

# Tax table for individuals employed in the horticultural or shearing industry

## For payments made on or after 1 July 2017

This document is a withholding schedule made by the Commissioner of Taxation in accordance with sections 15-25 and 15-30 of Schedule 1 to the *Taxation Administration Act 1953* (TAA). It applies to withholding payments covered by sections 12-35 of Schedule 1 to the TAA.

## Using this table

You should use this table if you make payments to individuals in the horticultural industry who:

- work in any process associated with the production, cultivation or harvest of a horticultural crop
- perform the process on the grower's property
- do not work for the same grower for a continuous period exceeding six months
- have given you a valid *Tax file number declaration* (NAT 3092) and have claimed the tax-free threshold.

Also use this table if you make payments to individuals in the shearing industry such as shearers, crutchers, wool classers, cooks, shed hands and pressers who:

- have given you a valid *Tax file number declaration* and have claimed the tax-free threshold
- do not work for the same employer for a continuous period exceeding six months.

For all other circumstances use the relevant PAYG withholding weekly or fortnightly tax table.

If you employ individuals under the Seasonal labour mobility program this tax table does not apply. For these individuals you are required to withhold at 15%.

For more information about the program, refer to *Seasonal Worker Program* available on our website at [ato.gov.au](http://ato.gov.au)

If you employ individuals under a working holiday makers visa you must use the *Tax table for working holiday makers*.

## Working out the withholding amount

- 1 In column 1, find your employees total earnings (ignoring cents).
- 2 Use the appropriate column to find the correct amount to withhold
  - **column 2** if the resident employee has given you a TFN
  - **column 3** if the resident employee has not given you a TFN
  - **column 4** if the foreign resident employee has given you a TFN
  - **column 5** if the foreign resident employee has not given you a TFN.

### Example

An employee has earnings of \$231.50.

To work out the correct amount to withhold, ignore any cents, use column 1 and find \$231.

If the employee is:

- a resident employee and has given you a TFN use column 2 to find the correct amount to withhold (\$30)
- a resident employee and has not given you a TFN use column 3 to find the correct amount to withhold (\$108)
- a foreign employee and has given you a TFN use column 4 to find the correct amount to withhold (\$75)
- a foreign employee and has not given you a TFN use column 5 to find the correct amount to withhold (\$103).

## Resident employees

The standard rate of withholding of 13% applies where an employee has given you a valid TFN and you withhold amounts using the figures shown in column 2 of this table.

If the employee has not given you a valid TFN, you must withhold amounts using the figures shown in column 3 of this table.

## When your employee is a foreign resident

If your employee has answered **no** to the question 'Are you an Australian resident for tax purposes?' on their *Tax file number declaration*, you will need to use the foreign resident tax rates.

There are two ways you can withhold from a foreign resident's earnings:

- If they have given you a valid TFN, you withhold amounts using the figures shown in column 4 of this table.
- If they have not given you a valid TFN, you must withhold amounts using the figures shown in column 5 of this table.

Foreign residents cannot claim tax offsets to reduce withholding. If your foreign resident employee has claimed a tax offset on the *Withholding declaration*, don't make any adjustments to the amount you withhold.

## Pay period

The rates in this tax table apply irrespective of the pay period.

## Using a formula

The withholding amounts shown in this table can be expressed in mathematical form.

If you have developed your own payroll software package, you can use the formulas and coefficients outlined below.

The formulas comprise linear equations of the form  $y = ax$ , where:

- **y** is the amount to be withheld expressed in dollars
- **x** is earnings for the pay period, ignoring any cents
- **a** is the value of the coefficient as shown in table A below.

**TABLE A: Resident or foreign resident rate**

	Resident – a	Foreign resident – a
Tax file number	0.13	0.325
No tax file number	0.47	0.45

## Rounding of withholding amounts

The withholding amounts calculated as a result of applying the above formulas should be rounded to the nearest dollar. Results ending in 50 cents are rounded to the next higher dollar. Do this rounding directly – that is, do not make a preliminary rounding to the nearest cent.

## Accounting software

Software written in accordance with the formulas in this tax table should be tested for accuracy. The results obtained when using the coefficients in this table may differ slightly from the amounts shown in the PAYG tax tables. The differences result from the rounding of components.

## Tax file number declarations

The answers your employees provide on their *Tax file number declaration* (NAT 3092) determine the amount you need to withhold from their payments. A *Tax file number declaration* applies to any payments made after you receive the declaration. If you receive an updated declaration from an employee, it will override the previous one.

If an employee does not give you a valid *Tax file number declaration* within **14 days** of starting an employer/employee relationship, you must complete a *Tax file number declaration* with all available details of the employee and send it to us.

### When a TFN has not been provided

You must withhold 47% from any payment you make to a resident employee and 45% from a foreign resident employee (ignoring any cents), if all of the following apply:

- they have not quoted their TFN
- they have not claimed an exemption from quoting their TFN
- they have not advised you that they have applied for a TFN or have made an enquiry with us.

If an employee states at question 1 of the *Tax file number declaration* they have lodged a *Tax file number – application or enquiry for individuals* (NAT 1432) with us, they have **28 days** to provide you with their TFN.

If the employee has not given you their TFN within **28 days**, you must withhold 47% from any payment you make to a resident employee and 45% from a foreign resident employee (ignoring any cents) unless we tell you not to.

Do not allow for any tax offsets or Medicare levy adjustment. Do not withhold any amount for:

- Higher Education Loan Program (HELP) debts
- Student Start-up Loan (SSL) debts (includes ABSTUDY SSL debts)
- Trade Support Loan (TSL) debts
- Financial Supplement debts.

## Varying your PAYG withholding

If your employee believes that for their circumstances the amount you withhold will be too much, they may apply to us for a variation to reduce the amount of withholding.

For more information, refer to *Varying your PAYG withholding* available on our website at [ato.gov.au](https://ato.gov.au)
