Subdivision 22-A—PHIIB, PHII benefit and related concepts

22-1 Application of Subdivision

This Subdivision applies if a premium, or an amount in respect of a premium, was paid, or is payable, during a financial year under a *complying health insurance policy in respect of a period (the *premium period*).

22-5 Meaning of *PHIIB*

Adults insured under policy

- (1) Each *adult insured under the *complying health insurance policy throughout the premium period is a **PHIIB**, in respect of the premium or amount.

Note: **PHIIB** is short for *private health insurance incentive beneficiary*.

Dependent child-only policies

- (2) Subsections (3) and (4) apply if the only persons insured under the *complying health insurance policy throughout the premium period are one or more *dependent children.

- (3) Each person who is a parent (within the meaning of Part 2.11 of the *Social Security Act 1991*) in relation to one or more of those *dependent children on the last day of the financial year mentioned in section 22-1 is a **PHIIB**, in respect of the premium or amount.
- (4) However, the person who pays the premium or amount is the only **PHIIB**, in respect of the premium or amount, if:
 - (a) disregarding this subsection, more than one person would be a *PHIIB in respect of the premium or amount because of subsection (3); and
 - (b) those persons are not married to each other (within the meaning of the *A New Tax System (Medicare Levy Surcharge—Fringe Benefits) Act 1999*) at the end of the financial year; and
 - (c) the person who pays the premium or amount is not a *dependent child.

22-10 Meaning of *PHII benefit*

The amount of the **PHII benefit**, in respect of the premium or amount, is:

- (a) if there is only one *PHIIB in respect of the premium or amount—the PHIIB’s *share of the PHII benefit in respect of the premium or amount; or
- (b) if there is more than one PHIIB in respect of the premium or amount—the sum of each of those PHIIB’s share of the PHII benefit in respect of the premium or amount.

Note: **PHII benefit** is short for *private health insurance incentive benefit*.

22-15 Meaning of *share of the PHII benefit*—single PHIIB

- (1) If there is only one *PHIIB in respect of the premium or amount, the amount of the *PHIIB’s **share of the PHII benefit**, in respect of the premium or amount, is the sum of:
 - (a) 30% of the amount of the premium, or of the amount in respect of a premium, paid or payable in respect of days in the premium period on which no person insured under the policy was aged 65 years or over; and
 - (b) 35% of the amount of the premium, or of the amount in respect of a premium, paid or payable in respect of days in the premium period on which:

-
- (i) at least one person insured under the policy was aged 65 years or over; and
 - (ii) no person insured under the policy was aged 70 years or over; and
 - (c) 40% of the amount of the premium, or of the amount in respect of a premium, paid or payable in respect of days in the premium period on which at least one person insured under the policy was aged 70 years or over.
- (2) Reduce the amount of each percentage mentioned in subsection (1) by 10 percentage points if the *PHIIB is a *tier 1 earner for the financial year mentioned in section 22-1.
 - (3) Reduce the amount of each percentage mentioned in subsection (1) by 20 percentage points if the *PHIIB is a *tier 2 earner for the financial year mentioned in section 22-1.
 - (4) Reduce the amount of each percentage mentioned in subsection (1) to nil if the *PHIIB is a *tier 3 earner for the financial year mentioned in section 22-1.
 - (5) For the purposes of applying subsections (2), (3) and (4) in relation to the premium or amount, treat the table in subsection 22-30(1) as applying to the *PHIIB for the financial year if he or she is a PHIIB in respect of the premium or amount because of subsection 22-5(3) or (4).

Note 1: The table in subsection 22-30(1) sets out the private health insurance tiers for families.

Note 2: Subsections 22-5(3) and (4) apply if the only persons insured under the policy are dependent children.

22-20 Meaning of *share of the PHII benefit*—multiple PHIIBs

If there is more than one *PHIIB in respect of the premium or amount, work out in accordance with section 22-15 the amount of each of those PHIIB's *share of the PHII benefit*, in respect of the premium or amount, on the following assumptions:

- (a) assume that the PHIIB is the only person who is a PHIIB in respect of the premium or amount;
- (b) assume that the premium or amount is the amount of the premium (or the amount in respect of the premium) divided

by the number of persons who are PHIIBs in respect of the premium or amount.

22-25 Application of subsection 22-15(1) after a person 65 years or over ceases to be covered by policy

- (1) If:
- (a) the *PHIIB mentioned in subsection 22-15(1) was insured under a *complying health insurance policy (the *original policy*) (whether or not the policy mentioned in section 22-1) at a time before the start of the premium period mentioned in that section; and
 - (b) the PHIIB was not a *dependent child at that time; and
 - (c) at that time, another person (the *entitling person*) was:
 - (i) insured under the original policy; and
 - (ii) aged 65 years or over; and
 - (d) the entitling person subsequently ceased to be insured under the original policy;
- subsection 22-15(1) applies in relation to the complying health insurance policy mentioned in section 22-1 as if:
- (e) the entitling person were also insured under that policy; and
 - (f) the entitling person were the same age as the age at which he or she ceased to be insured under the original policy.
- (2) Subsection (1) ceases to apply if a person (other than a *dependent child) who was not insured under the original policy at the time the entitling person ceased to be insured under it becomes insured under the *complying health insurance policy mentioned in section 22-1.
- (3) Subsection (1) does not apply if its application would result in the *PHIIB's *share of the PHII benefit being less than it would otherwise have been.

Subdivision 22-B—Private health insurance tiers

22-30 Private health insurance tiers

Families

- (1) The following table applies to a person (the **first person**) for a financial year if:

 - (b) on any day in the financial year, the person contributes in a substantial way to the maintenance of a *dependent child who is:
 - (i) the person’s child (within the meaning of the *Income Tax Assessment Act 1997*); or
 - (ii) the person’s sibling (including the person’s half-brother, half-sister, adoptive brother, adoptive sister, step-brother, step-sister, foster-brother or foster-sister) who is dependent on the person for economic support:

Private health insurance tiers—families

Item	Column 1 For the financial year, the person is a ...	Column 2 if his or her income for surcharge purposes for the financial year exceeds the following for the financial year ...	Column 3 but does not exceed the following (if applicable) for the financial year ...

2	<i>tier 2 earner</i>	his or her *family tier 2 threshold	his or her *family tier 3 threshold.
3	<i>tier 3 earner</i>	his or her *family tier 3 threshold	not applicable.

- (2) For the purposes of subsection (1), if paragraph (1)(a) applies, treat the *income for surcharge purposes for the financial year of the person to whom the first person is married (as mentioned in that paragraph) as included in the first person’s income for surcharge purposes for the financial year.

- (3) Subdivision 960-J of the *Income Tax Assessment Act 1997* (Family relationships) applies to subparagraphs (1)(b)(i) and (ii) of this section in the same way as it applies to that Act.

Singles

- (4) The following table applies to a person for a financial year if the table in subsection (1) does not apply to the person for the financial year:

Private health insurance tiers—singles			
Item	Column 1	Column 2	Column 3
	For the financial year, the person is a ...	if his or her income for surcharge purposes for the financial year exceeds the following for the financial year ...	but does not exceed the following (if applicable) for the financial year ...
1	<i>tier 1 earner</i>	his or her *singles tier 1 threshold	his or her *singles tier 2 threshold.
2	<i>tier 2 earner</i>	his or her *singles tier 2 threshold	his or her *singles tier 3 threshold.
3	<i>tier 3 earner</i>	his or her *singles tier 3 threshold	not applicable.

22-35 Private health insurance singles thresholds

- (1) A person’s *singles tier 1 threshold* for the 2008-09 financial year is \$70,000. This amount is indexed annually.
- (2) A person’s *singles tier 2 threshold* for the 2010-11 financial year is \$90,000. This amount is indexed annually.
- (3) A person’s *singles tier 3 threshold* for the 2010-11 financial year is \$120,000. This amount is indexed annually.

Note 1: A person may be a tier 1 earner, tier 2 earner or tier 3 earner if his or her income for surcharge purposes exceeds the applicable threshold for that tier: see section 22-30.

Note 2: Section 22-45 shows how to index amounts.

22-40 Private health insurance family thresholds

- (1) A person's **family tier 1 threshold** for a financial year is an amount equal to double his or her *singles tier 1 threshold for the financial year.
- (2) A person's **family tier 2 threshold** for a financial year is an amount equal to double his or her *singles tier 2 threshold for the financial year.
- (3) A person's **family tier 3 threshold** for a financial year is an amount equal to double his or her *singles tier 3 threshold for the financial year.
- (4) However, if the person has 2 or more dependants (within the meaning of the *A New Tax System (Medicare Levy Surcharge—Fringe Benefits) Act 1999*) who are children, increase his or her **family tier 1 threshold, family tier 2 threshold and family tier 3 threshold** for the financial year by the result of the following formula:

$$\$1,500 \times \left(\text{Number of those dependants who are children} - 1 \right)$$

Example: If the person has 3 such dependants who are children, his or her family tier 2 threshold for the 2010-11 financial year is:

$$\$180,000 + \left(\$1,500 \times 2 \right) = \$183,000$$

Note: A person may be a tier 1 earner, tier 2 earner or tier 3 earner if his or her income for surcharge purposes exceeds the applicable threshold for that tier: see section 22-30.

22-45 Indexation

- (1) This section applies in relation to an amount mentioned in section 22-35 (Private health insurance singles thresholds).

Indexing amounts

- (2) Index the amount by:
 - (a) firstly:
 - (i) if the amount is mentioned in subsection 22-35(1) (singles tier 1 threshold)—multiplying the amount for

the 2008-2009 financial year by its *indexation factor mentioned in subsection (4); or

- (ii) if the amount is mentioned in subsection 22-35(2) or (3) (singles tier 2 threshold or singles tier 3 threshold)— multiplying the amount for the 2010-2011 financial year by its indexation factor mentioned in subsection (5); and
- (b) next, rounding the result in paragraph (a) down to the nearest multiple of \$1,000.

Example 1: If the amount to be indexed is \$90,000 and the indexation factor increases this to an indexed amount of \$90,500, the indexed amount is rounded back down to \$90,000.

Example 2: If the amount to be indexed is \$120,000 and the indexation factor increases this to an indexed amount of \$121,500, the indexed amount is rounded down to \$121,000.

- (3) Do not index the amount if its indexation factor mentioned in subsection (4) or (5) is 1 or less.

Indexation factor

- (4) For indexation of the amount on an annual basis in accordance with subparagraph (2)(a)(i), the ***indexation factor*** is:

*Index number mentioned in subsection (7) for the *quarter ending on 31 December just before the start of the relevant financial year

*Index number mentioned in subsection (7) for the *quarter ending on 31 December 2007

- (5) For indexation of the amount on an annual basis in accordance with subparagraph (2)(a)(ii), the ***indexation factor*** is:

*Index number mentioned in subsection (7) for the *quarter ending on 31 December just before the start of the relevant financial year

*Index number mentioned in subsection (7) for the *quarter ending on 31 December 2009

- (6) Work out the *indexation factor mentioned in subsection (4) or (5) to 3 decimal places (rounding up if the fourth decimal place is 5 or more).

Index number

- (7) For calculating the amounts, the *index number* for a *quarter is the estimate of full-time adult average weekly ordinary time earnings for the middle month of the quarter first published by the Australian Statistician in respect of that month.

11 Subdivision 23-A

Repeal the Subdivision, substitute:

Subdivision 23-A—Amount of reduction

Payment if there is more than one PHIIB

- (3) If subsection (2A) applies and the person is paid the amount to which he or she is entitled under subsection (1) in respect of the premium:
 - (a) the person is also to be paid each amount to which another person is entitled under subsection (1) in respect of the premium because the other person is one of those *PHIIBs; and
 - (b) if the person is paid an amount in accordance with paragraph (a)—he or she is liable to account for that amount to the other person mentioned in that paragraph.

Reduction in amount payable

- (4) A person's entitlement under subsection (1) in respect of the premium is reduced to the extent that:

Note: The liability is a tax-related liability: see Part 4-15 in Schedule 1 to the *Taxation Administration Act 1953* for collection and recovery provisions.
