 10(g) of the Schedule to the *Excise Tariff Act 1921* if the circumstances specified in an instrument under subsection (4) exist.
- (4) The CEO may, by legislative instrument, specify circumstances for the purposes of subsection (3).

Definition

- (5) In this section:

eligible goods means goods covered by paragraph 10(a), (b), (c), (d), (e) or (f) of the Schedule to the *Excise Tariff Act 1921*.

77J Goods that are not covered by subitem 10.25, 10.26, 10.27, 10.28 or 10.30

If:

- (a) goods (the ***delivered goods***) classified to subitem 10.25, 10.26, 10.27, 10.28 or 10.30 of the Schedule to the *Excise Tariff Act 1921* are delivered for home consumption; and

- (c) the person manufactures or produces other goods by carrying out a recycling process on the delivered goods; and
