Request for a determination of the deductible amount of UPP of a foreign pension or annuity

Complete this form if you have received a foreign pension or annuity and want to know the amount you can claim as a deductible amount in relation to the undeducted purchase price (UPP). The response we provide to you will be as a private ruling.

You are able to claim 8% of your annual pension income (expressed in Australian dollars) as your deductible amount if you:
- receive a category A or B United Kingdom State (UK State) pension (previously known as British National Insurance Scheme pension), and
- it is paid from The Pension Service.

This method generally results in the maximum deduction you are entitled to. If you think your deductible amount will be greater than the amount calculated using the above percentage, you will need to complete this form.

You are able to claim 25% of your annual pension income (expressed in Australian dollars) as your deductible amount if:
- you receive an old age, widow’s, widower’s or orphan’s pension, and
- the pension is from the Sociale Verzekerings Bank (SVB) under the Netherlands social insurance (NSI) system.

If you have paid more than the compulsory contributions into your fund and believe that your deductible amount will be greater than the amount calculated using the above percentage, you will need to complete this form.
