Finance

52. Growers cannot rely on this Product Ruling if they enter into a finance arrangement, including a finance arrangement under the Fee Facility Deed (see below), with Gunns Finance that materially differs from those provided to the Tax Office by Gunns Plantations with the application for this Product Ruling. These finance packages are summarised below.

Finance for the Application Fee

53. A number of finance packages will be offered on commercial terms by Gunns Finance. Growers can borrow from Gunns Finance provided that the conditions precedent in clause 3 of Part B of the 'Loan Terms' are satisfied.

54. Loans may be for 3, 5, or 10 Years (principal and interest loans), a 12 month interest free option or Growers may also choose a 10 year loan that consists of an initial 5 year interest only followed by 5 years of principal plus interest.

55. Common features contained in each of these finance packages are that:

- the Grower's application to participate in the Project has been accepted by Gunns Plantations;
- the Grower pays a loan 'Establishment Fee' of \$150;
- security is held by mortgage over the interest in the project in all finance arrangements;
- additional 2% interest per annum applies to overdue repayments; and
- additional or 'break' costs of \$400 will apply when a loan is repaid early.

56. At the absolute discretion of Gunns Finance, deposits required to fund the 'Loan' may vary from 10% to 30% of the 'Application Fee'.

57. The Grower agrees to repay the 'Loan', and pay interest and all other 'Outstanding Monies' to Gunns Finance. The Grower will pay the 'Repayment Amount' on the 'Repayment Date' of each month during the 'Term' of the 'Loan' as detailed in Part D – Loan Schedule.

58. The Grower may repay the 'Outstanding Balance' in whole or in part at any time. However, where the loan is repaid early the Grower will pay to Gunns Finance the amount determined by Gunns Finance under clause 6.2 of the 'Loan Term'.

59. The specific features of each of the finance arrangements Growers may enter into are as follows:

Standard Finance Package:

Principal only loan:

- Growers will be entitled to elect to enter into a non-interest bearing loan with Gunns Finance;
- Growers who enter into this finance arrangement will be required to pay a 10% deposit and make 12 equal monthly repayments of the balance.

Principal and interest loans:

- the 'Term' of the 'Loan' is for 3, 5 or 10 years;
- an initial deposit equal to 20% of the 'Application Fee';
- an interest rate of 10.5%. For 10 year loans the interest rate will be reviewed after 5 years and fixed at 4% points above the ANZ Banking Group Ltd's 5 year swap reference rate;
- 'Repayment Amounts' are due as per Item 5 of the Loan Schedule and Part J – Vinelot Project Repayment Schedule; and
- Growers who enter into any of the 'Terms' under this finance arrangement will be required to make monthly equal repayments of the balance over the 'Term' of the 'Loan'.

60. Growers cannot rely on any part of this Product Ruling if the 'Application Fee', other than an 'Application Fee' payable subject to a finance arrangement, is not paid in full by 31 May 2004. Where an application is accepted by Gunns Plantations subject to finance approval by any lending institution, Growers cannot rely on this Ruling if written evidence of that approval has not been given to Gunns Plantations by 31 May 2004.

Finance under the Fee Facility Deed

61. Gunns Finance has agreed to make a 'Fee Facility' available to the Grower for the 'Term'. The 'Fee Facility' will operate such that Gunns Finance will loan the Grower an amount equal to the 'Vine Right Fee' and 'Maintenance and Harvest Fee' in each of 'Years' 1 to 4 of the Project. A Grower who takes up the 'Fee Facility' will be required to pay directly to Gunns Finance interest for 'Years' 1 to 4 and 'Annual Repayments Amounts' in 'Years' 5 to 15.

62. In 'Years' 1 to 4, the Grower will be invoiced annually and must pay directly to Gunns Finance the interest represented by the 'Invoiced Amount'. The 'Invoiced Amounts' will be payable within 14 days of the date of the invoice.

63. In each year of the Project commencing in 'Year' 5, the Grower must pay directly to Gunns Finance an amount equal to the 'Annual Repayment Amount' as payment against the 'Outstanding Balance' by the 'Repayment Date'.

64. The Grower may repay the 'Outstanding Balance' in whole or in part at any time. In the event that the Grower makes a prepayment a 'break fee' of \$100 will become immediately due and payable.

65. This Ruling also does not apply if the finance arrangement entered into by the Grower includes or has any of the following features:

- there are split loan features of a type referred to in Taxation Ruling TR 98/22;
- there are indemnity arrangements or other collateral agreements in relation to the loan designed to limit the borrower's risk;
- 'additional benefits' are or will be granted to the borrowers for the purpose of section 82KL or the funding arrangements transform the Project into a 'scheme' to which Part IVA may apply;
- the loan or rate of interest is non-arm's length;
- repayments of the principal and payments of interest are linked to the derivation of income from the Project;
- the funds borrowed, or any part of them, will not be available for the conduct of the Project but will be transferred (by any mechanism, directly or indirectly) back to the lender or any associate of the lender;
- lenders do not have the capacity under the loan agreement, or a genuine intention, to take legal action against defaulting borrowers; or
- entities associated with the Project, other than Gunns Finance, are involved or become involved in the provision of finance to Growers for the Project.

Ruling

Application of this Ruling

66. This Ruling applies only to Growers who are accepted to participate in the Project on or before 31 May 2004 and who have executed a Vine Right Agreement and a Management Agreement on or before that date.

67. The Grower's participation in the Project must constitute the carrying on of a business of primary production. A Grower is not eligible to claim any tax deductions until the Grower's application to enter the Project is accepted and the Project has commenced.

The Simplified Tax System ('STS')

Division 328

68. To be an 'STS taxpayer' a Grower must be eligible to be an 'STS taxpayer' and must have elected to be an 'STS taxpayer'. Changes to the STS rules apply from 1 July 2005. From that date, STS taxpayers may use the accruals accounting method. For a Grower participating in the Project, the recognition of income and the timing of tax deductions under the STS where the Grower uses the cash accounting method is different.

Qualification

69. This Product Ruling assumes that a Grower who is an 'STS taxpayer' is so for the income year in which their participation in the Project commences. A Grower may become an 'STS taxpayer' at a later point in time. Also, a Grower who is an 'STS taxpayer' may choose to stop being an 'STS taxpayer', or may cease to be eligible to be an 'STS taxpayer', during the term of the Project. These are contingencies relating to the circumstances of individual Growers that cannot be accommodated in this Ruling. Such Growers can ask for a private ruling on how the taxation legislation applies to them.

Assessable Income

Section 6-5 and section 328-105

70. That part of the gross sales proceeds from the Project attributable to the Grower's produce, less any GST payable on those proceeds (section 17-5), will be assessable income of the Grower under section 6-5.

71. Other than Growers referred to in paragraph 72, a Grower is assessable on ordinary income from carrying on their business of viticulture in the income year in which that income is derived.

72. A Grower who is an 'STS taxpayer' (for the 2003-04 and 2004-05 income years) or an 'STS taxpayer' using the cash accounting method (for the 2005-06 income year and later years) is assessable on ordinary income from carrying on their business of viticulture at the time the income is received.

Deductions for 'Initial Services Fee', 'Maintenance and Harvest Fee', 'Vine Right Fee' and Interest

Section 8-1 and section 328-105

73. A Grower may claim tax deductions under section 8-1 of the ITAA 1997, for the revenue expenses in the Table.

74. [Omitted.]

Fee Type	Year ended 30 June 2004	Year ended 30 June 2005	Year ended 30 June 2006
Initial Service Fee	\$12,934 See Notes i) & ii)		
Maintenance and Harvest Fee		Amount to be 'Invoiced' annually by Gunns Plantations See Notes i), iii) and iv)	Amount to be 'Invoiced' annually by Gunns Plantations See Notes i), iii) and iv)
Vine Right Fee	\$46 See Notes i), iii) and iv)	\$550 See Notes i), iii) and iv)	\$550 See Notes i), iii) and iv)
Interest	As incurred (Non-STSTaxpayers) or as paid (STSTaxpayers) See Notes iv) and v)	As incurred (Non-STSTaxpayers) or as paid (STSTaxpayers) See Notes iv) and v)	As incurred (Non-STSTaxpayers & STSTaxpayers using accruals accounting) Or as paid (STSTaxpayers using cash accounting) See Notes iv) and v).

Notes:

- i) If the Grower is registered or required to be registered for GST, amounts of outgoing would need to be adjusted as relevant for GST (e.g. input tax credits): Division 27. See Example 1 at paragraph 114;
- ii) The 'Initial Service Fee' shown in the Management Agreement is deductible in full in the year that it is incurred (where the Grower is **not an 'STS taxpayer'**) or the year in which it is paid (where the Grower is an **'STS taxpayer'**);
- iii) Where a Grower pays the 'Vine Right Fee' and the 'Maintenance and Harvest Fee' in the relevant income years shown in the Vine Right Agreement and the Management Agreement, those fees are deductible in full as follows:
 - in the year that they are incurred (where the Grower is not an 'STS taxpayer');
 - for the 2003-04 and 2004-05 income years, in the year in which they are paid (where the Grower is an 'STS taxpayer'); or
 - for the 2005-06 income year, in the year that it is incurred (where the Grower is an 'STS taxpayer' using the accruals accounting method), or in the year it is paid (where the Grower is an 'STS taxpayer' using the cash accounting method).
- iv) This Ruling does not apply to Growers who **choose** to prepay 'Vine Right Fees', 'Maintenance and Harvest Fees' or interest (see paragraph 101 to 107 below). Amounts that are prepaid for a period that extends beyond the income year in which the expenditure is incurred may be subject to the prepayment provisions in section 82KZME to 82KZMF of the ITAA 1936. Any Grower who prepays such amounts may request a private ruling on the taxation consequences of their participation in the Project; and
- v) The deductibility or otherwise of interest arising from loan agreements entered into with financiers other than Gunns Finance, the internal financier, is outside the scope of this Ruling. Growers who borrow from lenders other than Gunns Finance is outside the scope of this Ruling. Growers who borrow from lenders other than Gunns Finance may request a private ruling on the deductibility of the interest incurred.

Deductions for Horticultural Plant***Division 40***

75. Each Grower will also be entitled to tax deductions relating to the 'Vines' planted on the 'Vinelot'. If the Grower is registered or required to be registered for GST, amounts of outgoing would need to be adjusted as relevant for GST (e.g. input tax credits): Division 27. See example at paragraph 114.

76. A vine is considered to be a 'horticultural plant' as defined in subsection 40-520(2). A Grower holds a 'Vine Right' to cultivate the 'Vines' on a designated area of land called a 'Vinelot' for the growing of 'Grapes' for commercial gain. As a Grower holds the 'Vinelot' under a licence, one of the conditions in subsection 40-525(2) is met and a deduction for 'horticultural plants' is available under paragraph 40-515(1)(b) for their decline in value.

77. The deduction is determined using the formula in section 40-545. 'Vines' have an 'effective life' of greater than 13 but fewer than 30 years and, for the purposes of section 40-545, this results in a straight-line write-off at a rate of 13%. The deduction is allowable when the 'Vines' enter their first commercial season (section 40-530, item 2). Gunns Plantations will notify Growers when their 'Vines' enter their first commercial season and the amount that may be claimed.

Division 35 - Deferral of losses from non-commercial business activities***Section 35-55 – Exercise of Commissioner's discretion***

78. A Grower who is an individual accepted into the Project by 31 May 2004 may have losses arising from their participation in the Project that would be deferred to a later income year under section 35-10. Subject to the Project being carried out in the manner described above, the Commissioner will exercise the discretion in paragraph 35-55(1)(b) for these Growers for the income years ending **30 June 2004 to 30 June 2008**. This conditional exercise of the discretion will allow those losses to be offset against the Grower's other assessable income in the income year in which the losses arise.

Sections 82KZME – 82KZMF, 82KL and Part IVA

79. For a Grower who participates in the Project and incurs expenditure as required by the Management Agreement and the Vine Right Agreement the following provisions of the ITAA 1936 have application as indicated:

- expenditure by a Grower does not fall within the scope of sections 82KZME – 82KZMF;
- section 82KL does not apply to deny the deductions otherwise allowable; and

- the relevant provisions in Part IVA will not be applied to cancel a tax benefit obtained under a tax law dealt with in this Ruling.

Explanation

Is the Grower carrying on a business?

80. For the amounts set out in the Tables above to constitute allowable deductions the Grower's viticulture activities as a participant in the Gunns Plantations Winegrape Project 2004 must amount to the carrying on of a business of primary production. These viticulture activities will fall within the definitions of 'horticulture' and 'commercial horticulture' in section 40-535 of the ITAA 1997.

81. Where there is a business, or a future business, the gross proceeds from the sale of the 'Grapes' will constitute gross assessable income in their own right. The generation of 'business income' from such a business, or future business, provides the backdrop against which to judge whether the outgoings in question have the requisite connection with the operations that more directly gain or produce this income.

82. For schemes such as that of the Gunns Winegrape Project 2004, Taxation Ruling TR 2000/8 sets out in paragraph 89 the circumstances in which the Grower's activities can constitute the carrying on of a business. As Taxation Ruling TR 2000/8 sets out, these circumstances have been established in court decisions such as *Commissioner of Taxation v. Lau* (1984) 6 FCR 202; 84 ATC 4929; (1984) 16 ATR 55.

83. Generally, a Grower will be carrying on a business of viticulture, and hence primary production, if:

- the Grower has an identifiable interest in the land (by lease) or right over the land (by licence) on which the 'Vines' are established;
- the Grower has a right to harvest and sell the 'Grapes' from those 'Vines';
- the viticultural activities are carried out on the Grower's behalf;
- the viticultural activities of the Grower are typical of those associated with a horticulture business; and
- the weight and influence of general indicators point to the carrying on of a business.

84. In this Project, each Grower enters into a Management Agreement and a Vine Right Agreement.

85. Under the Vine Right Agreement each individual Grower is granted a 'Vine Right' in respect of specific and identifiable area of 0.20 hectares of land. The 'Vine Right' provides the Grower with an ongoing interest in the specific 'Vines' on the licensed area for the 'Term' of the Project. Under the 'Vine Right' a Grower must use the land in question for the purpose of carrying out viticulture activities, and for no other purpose. The 'Vine Right' allows the Manager to come onto to the land to carry out its obligations under the Management Agreement.

86. Under the Management Agreement the Manager is engaged by the Grower to supervise the 'Establishment Works' and maintain the 'Vinelot' on the Grower's identifiable area of land during the 'Term' of the Project. The Manager has provided evidence that it holds the appropriate professional skills and credentials to provide the 'Services' on the Grower's behalf.

87. The Manager is also engaged to 'Harvest' and sell, on the Grower's behalf, the 'Grapes' grown on the Grower's 'Vinelot'.

88. The general indicators of a business, as used by the Courts, are described in Taxation Ruling TR 97/11. Positive findings can be made from the Project's description for all the indicators.

89. The activities that will be regularly carried out during the term of the Project demonstrate a significant commercial purpose. Based on reasonable projections, a Grower in the Project will derive assessable income from the sale of the 'Grapes' that will return a before-tax profit, i.e. a profit in cash terms that does not depend in its calculation on the fees in question being allowed as a deduction.

90. The pooling of 'Grapes' from the 'Vines' grown on the Grower's 'Vinelot' with the 'Grapes' of other Growers is consistent with general viticultural practices. Each Grower's proportionate share of the sale proceeds of the pooled 'Grapes' will reflect the proportion of the 'Vines' contributed from their 'Vinelot'.

91. The Manager's services are also consistent with general viticultural practices. They are of the type ordinarily found in horticulture ventures that would commonly be said to be businesses. While the size of a 'Vinelot' is relatively small, it is of a size and scale to allow it to be commercially viable.

92. The Grower's degree of control over the Manager as evidenced by the Management Agreement, and supplemented by the *Corporations Act 2001*, is sufficient. During the 'Term' of the Project, the Manager will provide the Grower with regular progress reports on the Grower's 'Vinelot' and the activities carried out on the Grower's behalf. Growers are able to terminate arrangements with the Project Manager in certain instances, such as cases of default or neglect.

93. The horticulture activities, and hence the fees associated with their procurement, are consistent with an intention to commence regular activities that have an 'air of permanence' about them. For the purposes of this Ruling, the Growers' viticultural activities in the Gunns Plantations Winegrape Project 2004 will constitute the carrying on of a business.

The Simplified Tax System

Division 328

94. Subdivision 328-F sets out the eligibility requirements that a Grower must satisfy in order to enter the STS and Subdivision 328-G sets out the rules for entering and leaving the STS.

95. The question of whether a Grower is eligible to be an 'STS taxpayer' is outside the scope of this Product Ruling. Therefore, any Grower who relies on those parts of this Ruling that refer to the STS will be assumed to have correctly determined whether or not they are eligible to be an 'STS taxpayer'.

Deductibility of 'Initial Services' and 'Maintenance and Harvest Fees' and 'Vine Right Fees'

Section 8-1

96. Consideration of whether the 'Initial Services Fee' and 'Maintenance and Harvest Fees' and 'Vine Right Fees' are deductible under section 8-1 begins with the first limb of the section. This view proceeds on the following basis:

- the outgoing in question must have a sufficient connection with the operations or activities that directly gain or produce the taxpayer's assessable income;
- the outgoings are not deductible under the second limb if they are incurred when the business has not commenced; and
- where all that happens in a year of income is that a taxpayer is contractually committed to a venture that may not turn out to be a business, there can be doubt about whether the relevant business has commenced, and hence, whether the second limb applies. However, that does not preclude the application of the first limb in determining whether the outgoing in question has a sufficient connection with activities to produce assessable income.

97. The 'Initial Services Fee' and 'Maintenance and Harvest Fees' and 'Vine Right Fees' associated with the viticulture activities will relate to the gaining of income from the Grower's business of horticulture, and hence have a sufficient connection to the operations by which income (from the harvesting and sale of 'Grapes') is to be gained from this business. They will thus be deductible under the first limb of section 8-1. Further, no 'non-income producing' purposes in incurring the fee is identifiable from the arrangement. The fee appears to be reasonable. There is no capital component of the 'Initial Services Fee' and 'Maintenance and Harvest Fees' and 'Vine Right Fees'. The tests of deductibility under the first limb of section 8-1 are met. The exclusions do not apply.

Interest deductibility

Section 8-1

Growers who use Gunns Finance as the finance provider

98. Some Growers may finance their participation in the Project through a loan facility with Gunns Finance. Whether the resulting interest costs are deductible under section 8-1 depends on the same reasoning as that applied to the deductibility of 'Initial Services Fee' and 'Maintenance and Harvest Fees' and 'Vine Right Fees'.

99. The interest incurred for the year ended 30 June 2004 and in subsequent years of income will be in respect of a loan to finance the Grower's business operations - the cultivation and growing 'Vines' and the licence of the land on which the 'Vines' will have been planted - that will continue to be directly connected with the gaining of 'business income' from the Project. Such interest will, therefore, have a sufficient connection with the gaining of assessable income to be deductible under section 8-1.

Growers who DO NOT use Gunns Finance as the finance provider

100. The deductibility of interest incurred by Growers who finance their participation in the Project through a loan facility with a bank or financier other than Gunns Finance is outside the scope of this Ruling. Product Rulings only deal with arrangements where all details and documentation have been provided to, and examined by the Tax Office.

Prepayment Provisions***Sections 82KZL to 82KZMF***

101. The prepayment provisions contained in Subdivision H of Division 3 of Part III of the ITAA 1936 affect the timing of deductions for certain prepaid expenditure. These provisions apply to certain expenditure incurred under an agreement in return for the doing of a thing under the agreement (e.g. the performance of management services or the leasing of land) that will not be wholly done within the same year of income as the year in which the expenditure is incurred. If expenditure is incurred to cover the provision of services to be provided within the same year, then it is not expenditure to which the prepayment rules apply.

Application of the prepayment provisions to this Project

102. Under the Arrangement to which this Product Ruling applies 'Maintenance and Harvest Fees' and 'Vine Right Fees' are incurred annually and interest payable to Gunns Finance is incurred monthly (for finance related to the 'Application Fee') and annually (for finance related to the 'Fee Facility'). Accordingly, the prepayment provisions in sections 82KZME and 82KZMF have no application to this Arrangement. A Grower who is an 'STS taxpayer' or an 'STS taxpayer' using cash accounting method can, therefore, claim a deduction for each of the relevant amounts in the income year in which the amount is paid, or paid on their behalf. A Grower who is not an 'STS taxpayer' or an 'STS taxpayer' using accruals accounting method can claim a deduction for each of the relevant amounts in the income year in which the fee is incurred.

103. However, sections 82KZME and 82KZMF may have relevance if a Grower in this Project prepays all or some of the expenditure payable under the Management Agreement and/or the Vine Right Agreement or prepays interest under a loan agreement (including loan agreements with lenders other than Gunns Finance). Where such a prepayment is made these prepayment provisions will also apply to 'STS taxpayers' because there is no specific exclusion contained in section 82KZME that excludes them from the operation of section 82KZMF.

104. As noted in the Ruling section above, Growers who prepay fees or interest are not covered by this Product Ruling and may instead request a private ruling on the tax consequences of their participation in this Project.

Expenditure of Horticulture Plant***Division 40 and Division 328***

105. Any part of the expenditure if a Grower that is attributable to acquiring an asset or advantage of an enduring kind is generally capital or capital in nature and will not be an allowable deduction under section 8-1. In this Project, expenditure attributable to grapevines is of a capital nature. This expenditure falls for consideration under Division 40 or Division 328 of the ITAA 1997.

106. The application and extent to which a Grower claims deductions under Division 40 and Division 328 depends on whether or not the Grower is an 'STS taxpayer'.

107. The tax treatment of capital expenditure has been dealt with in a representative way in paragraphs 75 to 77 .

Division 35 - Deferral of losses from non-commercial business activities***Section 35-55 – Exercise of Commissioner's discretion***

108. In deciding to exercise the discretion in paragraph 35-55(1)(b) on a conditional basis for the income years **30 June 2004 to 30 June 2008** the Commissioner has applied the principles set out in Taxation Ruling TR 2001/14 *Income tax: Division 35 – non commercial business losses*. Accordingly, based on the evidence supplied, the Commissioner has determined that for those income years ended 30 June 2004 up to and including 30 June 2008:

- it is because of its nature the business activity of a Grower will not satisfy one of the four tests in Division 35;
- there is an objective expectation that within a period that is commercially viable for the horticulture industry, a Grower's business activity will satisfy one of the four tests set out in Division 35 or produce a taxation profit; and
- a Grower who would otherwise be required to defer a loss arising from their participation in the Project under subsection 35-10(2) until a later income year is able to offset that loss against their other assessable income.

109. The exercise of the Commissioner's discretion under paragraph 35-55(1)(b) is conditional on the Project being carried on in the manner described in this Ruling during the income years specified. If the Project is carried out in a materially different way to that described in the Ruling a Grower will need to apply for a private ruling on the application of section 35-55 to those changed circumstances.

Section 82KL – recouped expenditure

110. The operation of section 82KL depends, among other things, on the identification of a certain quantum of ‘additional benefits(s)’. Insufficient ‘additional benefits’ will be provided to trigger the application of section 82KL. It will not apply to deny the deduction otherwise allowable under section 8-1.

Part IVA – general tax avoidance provisions

111. For Part IVA to apply there must be a ‘scheme’ (section 177A), a ‘tax benefit’ (section 177C) and a dominant purpose of entering into the scheme to obtain a tax benefit (section 177D).

112. The Gunns Winegrape Project 2004 will be a ‘scheme’. A Grower will obtain a ‘tax benefit’ from entering into the scheme, in the form of tax deductions for the amounts detailed at paragraphs 73 and 74 that would not have been obtained but for the scheme. However, it is not possible to conclude the scheme will be entered into or carried out with the dominant purpose of obtaining this tax benefit.

113. Growers to whom this Ruling applies intend to stay in the scheme for its full term and derive assessable income from the harvesting and sale of the ‘Grapes’. There are no facts that would suggest that Growers have the opportunity of obtaining a tax advantage other than the tax advantages identified in this Ruling. There is no non-recourse financing or round robin characteristics, and no indication that the parties are not dealing at arm’s length or, if any parties are not dealing at arm’s length, that any adverse tax consequences result. Further, having regard to the factors to be considered under paragraph 177D(b) it cannot be concluded, on the information available, that participants will enter into the scheme for the dominant purpose of obtaining a tax benefit.

Example

Entitlement to GST input tax credits

114. Susan, who is a sole trader and registered for GST, contracts with a manager to manage her viticulture business. Her manager is registered for GST and charges her a management fee payable every six months in advance. On 1 December 2003, Susan receives a valid tax invoice from her manager requesting payment of a management fee in advance, and also requesting payment for an improvement in the connection of electricity for her vineyard that she contracted him to carry out. The tax invoice includes the following details:

Management fee for period 1/1/2004 to 30/6/2004	\$4,400*
Carrying out of upgrade of power for your vineyard as quoted	<u>\$2,200*</u>
Total due and payable by 1 January 2004 (includes GST of \$600)	<u>\$6,600</u>

*Taxable supply

Susan pays the invoice by the due date and calculates her input tax credit on the management fee (to be claimed through her Business Activity Statement) as:

$$\frac{1}{11} \times \$4,400 = \$400.$$

Hence her outgoing for the management fee is effectively \$4,400 less \$400, or \$4,000.

Similarly, Susan calculates her input tax credit on the connection of electricity as:

$$\frac{1}{11} \times \$2,200 = \$200.$$

Hence her outgoing for the power upgrade is effectively \$2,200 less \$200, or \$2,000.

In preparing her income tax return for the year ended 30 June 2004, Susan is aware that the management fee is deductible in the year incurred. She calculates her management fee deduction as \$4,000 (not \$4,400).

Susan is aware that the electricity upgrade is deductible 10% per year over a 10 year period. She calculates her deduction for the power upgrade as \$200 (one tenth of \$2,000 only, not one tenth of \$2,200).
