Addendum

Product Ruling

Income tax: RFM Almond Fund 2006 – Late Growers Post 1 July 2006

This Addendum amends Product Ruling PR 2006/25 to increase the number of hectares offered for cultivation from 550 hectares to 575 hectares. This will increase the number of Groves offered under the Product Disclosure Statement from 2200 to 2300. This is a result of the Responsible Entity, Rural Funds Management Limited, finalising the layout of Groves in the Project with the result that the land available for planting is larger than first determined. Minimum subscription for this Project is reduced from 600 Groves to 400 Groves.

PR 2006/25 is amended as follows:
