Schedule 1—Tax integrity: extending GST to digital products and other services imported by consumers

Part 1—Main amendments

A New Tax System (Goods and Services Tax) Act 1999

1 At the end of subsection 9-25(5) (before the example)

Add:

; or (d) the *recipient of the supply is an *Australian consumer.

2 At the end of subsection 9-25(5) (after the example)

Add:

Note: A supply that is connected with the indirect tax zone under this subsection might be GST-free if it is consumed outside the indirect tax zone: see section 38-190. For more rules about supplies that are GST-free, see Division 38.

3 At the end of section 9-25

Add:

Meaning of Australian consumer

(7) An entity is an *Australian consumer* of a supply made to the entity if:

- (a) the entity is an *Australian resident (other than an entity that is an Australian resident solely because the definition of *Australia* in the *ITAA 1997 includes the external Territories); and
- (b) the entity:
 - (i) is not *registered; or
 - (ii) if the entity is registered—the entity does not acquire the thing supplied solely or partly for the purpose of an *enterprise that the entity *carries on.

Note: Suppliers must take reasonable steps to ascertain whether recipients are Australian consumers: see section 84-100.

4 At the end of Division 38

Add:

Subdivision 38-T—Inbound intangible consumer supplies

38-610 Inbound intangible consumer supplies

- (1) An *inbound intangible consumer supply is *GST-free* if:
 - (a) it is made by a *non-resident; and
 - (b) it is covered by a determination under subsection (2).
- (2) The Minister may, by legislative instrument, determine that a specified class of *inbound intangible consumer supplies are GST-free.
- (3) However, the Minister must not make the determination unless:
 - (a) the *Foreign Minister has advised the Minister in writing that the treatment of the class of supplies under the *GST law would, apart from the determination, be inconsistent with Australia's international obligations; and
 - (b) the Minister is satisfied that similar supplies made by *Australian residents would be GST-free.

5 At the end of Division 40

Add:

Subdivision 40-G—Inbound intangible consumer supplies

40-180 Inbound intangible consumer supplies

- (1) An *inbound intangible consumer supply is *input taxed* if:
 - (a) it is made by a *non-resident; and
 - (b) it is covered by a determination under subsection (2).
- (2) The Minister may, by legislative instrument, determine that a specified class of *inbound intangible consumer supplies are input taxed.
- (3) However, the Minister must not make the determination unless:

- (a) the *Foreign Minister has advised the Minister in writing that the treatment of the class of supplies under the *GST law would, apart from the determination, be inconsistent with Australia's international obligations; and
- (b) the Minister is satisfied that similar supplies made by *Australian residents would be input taxed.

6 Before Division 85

Insert:

Subdivision 84-B—Inbound intangible consumer supplies

84-45 What this Subdivision is about

Tax invoices and adjustment notes are not required for offshore supplies to Australian consumers.

The operator of an electronic distribution platform is treated as having made electronic supplies that are made through the platform:

- (a) from offshore to Australian consumers; or
- (b) in some cases, under an agreement with the supplier.

The result is that the operator, instead of the suppliers, counts the supplies towards its GST turnover and pays GST on the supplies.

84-50 No tax invoices or adjustment notes for inbound intangible consumer supplies

- (1) You are not required to issue a *tax invoice for a *taxable supply that you make if the supply is solely an *inbound intangible consumer supply.
- (2) You are not required to issue an *adjustment note for an *adjustment event relating to a *taxable supply that you make if the supply is solely an *inbound intangible consumer supply.
- (3) This section has effect despite sections 29-70 and 29-75 (which are about tax invoices and adjustment notes).

84-55 Operator of electronic distribution platform treated as supplier

- (1) If an *inbound intangible consumer supply is made through an *electronic distribution platform, the operator of the platform, instead of the supplier, is treated, for the purposes of the *GST law:
- (a) as being the supplier of, and as making, the supply; and
 - (b) as having made the supply for the *consideration for which it was made; and
 - (c) as having made the supply in the course or furtherance of an *enterprise that the operator *carries on.

Note: As a consequence, GST on the supply is payable by the operator of the electronic distribution platform.

- (2) Despite subsection (1), if an *inbound intangible consumer supply is made through more than one *electronic distribution platform, that subsection only applies to the operator of any of those platforms who is:
- (a) a party to a written agreement, between the operator and at least one of the other operators of the platforms, under which the operator is to be treated as the supplier; or
 - (b) if no such agreement has been made—the operator determined in accordance with an instrument made under subsection (3); or
 - (c) if no such agreement has been made and no instrument has been made under subsection (3):
 - (i) the first of the operators of those platforms to receive, or to authorise the charging of, any *consideration for the supply; or
 - (ii) if subparagraph (i) does not apply—the first of the operators of those platforms to authorise the delivery of the supply.
- (3) The Commissioner may, by legislative instrument, specify how an operator is to be determined for the purposes of paragraph (2)(b).
- (4) Despite subsections (1) and (2), this section does not apply to an operator of an *electronic distribution platform in relation to an *inbound intangible consumer supply made through the platform if:

- (a) a document, relating to the supply, issued to the *recipient of the supply identifies:
 - (i) the supply; and
 - (ii) the supplier as the supplier of the supply; and
- (b) the supplier and the operator of the electronic distribution platform have agreed in writing that the supplier is the entity responsible for paying GST for:
 - (i) the supply; or
 - (ii) a class of supplies that includes the supply; and
- (c) the operator of the electronic distribution platform:
 - (i) does not authorise the charge to the recipient for the supply; and
 - (ii) does not authorise the delivery of the supply; and
 - (iii) does not set the terms and conditions under which the supply is made.

84-60 Extension of section 84-55 to certain other supplies through an electronic distribution platform

- (1) Section 84-55 applies to a supply as if it were an *inbound intangible consumer supply if:
 - (a) the supply is made through an *electronic distribution platform; and
 - (b) the supply is covered by a written agreement entered into between the supplier and the operator of the platform before the supply is made; and
 - (c) the operator is *registered; and
 - (d) under the agreement, the supply is to be treated as if it were an inbound intangible consumer supply made through the platform.
- (2) However, subsection (1) does not apply to the supply if:
 - (a) the supply is GST-free or input taxed; or
 - (b) the operator would not be treated under section 84-55 as being the supplier of, and as making, the supply if it were an *inbound intangible consumer supply.

- (3) If subsection (1) applies to the supply, the supply is treated as having been made in the course or furtherance of the carrying on of the *enterprise through which the operator operates the platform.

84-65 *Meaning of inbound intangible consumer supply*

- (1) A supply of anything other than goods or *real property is an ***inbound intangible consumer supply*** if the *recipient is an *Australian consumer, unless:
- (a) the thing is done wholly in the indirect tax zone; or
 - (b) the supplier makes the supply wholly through an *enterprise that the supplier *carries on in the indirect tax zone.
- (2) Disregard section 84-55 in determining whether paragraph (1)(b) applies.

84-70 *Meaning of electronic distribution platform*

- (1) A service (including a website, internet portal, gateway, store or marketplace) is an ***electronic distribution platform*** if:
- (a) the service allows entities to make supplies available to end-users; and
 - (b) the service is delivered by means of *electronic communication; and
 - (c) the supplies are to be made by means of electronic communication.
- (2) However, a service is not an ***electronic distribution platform*** solely because it is:
- (a) a carriage service (within the meaning of the *Telecommunications Act 1997*); or
 - (b) a service consisting of one or more of the following:
 - (i) providing access to a payment system;
 - (ii) processing payments;
 - (iii) providing *vouchers the supply of which are not *taxable supplies because of section 100-5.

Subdivision 84-C—Australian consumers

84-95 What this Subdivision is about

A supplier is treated in some situations to be making a supply to an entity that is not an Australian consumer.

Note: Whether the recipient of a supply of an intangible is an Australian consumer is one of the tests for whether the supply is connected with Australia: see subsection 9-25(5).

84-100 When entities are treated as not being Australian consumers

- (1) The *GST law applies in relation to you as if another entity was not an *Australian consumer of a supply if:
 - (a) you take reasonable steps to obtain information about whether or not the other entity is an Australian consumer of the supply; and
 - (b) after taking those steps, you reasonably believe that the other entity is not an Australian consumer of the supply.
- (2) Without limiting subsection (1), the *GST law applies in relation to you as if another entity was not an *Australian consumer of a supply if:
 - (a) your usual business systems and processes provide you with a reasonable basis for forming a reasonable belief about whether the other entity is an Australian consumer of the supply; and
 - (b) you reasonably believe that the other entity is not an Australian consumer of the supply.
- (3) For the purposes of subsections (1) and (2), to the extent that your belief that the other entity is not an *Australian consumer of the supply is based on the other entity being *registered, your belief is reasonable only if:
 - (a) the other entity's *ABN, or the other identifying information prescribed under subsection (4) relating to the other entity, has been disclosed to you; and
 - (b) the other entity has provided to you a declaration or information that indicates that the other entity is registered.

- (4) The Commissioner may, by legislative instrument, prescribe identifying information for the purposes of paragraph (3)(a).

Subdivision 84-D—Limited registration entities

84-135 What this Subdivision is about

Non-residents may elect to be limited registration entities. Limited registration entities are not entitled to input tax credits for acquisitions, and must have quarterly tax periods.

Note: The Commissioner may approve simpler approved forms for limited registration entities: see subsection 388-50(3) in Schedule 1 to the *Taxation Administration Act 1953*.

84-140 Limited registration entities

- (1) You are a **limited registration entity** for a tax period applying to you if an election under subsection (2) is in effect for you during the period.

Electing to be a limited registration entity

- (2) You may, by notifying the Commissioner in the *approved form, make an election under this subsection if:
- (a) you have made, or intend to make, one or more *inbound intangible consumer supplies; and
 - (b) you are a *non-resident.

When an election is in effect

- (3) The election:
- (a) takes effect from the start of the tax period you nominate in the election; and
 - (b) if your *registration is cancelled and the date of effect of the cancellation occurs after the start of that tax period—ceases to have effect on the date of effect of the cancellation; and
 - (c) if paragraph (b) does not apply and, under subsection (5), you revoke the election—ceases to have effect at the start of your first tax period to start after the revocation.
-

- (4) However, the election never takes effect if your *registration is cancelled and the date of effect of the cancellation occurs on or before the start of the tax period you nominate in the election.

Revoking an election

- (5) You may, by notifying the Commissioner in the *approved form, revoke an election under subsection (2).
- (6) However, subsection (5) does not apply if you have been notified that the Commissioner has decided to cancel your *registration (whether or not the cancellation has already taken effect).

84-145 Limited registration entities cannot make creditable acquisitions

- (1) An acquisition made by a *limited registration entity is not a *creditable acquisition if an election under subsection 84-140(2) is in effect for the entity when the acquisition is made.
- (2) However, subsection (1) does not apply, and is taken never to have applied, to the acquisition if you revoke the election under subsection 84-140(5) during:
- (a) the *financial year in which the acquisition is made; or
 - (b) the next financial year.
- (3) This section has effect despite section 11-5 (which is about what is a creditable acquisition).

84-150 Entries in the Australian Business Register

- (1) Subsection 25-10(2) does not apply if:
- (a) you become *registered; and
 - (b) on the date your registration takes or took effect, you are a *limited registration entity.

Note: Under subsection 25-10(2), the Australian Business Registrar would otherwise be required to enter that date in the Australian Business Register.

- (2) However, if:

Schedule 1 Tax integrity: extending GST to digital products and other services imported by consumers

Part 1 Main amendments

- (a) you cease to be a *limited registration entity at a time when you are *registered; and
 - (b) because of subsection (1) of this subsection, subsection 25-10(2) did not apply to your registration; subsection 25-10(2) is taken to apply from the time you cease to be a limited registration entity.
- (3) Subsection 25-60(2) does not apply if:
- (a) your *registration is cancelled; and
 - (b) because of subsection (1) of this section, the date on which your registration took effect was not entered in the *Australian Business Register; and
 - (c) immediately before the cancellation took effect, you were a *limited registration entity.

Note: Under subsection 25-60(2), the Australian Business Registrar would otherwise be required to enter that date in the Australian Business Register.

84-155 Limited registration entities have only quarterly tax periods

- (1) If you are a *limited registration entity, you cannot make an election under section 27-10, and the Commissioner cannot determine your tax periods under section 27-15 or 27-37.

Note: Sections 27-10 and 27-15 provide for each individual month to be a tax period. Section 27-37 provides for 12 complete tax periods in each year.

- (2) An election by you under section 27-10 or a determination under section 27-15 or 27-37 in relation to you is taken not to be in force at any time during which you are a *limited registration entity.
- (3) This section has effect despite sections 27-10, 27-15 and 27-37 (which are about one month tax periods).

7 Paragraph 188-15(3)(b)

Repeal the paragraph, substitute:

- (b) any supply that is connected with the indirect tax zone because of paragraph 9-25(5)(c), unless:
 - (i) the supply is made to an *Australian consumer; and

-

- (iii) the thing to be acquired under the right or option referred to in that paragraph is not goods or *real property; and

8 Paragraph 188-20(3)(b)

- (2) An entity is an ***Australian-based business recipient*** of a supply made to the entity if:
- (a) the entity is *registered; and
 - (b) an *enterprise of the entity is *carried on in the indirect tax zone; and
 - (c) the entity's acquisition of the thing supplied is not solely of a private or domestic nature.

4 At the end of section 9-75

Add:

- (4) Despite subsection (1), if a supply of goods (the *actual supply*) is to be treated as separate supplies because of subsection 9-25(6), then the *price* of each such separate supply is so much of the price of the actual supply, worked out under subsection (1), as reasonably represents the price of the separate supply.

5 At the end of section 57-5

Add:

- (3) However, this section does not apply to a *taxable supply if:
- (a) apart from this section, the *non-resident would not be liable to pay GST on the supply; or

57-7 Agreement to apply this Division to all supplies through a resident agent

- (1) Subsection 9-26(1) does not apply to a supply made by a *non-resident through a *resident agent if:
 - (a) section 57-5 would apply to the supply if that subsection did not apply to the supply; and
 - (b) the non-resident and the agent have agreed in writing that that subsection will not apply to any supplies made by the non-resident through the agent; and
 - (c) the supply is made no earlier than:
 - (i) if the agreement specifies a time (not earlier than the start of the day the agreement is made) as the time the agreement takes effect—that time; or
 - (ii) otherwise—the start of the day the agreement is made.

Note: An agreement under paragraph (1)(b) prevents subsection 9-26(1) having the effect that the supply would not be connected with the indirect tax zone (that subsection could otherwise result in the GST on the supply being reverse charged to the recipient under Division 84).

- (2) If the *recipient of the supply is an *Australian-based business recipient, the recipient must be given a notice in the *approved form by:
 - (a) if the agreement referred to in paragraph (1)(b) specifies that the *non-resident is to give the notice—the non-resident; or
 - (b) otherwise—the *resident agent.
- (3) The notice must be given no later than 7 days after the earlier of:
 - (a) the first day any of the *consideration for the supply is provided; or
 - (b) the day on which an *invoice for the supply is issued.

Note: Subsection 286-75(7) in Schedule 1 to the *Taxation Administration Act 1953* provides an administrative penalty for breach of subsection (2) or this subsection.

- (4) If the *non-resident and the agent agree in writing to terminate the agreement referred to in paragraph (1)(b), this section ceases to apply:
- (a) if the agreement to terminate specifies a time (not earlier than the start of the day the agreement to terminate is made) as the time the termination takes effect—at that time; or
 - (b) otherwise—at the start of the day the agreement to terminate is made.

6 Subsection 72-5(2)

Repeal the subsection, substitute:

- (2) This section has effect despite paragraphs 9-5(a) and 84-5(1)(d) (which would otherwise require a taxable supply to be for consideration).

- (2) This section has effect despite:
 - (a) sections 11-25 and 11-30 (which are about the amount of input tax credits for creditable acquisitions); and

12 After section 84-15

Insert:

84-20 The price of taxable supplies of offshore intangibles without, or for inadequate, consideration

- (1) The *price* of a supply that is a *taxable supply because of section 84-5 is the *GST inclusive market value of the supply, if:
 - (a) the supply is from the *recipient's *associate; and
 - (b) the supply is:
 - (i) without *consideration; or
 - (ii) for consideration that is *less* than the GST inclusive market value.

Note: A supply to an associate without consideration may be a taxable supply, see section 72-5.

- (2) This section has effect despite section 9-75 (which is about the price of taxable supplies).

84-25 Tax periods for supplies from associates that are not connected with the indirect tax zone

Note: If the supply is connected with the indirect tax zone, see sections 72-15 and 72-50 for the tax periods.

- (3) This section has effect despite:
 - (a) sections 29-5 and 72-15 (about attributing GST to tax periods); and
 - (b) sections 29-10 and 72-50 (about attributing input tax credits to tax periods).

84-30 Adjustments for acquisitions made solely for a creditable purpose

- (1) This section applies to an acquisition that relates to a supply if the supply would be a *taxable supply under section 84-5 if paragraph 84-5(1)(ca) were disregarded.
- (2) For the purpose of working out whether there is an *adjustment for the acquisition, and the amount of that adjustment, disregard paragraph 84-5(1)(ca).

Note: As a result, the adjustment (including the full input tax credit referred to in sections 129-70 and 129-75) is worked out assuming the supply is taxable and the acquisition fully creditable.

13 At the end of subsection 85-5(3)

Add “, but is subject to section 9-26 (which is about when supplies are not connected with the indirect tax zone)”.
