### ***Income Tax Assessment Act 1936***

#### **1 Paragraph 45B(8)(k)**

Omit “subparagraphs 177D(b)(i) to (viii)”, substitute “subsection 177D(2)”.

#### **2 At the end of paragraph 177C(1)(bb)**

Add “or”.

#### **3 After paragraph 177C(1)(bb)**

Insert:

- (bc) the taxpayer not being liable to pay withholding tax on an amount where the taxpayer either would have, or might reasonably be expected to have, been liable to pay withholding tax on the amount if the scheme had not been entered into or carried out;

#### **4 At the end of subsection 177C(1)**

Add:

- ; and (g) in a case to which paragraph (bc) applies—the amount referred to in that paragraph.

#### **5 Sections 177CA and 177D**

Repeal the sections, substitute:

#### **177CB The bases for identifying tax benefits**

- (1) This section applies to deciding, under section 177C, whether any of the following (*tax effects*) would have occurred, or might reasonably be expected to have occurred, if a scheme had not been entered into or carried out:
  - (a) an amount being included in the assessable income of the taxpayer;
  - (b) the whole or a part of a deduction not being allowable to the taxpayer;

- (c) the whole or a part of a capital loss not being incurred by the taxpayer;
  - (d) the whole or a part of a foreign income tax offset not being allowable to the taxpayer;
  - (e) the taxpayer being liable to pay withholding tax on an amount.
- (2) A decision that a tax effect would have occurred if the scheme had not been entered into or carried out must be based on a postulate that comprises only the events or circumstances that actually happened or existed (other than those that form part of the scheme).
- (3) A decision that a tax effect might reasonably be expected to have occurred if the scheme had not been entered into or carried out must be based on a postulate that is a reasonable alternative to entering into or carrying out the scheme.
- (4) In determining for the purposes of subsection (3) whether a postulate is such a reasonable alternative:
- (a) have particular regard to:
    - (i) the substance of the scheme; and
    - (ii) any result or consequence for the taxpayer that is or would be achieved by the scheme (other than a result in relation to the operation of this Act); but
  - (b) disregard any result in relation to the operation of this Act that would be achieved by the postulate for any person (whether or not a party to the scheme).

### 177D Schemes to which this Part applies

#### *Scheme for purpose of obtaining a tax benefit*

- (1) This Part applies to a scheme if it would be concluded (having regard to the matters in subsection (2)) that the person, or one of the persons, who entered into or carried out the scheme or any part of the scheme did so for the purpose of:
- (a) enabling a taxpayer (a **relevant taxpayer**) to obtain a tax benefit in connection with the scheme; or

- (b) enabling the relevant taxpayer and another taxpayer (or other taxpayers) each to obtain a tax benefit in connection with the scheme;

whether or not that person who entered into or carried out the scheme or any part of the scheme is the relevant taxpayer or is the other taxpayer or one of the other taxpayers.

*Have regard to certain matters*

- (2) For the purpose of subsection (1), have regard to the following matters:
  - (a) the manner in which the scheme was entered into or carried out;
  - (b) the form and substance of the scheme;
  - (c) the time at which the scheme was entered into and the length of the period during which the scheme was carried out;
  - (d) the result in relation to the operation of this Act that, but for this Part, would be achieved by the scheme;
  - (e) any change in the financial position of the relevant taxpayer that has resulted, will result, or may reasonably be expected to result, from the scheme;
  - (f) any change in the financial position of any person who has, or has had, any connection (whether of a business, family or other nature) with the relevant taxpayer, being a change that has resulted, will result or may reasonably be expected to result, from the scheme;
  - (g) any other consequence for the relevant taxpayer, or for any person referred to in paragraph (f), of the scheme having been entered into or carried out;
  - (h) the nature of any connection (whether of a business, family or other nature) between the relevant taxpayer and any person referred to in paragraph (f).

Note: Section 960-255 of the *Income Tax Assessment Act 1997* may be relevant to determining family relationships for the purposes of paragraphs (f) and (h).

*Tax benefit*

- (3) Despite subsection (1), this Part applies to the scheme only if the relevant taxpayer has obtained, or would but for section 177F obtain, a tax benefit in connection with the scheme.

*When schemes entered into etc.*

- (4) Despite subsection (1), this Part applies to the scheme only if:
- (a) the scheme has been or is entered into after 27 May 1981; or
  - (b) the scheme has been or is carried out or commenced to be carried out after that day (and is not a scheme that was entered into on or before that day).

*Schemes outside Australia*

- (5) This section applies whether or not the scheme has been or is entered into or carried out in Australia or outside Australia or partly in Australia and partly outside Australia.

## **6 Paragraphs 177EA(17)(j) and 177EB(10)(f)**

Omit “subparagraphs 177D(b)(i) to (viii)”, substitute “subsection 177D(2)”.

## **7 Subsection 177F(1)**

Omit “a tax benefit has been obtained, or would but for this section be obtained, by a taxpayer in connection with a scheme to which this Part applies,”, substitute “this Part applies to a scheme in connection with which a tax benefit has been obtained, or would but for this section be obtained,”.

## **8 Subsection 177F(2A)**

Omit “section 177CA”, substitute “paragraph 177C(1)(bc)”.

## ***Taxation Administration Act 1953***

## **9 Paragraph 18-40(1)(a) in Schedule 1**

Omit “section 177CA”, substitute “paragraph 177C(1)(bc)”.

## **10 Application**

The amendments made by this Schedule apply in relation to all schemes except schemes that were entered into, or that were commenced to be carried out, on or before 15 November 2012.

## **Schedule 2—Modernisation of transfer pricing rules**

### **Part 1—Main amendments**

#### ***Income Tax Assessment Act 1936***

##### **1 Division 13 of Part III**

Repeal the Division.

#### ***Income Tax Assessment Act 1997***

##### **2 At the end of Division 815**

Add:

##### **Subdivision 815-B—Arm’s length principle for cross-border conditions between entities**

##### **Guide to Subdivision 815-B**

##### **815-101 What this Subdivision is about**

This Subdivision applies if an entity would otherwise get a tax advantage in Australia from cross-border conditions that are inconsistent with the internationally accepted arm’s length principle.

The entity is treated for income tax and withholding tax purposes as if arm’s length conditions had operated.

##### **Table of sections**

## **Operative provisions**

### **815-105 Object**

- (1) The object of this Subdivision is to ensure that the amount brought to tax in Australia from cross-border conditions between entities is not less than it would be if those conditions reflected:
  - (a) the arm's length contribution made by Australian operations through functions performed, assets used and risks assumed; and
  - (b) the conditions that might be expected to operate between entities dealing at \*arm's length.
- (2) The Subdivision does this by specifying that, where an entity would otherwise get a tax advantage from actual conditions that differ from \*arm's length conditions, the arm's length conditions are taken to operate for income tax and withholding tax purposes.

### **815-110 Operation of Subdivision**

- (1) Nothing in the provisions of this Act other than this Subdivision limits the operation of this Subdivision.
- (2) Nothing in this Subdivision limits Division 820 (about thin capitalisation) in its application to reduce, or further reduce, \*debt deductions of an entity.

### **815-115 Substitution of arm's length conditions**

- (1) For the purposes covered by subsection (2), if an entity gets a \*transfer pricing benefit from conditions that operate between the entity and another entity in connection with their commercial or financial relations:
  - (a) those conditions are taken not to operate; and
  - (b) instead, the \*arm's length conditions are taken to operate.

Note 1: The conditions that operate include, but are not limited to, such things as price, gross margin, net profit, and the division of profit between the entities.

Note 2: There are special rules about documentation that affect when an entity has a reasonably arguable position about the application (or non-application) of this Subdivision: see Subdivision 284-E in Schedule 1 to the *Taxation Administration Act 1953*.

(2) The purposes covered by this subsection are:

- (a) if the \*transfer pricing benefit arises under subparagraph 815-120(1)(c)(i)—working out the amount (if any) of the entity’s taxable income for the income year; and
- (b) if the transfer pricing benefit arises under subparagraph 815-120(1)(c)(ii)—working out the amount (if any) of the entity’s loss of a particular \*sort for the income year; and
- (c) if the transfer pricing benefit arises under subparagraph 815-120(1)(c)(iii)—working out the amount (if any) of the entity’s \*tax offsets for the income year; and
- (d) if the transfer pricing benefit arises under subparagraph 815-120(1)(c)(iv)—working out the amount (if any) of \*withholding tax payable by the entity in respect of interest or royalties.

### **815-120 When an entity gets a *transfer pricing benefit***

- (1) An entity gets a ***transfer pricing benefit*** from conditions that operate between the entity and another entity in connection with their commercial or financial relations if:
  - (a) those conditions (the ***actual conditions***) differ from the \*arm’s length conditions; and
  - (b) the actual conditions satisfy the cross-border test in subsection (3) for the entity; and
  - (c) had the arm’s length conditions operated, instead of the actual conditions, one or more of the following would, apart from this Subdivision, apply:
    - (i) the amount of the entity’s taxable income for an income year would be *greater*;
    - (ii) the amount of the entity’s loss of a particular \*sort for an income year would be *less*;

**Schedule 2** Modernisation of transfer pricing rules  
**Part 1** Main amendments

---

- (iii) the amount of the entity's \*tax offsets for an income year would be *less*;
- (iv) an amount of \*withholding tax payable in respect of interest or royalties by the entity would be *greater*.

*Absence of condition*

- (2) For the purposes of subsection (1), there is taken to be a difference between the actual conditions and the \*arm's length conditions if:
  - (a) an actual condition exists that is not one of the arm's length conditions; or
  - (b) a condition does not exist in the actual conditions but is one of the arm's length conditions.

*Cross-border test*

- (3) Conditions that operate between an entity and another entity in connection with their commercial or financial relations satisfy the cross-border test if:
  - (a) the conditions meet the overseas requirement in the following table for either or both of the entities; or
  - (b) the conditions operate in connection with a \*business that the entity carries on in an \*area covered by an international tax sharing treaty.

<b>Overseas requirement</b>		
<b>Item</b>	<b>Column 1</b>	<b>Column 2</b>
	<b>The conditions meet the overseas requirement for this type of entity:</b>	<b>if:</b>
1	any of the following: <ul style="list-style-type: none"> <li>(a) an Australian resident;</li> <li>(b) a resident trust estate for the purposes of Division 6 of Part III of the <i>Income Tax Assessment Act 1936</i>;</li> <li>(c) a partnership in which all of the partners are, directly or indirectly through one or more interposed partnerships, Australian residents or resident trust estates</li> </ul>	the conditions operate at or through an *overseas permanent establishment of the entity.
2	an entity not covered by column 1 of item 1	the conditions do not operate

---

<b>Overseas requirement</b>		
<b>Item</b>	<b>Column 1</b>	<b>Column 2</b>
	<b>The conditions meet the overseas requirement for this type of entity:</b>	<b>if:</b>
		solely at or through an *Australian permanent establishment of the entity.

---

- (4) For the purposes of the table in subsection (3), treat any entity that is an Australian resident as not being an Australian resident if:
- (a) the entity is also a resident in a country that has entered into an \*international tax agreement with Australia containing a \*residence article; and
  - (b) under that residence article, the entity is taken, for the purposes of the agreement, to be a resident only of that other country.

*Nil amounts*

- (5) For the purposes of this section and section 815-145:
- (a) treat an entity that has no taxable income for an income year as having a taxable income for the year of a nil amount; and
  - (b) treat an entity that has no loss of a particular \*sort for an income year as having a loss of that sort for the year of a nil amount; and
  - (c) treat an entity that has no \*tax offsets for an income year as having tax offsets for the year of a nil amount.

*Meaning of residence article*

- (6) A **residence article** is:
- (a) Article 4 of the United Kingdom convention (within the meaning of the *International Tax Agreements Act 1953*); or
  - (b) a corresponding provision of another \*international tax agreement.

**815-125 Meaning of arm's length conditions**

- (1) The **arm's length conditions**, in relation to conditions that operate between an entity and another entity, are the conditions that might

be expected to operate between independent entities dealing wholly independently with one another in comparable circumstances.

*Most appropriate and reliable method to be used*

- (2) In identifying the \*arm's length conditions, use the method, or the combination of methods, that is the most appropriate and reliable, having regard to all relevant factors, including the following:
- (a) the respective strengths and weaknesses of the possible methods in their application to the actual conditions;
  - (b) the circumstances, including the functions performed, assets used and risks borne by the entities;
  - (c) the availability of reliable information required to apply a particular method;
  - (d) the degree of comparability between the actual circumstances and the comparable circumstances, including the reliability of any adjustments to eliminate the effect of material differences between those circumstances.

Note: The possible methods include the methods set out in the documents mentioned in section 815-135 (about relevant guidance material).

*Comparability of circumstances*

- (3) In identifying comparable circumstances for the purpose of this section, regard must be had to all relevant factors, including the following:
- (a) the functions performed, assets used and risks borne by the entities;
  - (b) the characteristics of any property or services transferred;
  - (c) the terms of any relevant contracts between the entities;
  - (d) the economic circumstances;
  - (e) the business strategies of the entities.
- (4) For the purposes of this section, circumstances are comparable to actual circumstances if, to the extent (if any) that the circumstances differ from the actual circumstances:
- (a) the difference does not materially affect a condition that is relevant to the method; or
  - (b) a reasonably accurate adjustment can be made to eliminate the effect of the difference on a condition that is relevant to the method.

### **815-130 Relevance of actual commercial or financial relations**

#### *Basic rule*

- (1) The identification of the \*arm's length conditions must:
  - (a) be based on the commercial or financial relations in connection with which the actual conditions operate; and
  - (b) have regard to both the form and substance of those relations.

#### *Exceptions*

- (2) Despite paragraph (1)(b), disregard the form of the actual commercial or financial relations to the extent (if any) that it is inconsistent with the substance of those relations.
- (3) Despite subsection (1), if:
  - (a) independent entities dealing wholly independently with one another in comparable circumstances would not have entered into the actual commercial or financial relations; and
  - (b) independent entities dealing wholly independently with one another in comparable circumstances would have entered into other commercial or financial relations; and
  - (c) those other commercial or financial relations differ in substance from the actual commercial or financial relations;the identification of the \*arm's length conditions must be based on those other commercial or financial relations.
- (4) Despite subsection (1), if independent entities dealing wholly independently with one another in comparable circumstances would not have entered into commercial or financial relations, the identification of the \*arm's length conditions is to be based on that absence of commercial or financial relations.
- (5) Subsections 815-125(3) and (4) (about comparability of circumstances) apply for the purposes of this section.

### **815-135 Guidance**

- (1) For the purpose of determining the effect this Subdivision has in relation to an entity, identify \*arm's length conditions so as best to achieve consistency with the documents covered by this section.

- (2) The documents covered by this section are as follows:
  - (a) the Transfer Pricing Guidelines for Multinational Enterprises and Tax Administrations, as approved by the Council of the Organisation for Economic Cooperation and Development and last amended on 22 July 2010;
  - (b) a document, or part of a document, prescribed by the regulations for the purposes of this paragraph.
- (3) However, the document mentioned in paragraph (2)(a) is not covered by this section if the regulations so prescribe.
- (4) Regulations made for the purposes of paragraph (2)(b) or subsection (3) may prescribe different documents or parts of documents for different circumstances.

### **815-140 Modification for thin capitalisation**

- (1) This section modifies the way an entity to which section 815-115 applies works out its taxable income, or its loss of a particular \*sort, for an income year, if:
  - (a) Division 820 (about thin capitalisation) applies to the entity for the income year; and
  - (b) the \*arm's length conditions affect costs that are \*debt deductions of the entity for the income year.
- (2) If working out what those costs would be if the \*arm's length conditions had operated involves applying a rate to a \*debt interest:
  - (a) work out the rate as if the arm's length conditions had operated; but
  - (b) apply the rate to the debt interest the entity actually issued.

Note: Division 820 may apply to reduce or further reduce debt deductions.

### **815-145 Consequential adjustments**

- (1) The Commissioner may make a determination under subsection (2) in relation to an entity (the *disadvantaged entity*) if:
  - (a) \*arm's length conditions are taken by section 815-115 to operate; and
  - (b) the Commissioner considers that, if the arm's length conditions, instead of the actual conditions, had operated:

- (i) the amount of the disadvantaged entity's taxable income for an income year might have been expected to be *less* than its actual amount; or
  - (ii) the amount of the disadvantaged entity's loss of a particular \*sort for an income year might have been expected to be *greater* than its actual amount; or
  - (iii) the amount of the disadvantaged entity's \*tax offsets for an income year might have been expected to be *greater* than their actual amount; or
  - (iv) an amount of \*withholding tax payable in respect of interest or royalties by the disadvantaged entity might have been expected to be *less* than its actual amount; and
- (c) the Commissioner considers that it is fair and reasonable that the actual amount mentioned in subparagraph (b)(i), (ii), (iii) or (iv) (as the case requires) be adjusted accordingly.
- (2) For the purpose of adjusting an amount as mentioned in paragraph (1)(c), the Commissioner may make a determination stating the amount that is (and has been at all times) the amount of the disadvantaged entity's:
- (a) taxable income for the income year; or
  - (b) loss of a particular \*sort for the income year; or
  - (c) \*tax offsets, or tax offset of a particular kind, for the income year; or
  - (d) \*withholding tax payable in respect of interest or royalties.
- (3) The Commissioner may take such action as the Commissioner considers necessary to give effect to a determination under this section.
- (4) The Commissioner must give a copy of a determination under this section to the disadvantaged entity.
- (5) A failure to comply with subsection (4) does not affect the validity of the determination.
- (6) To avoid doubt, the Commissioner may include all or any determinations under this section in relation to a particular entity, including determinations of different kinds, in the same document.

## Schedule 2 Modernisation of transfer pricing rules

### Part 1 Main amendments

---

- (7) An entity may give the Commissioner a written request to make a determination under this section relating to the entity. The Commissioner must decide whether or not to grant the request, and give the entity notice of the Commissioner's decision.
- (8) If the entity is dissatisfied with the Commissioner's decision, the entity may object, in the manner set out in Part IVC of the *Taxation Administration Act 1953*, against that decision.

#### 815-150 Amendment of assessments

- (1) Section 170 of the *Income Tax Assessment Act 1936* does not prevent the amendment of an assessment of an entity for an income year if:
  - (a) the amendment is made within 7 years after the day on which the Commissioner gives notice of the assessment to the entity; and
  - (b) the amendment is made for the purpose of giving effect to section 815-115.
- (2) Section 170 of the *Income Tax Assessment Act 1936* does not prevent the amendment of an assessment at any time for the purpose of giving effect to section 815-145.

#### Subdivision 815-C—Arm's length principle for permanent establishments

#### Guide to Subdivision 815-C

#### 815-201 What this Subdivision is about

This Subdivision applies the internationally accepted arm's length principle in the context of permanent establishments (PEs).

#### Table of sections

##### Operative provisions

815-205	Object
815-210	Operation of Subdivision
815-215	Substitution of arm's length profits

---

815-220	When an entity gets a <i>transfer pricing benefit</i>

815-230	Source rules for certain arm's length profits
815-235	Guidance
815-240	Amendment of assessments

## **Operative provisions**

### **815-205 Object**

The object of this Subdivision is to ensure that the amount brought to tax in Australia by entities operating \*permanent establishments is not less than it would be if the permanent establishment were a distinct and separate entity engaged in the same or comparable activities under the same or comparable circumstances, but dealing wholly independently with the other part of the entity.

### **815-210 Operation of Subdivision**

- (1) Nothing in the provisions of this Act other than this Subdivision limits the operation of this Subdivision.
- (2) Nothing in this Subdivision limits Division 820 (about thin capitalisation) in its application to reduce, or further reduce, \*debt deductions of an entity.
- (3) For the purposes of this Subdivision, a branch to which subsection 160ZZW(2) of the *Income Tax Assessment Act 1936* (about certain Australian branches of foreign banks) applies is taken not to be, and not to have been at any time since its establishment, a \*permanent establishment in Australia of the bank.

### **815-215 Substitution of arm's length profits**

- (1) For the purposes covered by subsection (2), if an entity gets a \*transfer pricing benefit from the attribution of profits to a \*PE of the entity:
  - (a) the amount of profits actually attributed to the PE is taken not to have been so attributed; and
  - (b) instead, the \*arm's length profits are taken to have been attributed to the PE.

**Schedule 2** Modernisation of transfer pricing rules  
**Part 1** Main amendments

---

Note: There are special rules about documentation that affect when an entity has a reasonably arguable position about the application (or non-application) of this Subdivision: see Subdivision 284-E in Schedule 1 to the *Taxation Administration Act 1953*.

- (2) The purposes covered by this subsection are:
- (a) if the \*transfer pricing benefit arises under subparagraph 815-220(1)(b)(i)—working out the amount (if any) of the entity’s taxable income for the income year; and
  - (b) if the transfer pricing benefit arises under subparagraph 815-220(1)(b)(ii)—working out the amount (if any) of a loss of a particular \*sort for the income year; and
  - (c) if the transfer pricing benefit arises under subparagraph 815-220(1)(b)(iii)—working out the amount (if any) of the entity’s \*tax offsets for the income year.

**815-220 When an entity gets a transfer pricing benefit**

- (1) An entity gets a **transfer pricing benefit** from the attribution of profits to a \*PE of the entity if:
- (a) the amount of profits (the **actual profits**) attributed to the PE differs from the \*arm’s length profits for the PE; and
  - (b) had the arm’s length profits, instead of the actual profits, been attributed to the PE, one or more of the following would, apart from this Subdivision, apply:
    - (i) the amount of the entity’s taxable income for an income year would be *greater*;
    - (ii) the amount of the entity’s loss of a particular \*sort for an income year would be *less*;
    - (iii) the amount of the entity’s \*tax offsets for an income year would be *less*.

*Nil amounts*

- (2) For the purposes of this section:
- (a) treat an entity that has no taxable income for an income year as having a taxable income for the year of a nil amount; and
  - (b) treat an entity that has no loss of a particular \*sort for an income year as having a loss of that sort for the year of a nil amount; and

- (c) treat an entity that has no \*tax offsets for an income year as having tax offsets for the year of a nil amount.

### **815-225 Meaning of *arm's length profits***

- (1) The *arm's length profits* for a \*PE of an entity are worked out by allocating the actual expenditure and income of the entity between the PE and the entity so that the profits attributed to the PE equal the profits the PE might be expected to make if:
- (a) the PE were a distinct and separate entity; and
  - (b) the activities and circumstances of the PE, including the functions performed, assets used and risks borne by the PE, were those of that separate entity; and

  - (e) for Subdivision 815-C:
