Addendum

Product Ruling

Income tax: Gunns Plantations Woodlot Project 2002 (Revised Arrangement)

This Addendum amends the withdrawal notice for Product Ruling PR 2002/56 to provide information about the consequences for Growers following the disposal of the Growers' rights, titles and interests in the Project.

PR 2002/56 withdrawal is amended as follows:

1. Preamble

Omit the preamble.

2. Paragraph 1

Omit the paragraph, substitute:

1. PR 2002/56 is withdrawn and ceases to have effect after 30 June 2004.
2. PR 2002/56 sets out the Commissioner's opinion on the tax consequences for persons participating in the Gunns Plantations Woodlot Project 2002 (Revised Arrangement) ('the Project'), a forestry managed investment scheme, entered into for the purpose of the establishment and tending of Eucalypt trees for felling in Australia.
3. This Product Ruling has been withdrawn in accordance with subsection 358-20(1) of Schedule 1 to the *Taxation Administration Act 1953*, which states the Commissioner may withdraw a public ruling either wholly or to an extent.

Overview

4. The Responsible Entity, Gunns Plantations Limited (in liquidation) advised that as part of the liquidation process of this entity, the Growers' rights, titles and interest in the Project were disposed of, by 10 November 2017 for Option 1 (Eucalyptus for Pulpwood) and by 12 December 2016 for Option 2 (Eucalyptus for Veneer and Pulpwood).

5. This withdrawal notice sets out the tax outcomes for Growers or their associates arising as a consequence of the disposal.

Assessable Income

6. The proceeds from the sale of the Growers' rights, titles and interests in the Project is in respect of the Growers' interest in the standing timber, as the other associated rights, titles and interests are considered to have no value.

7. The sale of standing timber under the liquidation process is the disposal of trading stock outside the ordinary course of business. The treatment of assessable income on disposal of trading stock outside the ordinary course of business is described in section 70-90.¹

8. By way of section 70-90, Growers are required to include the market value of that trading stock on the day of disposal, in their assessable income for the income year of the disposal.

9. For the purposes of section 6-5, Growers are required to include their share of the harvest proceeds and other amounts payable to the Growers under the liquidation process in their assessable income in the year they are derived.

10. The final amount to be distributed to the Growers by the liquidator (the Net Distribution Amount) will not be known until just prior to the distribution. This will occur when all costs and competing claims have been finalised as part of the liquidation process.

11. As a consequence, there was no simple way for Growers to determine the market value of their interest in the trading stock, at the time of disposal.

12. Notwithstanding the requirement to return the market value of their interest in the trading stock as assessable income in the year in which the disposal happened, and the requirement to return harvest proceeds and the other amounts referred to in paragraph 9 of this notice in the year in which they are derived the Commissioner will accept that Growers in the Project can:

- treat the Net Distribution Amount as the amount required to be returned as assessable income, and
- return the Net Distribution Amount, in their assessable income in the income tax year in which the distribution is received.

¹ All legislative references in this withdrawal notice are to the *Income Tax Assessment Act 1997* (ITAA 1997) unless otherwise indicated.

13. Class Ruling CR 2016/19 *Income tax: liquidation – Great Southern Plantation and Gunns Plantations Limited Woodlot Schemes*, sets out the tax outcomes for Growers or their associates arising as a consequence of the disposal of their rights, titles and interest in the Project.

Deductions

14. Paragraphs 52 to 65 of PR 2002/56 explain how the Growers' participation in the Project constitutes the carrying on of a business of primary production by the Growers.

15. Growers that continued to have an interest in the Project up until 10 November 2017 (Option 1) and/or 12 December 2016 (Option 2) were entitled to claim deductions for the expenditure outlined in paragraphs 40 or 41 of PR 2002/56.

16. Any expenditure that a Grower incurred prior to 10 November 2017 (Option 1) and/or 12 December 2016 (Option 2) but did not actually pay is not deductible, because these amounts have been taken into account in calculating the Net Distribution Amount.

17. From 10 November 2017 (Option 1) and/or 12 December 2016 (Option 2), Growers in the Project ceased carrying on a business of primary production, and are no longer entitled to claim deductions, with the exception of interest which may continue to be deductible. See paragraphs 20 and 21 of this withdrawal notice.

Deferral of losses from non-commercial business activities

18. Division 35 only applies to individuals, alone or in partnership, in income years in which they are carrying on a business activity. In PR 2002/56, the Commissioner conditionally undertook to exercise his discretion under paragraphs 35-55(1)(b) or 35-55(1)(c), to allow losses incurred by Growers to be offset against other assessable income in the income year in which the losses arose, for the relevant income years.

19. The Commissioner's discretion under paragraphs 35-55(1)(b) and 35-55(1)(c) is no longer required in respect to the Projects for the year in which the Growers' interests in the Project were disposed of, and for later income years.

Interest

20. Where Growers have used loans to finance their participation in the Project, any interest incurred on the loan will continue to be deductible under section 8-1 in the year it is incurred, provided the requirements outlined in Taxation Ruling TR 2004/4 *Income tax: deductions for interest incurred prior to the commencement of, or following the cessation of, relevant income earning activities* are satisfied.

21. The deductibility of interest on such loans is unaffected by the loss deferral rules in Division 35, from the year in which the Growers dispose of their interests in the Project, and for later income years. See paragraphs 18 and 19 of this withdrawal notice.
