Commonwealth Banks Act 1959

Insert:

(3A) If:

 - (ii) the successor fund is a regulated superannuation fund;

then, so long as the person continues to hold an interest in the successor fund, the Commonwealth guarantees the due payment of any amount that is payable to or from the successor fund, by the trustee of the successor fund or by the Commonwealth Bank, in respect of the person.

(3B) Disregard subsection (3) when determining whether a regulated superannuation fund confers on a person equivalent rights in respect of an interest to the rights they had under another regulated superannuation fund in respect of the interest for the purposes of any law of the Commonwealth dealing with successor funds.

regulated superannuation fund has the same meaning as in the *Superannuation Industry (Supervision) Act 1993*.

Income Tax Assessment Act 1997

1 Subsection 392-45(2)

Repeal the subsection, substitute:

 - (b) any *net capital gain included in your assessable income under Division 102.

2 Subsections 392-80(2) and (3)

Repeal the subsections, substitute:

Assessable primary production income

- (2) Your ***assessable primary production income*** for the *current year is the sum of:
- (a) any amount of your *basic assessable income for the current year that was *derived from, or resulted from, your carrying on a *primary production business; and
 - (b) any amount included in your assessable income under section 420-25 for the current year because you cease to *hold a *primary producer registered emissions unit; and
 - (c) any amount of your basic assessable income for the current year to the extent that:

 - (ii) the amount is your share of the trust's *net income that is attributable to, or resulted from, an amount being included in the trust's assessable income under section 420-25 because the trust ceases to hold an *Australian carbon credit unit; and

- (iii) the unit would have been a primary producer registered emissions unit if you had started to hold, held and ceased to hold the unit instead of the trust; and
- (d) any amount of your basic assessable income for the current year to the extent that:
 - (i) you are a partner in a partnership that is carrying on a primary production business; and
 - (ii) the amount is your share of the partnership's net income that is attributable to, or resulted from, an amount being included in the partnership's assessable income under section 420-25 because a partner (the **holding partner**) in the partnership ceases to hold a primary producer registered emissions unit; and
 - (iii) the unit would still have been a primary producer registered emissions unit if each other partner in the partnership had started to hold, held and ceased to hold the unit instead of the holding partner; and
- (e) any amount of your basic assessable income for the current year that was derived from, or resulted from, an *arrangement with a *carbon service provider to the extent that:
 - (i) the arrangement relates to the provider starting to hold, holding or ceasing to hold an Australian carbon credit unit; and
 - (ii) the unit would have been a primary producer registered emissions unit if you were starting to hold, holding or ceasing to hold the unit (as applicable) instead of the provider; and
 - (iii) the amount does not relate to you giving the provider a *quasi-ownership right over land.

Primary production deductions

- (3) Your **primary production deductions** for the *current year are:
 - (a) all amounts you can deduct that relate exclusively to the amount referred to in paragraph (2)(a); and

- (c) so much of any other amounts you can deduct for the current year in relation to expenditure you incur in:
- (i) starting to *hold a *primary producer registered emissions unit; or
 - (ii) holding such a unit; or
