

# Tax table for daily and casual workers

Incorporating Medicare levy and including statement of formulas

## ! FOR PAYMENTS MADE ON OR AFTER 1 JULY 2012

From 1 July 2012, the temporary flood and cyclone reconstruction levy (flood levy) will no longer apply.

### WHO SHOULD USE THIS TABLE?

You should use this table if you make any of the following payments to payees on a daily or casual basis:

- salary, wages, allowances and leave loading paid to employees
- paid parental leave to an eligible worker
- director's fees
- salary and allowances paid to office holders (including members of parliament, statutory office holders, defence force members and police officers)
- payments to labour hire workers
- payments to religious practitioners.

You also use this table where a payee is engaged on a daily or casual basis, but not paid daily.

### EXAMPLE

Peter works on a casual basis as a bartender for two separate entities during the week and is paid on an hourly basis. Both employers should use the daily rates tax table to calculate withholding from payments made for the hours worked.

For all other cases, use the relevant PAYG withholding weekly or fortnightly tax tables.

➤ For a full list of tax tables, visit our website at [www.ato.gov.au/taxtables](http://www.ato.gov.au/taxtables)

Alternatively, we have a calculator to help work out the correct amount of tax to withhold from payments to most payees. To access the calculator, visit our website at [www.ato.gov.au/taxwithheldcalculator](http://www.ato.gov.au/taxwithheldcalculator)

! This document is a withholding schedule made by the Commissioner of Taxation in accordance with sections 15-25 and 15-30 of schedule 1 to the *Taxation Administration Act 1953*. It applies to withholding payments covered by Subdivisions 12-B (except sections 12-50 and 12-55), and 12-D of schedule 1.

## Can you use a formula?

The withholding amounts shown in this table can be expressed in a mathematical form.

If you have developed your own payroll software package, you can use the formulas and coefficients outlined below.

This section should be read with *Statement of formulas for calculating amounts to be withheld* (NAT 1004) available on our website at [www.ato.gov.au/taxtables](http://www.ato.gov.au/taxtables)

The formulas comprise linear equations of the form  $y = ax - b$ , where:

- **y** is the weekly withholding amount expressed in dollars
- **x** is the weekly earnings expressed in whole dollars plus 99 cents
- **a** and **b** are the value of the coefficients for the formulas are shown in table A.

**TABLE A: Scale 2 – claiming the tax-free threshold**

Weekly earnings (x) less than	a	b
\$355	—	—
\$395	0.1900	67.4635
\$464	0.2900	106.9673
\$711	0.2050	67.4636
\$1,282	0.3427	165.4424
\$1,538	0.3400	161.9809
\$3,461	0.3850	231.2116
\$3,461 and over	0.4650	508.1347

To work out withholding amounts using the formulas:

- 1 Multiply earnings (ignoring any cents) by five to work out the weekly equivalent. Add 99 cents to the result.
- 2 Calculate the weekly amount by applying the coefficients at Table A, rounding to the nearest dollar. Divide this amount by five to convert it to the daily equivalent. Round the daily withholding amount to the nearest dollar.

Where a payee is **not** claiming the tax-free threshold, replace with the coefficients from scale 1 found in *Statement of formulas for calculating amounts to be withheld* (NAT 1004).

Where the payee is entitled to the seniors and pensioners tax offset, replace with the appropriate coefficients from *Tax table for seniors and pensioners* (NAT 4466).

## TAX FILE NUMBER (TFN) DECLARATIONS

The answers your payees provide on their *Tax file number declaration* (NAT 3092) determines the amount you need to withhold from their payments. A *Tax file number declaration* applies to any payments made after you receive the declaration. If you receive an updated declaration from a payee, it will override the previous one.

If a payee does not give you a valid *Tax file number declaration* within **14 days** of starting a payer/payee relationship, you must complete a *Tax file number declaration* with all available details of the payee and send it to us.

### What if a TFN has not been provided?

You must withhold 46.5% from any payment you make to a resident payee and 45% from a foreign resident payee (ignoring any cents) if one of the following applies:

- they have not quoted their TFN
- they have not claimed an exemption from quoting their TFN
- they have not advised you that they have applied for a TFN or have made an enquiry with us.

If a payee states at question 1 of the *Tax file number declaration* they have lodged a *Tax file number – application or enquiry for individuals* (NAT 1432) with us, they have **28 days** to provide you with their TFN.

If a payee has not given you their TFN within **28 days**, you must withhold 46.5% from any payment you make to a resident payee and 45% from a foreign resident payee (ignoring any cents) unless we tell you not to.

**!** Do not allow for any tax offsets or Medicare levy adjustment. Do not withhold any amount for:

- Higher Education Loan Program (HELP) debts
- Financial Supplement (FS) debts.

### What if your payee is a foreign resident?

If your payee has answered **no** to the question 'Are you an Australian resident for tax purposes?' on their *Tax file number declaration*, you will need to use the foreign resident tax rates.

There are two ways you can withhold from a foreign resident's earnings:

- If they have not given you a valid TFN, you need to withhold 45% for each \$1 of earnings (ignoring any cents).
- If they have given you a valid TFN, you need to withhold the amount calculated in the foreign resident rates below, rounding any cents to the nearest dollar.

**TABLE B: Foreign resident tax rates**

Weekly earnings \$	Weekly rate
0 to 1,538	32.5 cents for each dollar of earnings
1,539 to 3,462	\$500 plus 37 cents for each \$1 of earnings over \$1,538
3,463 and over	\$1,212 plus 45 cents for each \$1 of earnings over \$3,462

Generally, foreign resident payees cannot claim tax offsets. In limited circumstances, they may be entitled to claim a zone or overseas forces offset. If your foreign resident payee has claimed a tax offset on the *Tax file number declaration*, you don't need to make any adjustments to the amount you withhold.

## WITHHOLDING DECLARATIONS

A payee may use a *Withholding declaration* (NAT 3093) to advise you of a tax offset they choose to claim through reduced withholding from you. For more information, see below.

Payees can also use a *Withholding declaration* to advise you of any changes to their situation that may affect the amount you need to withhold from their payments.

Changes that may affect the amount you need to withhold include:

- becoming or ceasing to be an Australian resident for tax purposes
- claiming or discontinuing a claim for the tax-free threshold
- advising of a HELP or FS debt, or changes to them
- entitlement to a seniors and pensioners tax offset
- upward variation to increase the rate or amount to be withheld.

When your payee provides you with a *Withholding declaration* it will take effect from the next payment you make. If you receive an updated declaration from a payee, it will override the previous one.

**!** A valid *Tax file number declaration* must be in place before a payee can provide you with a *Withholding declaration*.

## CLAIMING TAX OFFSETS

If your payee chooses to claim their entitlement to a tax offset through reduced withholding, they must provide you with a *Withholding declaration*.

If your payee claims a tax offset, reduce the amount to be withheld from their earnings by the daily value of the tax offset. The daily value is 0.38% of the amount claimed, rounded to the nearest dollar.

**!** Do not allow for any tax offsets if any of the following apply:

- you are using foreign resident rates
- when your payee has not provided you with their TFN.

## HOW TO WORK OUT THE WITHHOLDING AMOUNT

To work out the amount you need to withhold, you must:

- 1 Ignore any cents, find the payee's earnings in column 1 of the table on page 3 and find the corresponding amount to be withheld from column 2.
- 2 If the payee has claimed any tax offsets, determine the daily value of the tax offsets (see 'Claiming tax offsets' on this page). Subtract the daily value of the tax offsets from the amount to be withheld found in step 1.

### EXAMPLE

A payee earns \$193.62 and claims tax offsets of \$500. Ignore cents, find \$193 in column 1 of the table and find the corresponding amount to be withheld in column 2 of \$33.00. Reduce this amount by the daily value of the tax offsets of \$2.00 ( $\$500 \times 0.0038$  rounded to the nearest dollar).

The final withholding amount is \$31.00 ( $\$33.00 - \$2.00$ ).

## ACCOUNTING SOFTWARE

Software written in accordance with the formulas in this table should be tested for accuracy against the withholding amounts provided on the following pages. You should only use such software if it produces the exact amounts shown in the table.

## PAYG WITHHOLDING PUBLICATIONS

You can access all PAYG withholding tax tables and other PAYG withholding publications quickly and easily from our website at [www.ato.gov.au/paygw](http://www.ato.gov.au/paygw)

Copies of weekly and fortnightly tax tables are available from most newsagents. Newsagents also hold copies of the following:

- *Tax file number declaration* (NAT 3092)
- *Withholding declaration* (NAT 3093).

**DAILY RATES TAX TABLE**
